[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Coleridge Housing Authority administers 24 Public Housing units for the elderly, handicapped, and disabled. Based on housing needs assessment and the initiative to develop assisted living in the Village, the housing authority is currently not preparing to develop additional units,

Established in 1963, the agency is overseen by five-member Board that is appointed by the Mayor and the Village of Coleridge.

During the past 33 years, Coleridge Housing Authority has invested in not only providing affordable quality shelter to our residents, but also in ensuring that their living environment is comfortable and satisfactory. Among the supportive services that are available to our residents are meals-on-wheels, health checkups, entertainment, and wellness activities.

About two thirds of our units are occupied by persons over 80 years of age. When vacancies exist for any extended period of time, we admit other persons who are eligible for assistance. Rents are based on 30% of income after deducting for medical expenses that exceed 3% of the gross family income. Currently, our minimum rent is \$40.

Over the past years, Coleridge Housing Authority has invested in upgrading our units. As acknowledged by the residents, the units are in good shape and are pleasant to live in. We plan to continue investing in the property depending as needed and feasible financially. As our plan clearly shows, we plan to remain tuned to the needs of our residents and the community at large, while ensuring compliance with HUD requirements.

### **Disclaimer**

In accordance with QHWRA and the principles of the agency plan, the housing authority will submit to HUD details of cases in which its discretionary policies, decisions, and practices have resulted or are expected to result in a 'substantial deviation' from, or require significant amendments/modifications of, the Annual and/or Five Year Plans. 'Substantial deviation or significant amendments and modifications' refer to changes in the agency's core purpose (mission and goals) and key operating principles (including, but not limited to,

strategies and policies) that were articulated in the most recent Annual and Five Year Plans.

## **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)]

### **GENERAL COMMENTS**

Based on HUD requirement, the housing needs assessment addresses the rental market only. As a result, the information presented below draws a partial picture of the Coleridge housing market and housing needs. In particular, the needs assessment does not reflect the housing needs of some elderly homeowners. These families and individuals live on a very limited budget, which makes it almost impossible to perform major maintenance work, thereby setting the scene for potentially under-maintained houses. Additionally, it is evident that some elderly homeowners would be better off in an independent living setting rather than living in their own homes where they are more likely to be lonely and vulnerable. As mentioned, however, these families and individuals are currently homeowners thus not being discussed in the context of this analysis. Even if discussion addressed elderly homeowners, their true needs might not surface through 'cost burden' filter since many have paid off their mortgage and enjoy homestead exemption.

Currently, there is an initiative to develop assisted living facility in Coleridge. The needs assessment does not reflect this initiative due to lack of information. However, should the assisted living develop, some of the needs identified in this agency plan will be addressed.

### **METHODOLOGICAL REMARKS**

A number of constraints affected the results of the housing needs assessment:

- Geographic Unit of Reference: HUD generated and manipulated databases (CHAS, 2020 software) relevant to the housing needs assessment are mostly available at the county level (and, in some cases, census tracts). Other sources of data (Census Bureau updates, U.S. Dep. of Commerce, Nebraska Consolidated Plan) also tend to treat the County as the smallest unit of reference. Therefore, Coleridge specific needs were determined based on the relative size of its population in the census tract 310279772 (in Cedar County), Census-based income distribution among age groups, and adjusted according to current information available locally.
- Market Area: Based on HUD requirement, the focus of this study is the housing authority jurisdiction. However, from a planning perspective, a more effective analysis should have covered a larger market that captures the farms surrounding Creighton, thereby the Census tract. A needs assessment for the census tract is available for inspection at the main office of the housing authority.
- Current Information: The most comprehensive data available for the housing needs assessment is based on 1990 Census. Some estimations are conducted annually by the Census Bureau, the U.S. Department of Commerce, and other government agencies. However, these estimations are insufficient to determine current local income distribution, immigration, and age structure.

- **Nebraska Reference:** The existing Nebraska State Consolidated Plan, which provides the framework of reference for this needs assessment, is applicable to the years 1990-2000. The State of Nebraska is currently in the process of creating a new consolidated plan, which should be available in the summer of 2000.
  - υ Given the above constraints, the needs assessment presented in this agency plan is based on 1990 data. Implicitly, it is assumed that the 1990-1999 changes have not drastically changed the conditions in Coleridge.
  - υ Nevertheless, the needs assessment for Coleridge should be reviewed with caution. The assisted living facility initiative might change drastically the housing market. For example, this may free up some housing units into the market which may or may not be available to low-moderate income person.
- **Target Population:** In assessing the housing needs, we have accounted for income, housing tenure, cost burden, and known (CHAS) problems with housing structure. As mentioned, the needs assessment does not account for needs of [some] elderly for more age appropriate housing in cases where needs do not surface through the above criteria (renters cost overburden and known problems).

**A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

COMMENTS TO WAITING LIST TABLE:

- Data concerning waiting list is valid to: 07-14-1999.
- The waiting list is small and rather stable. All persons currently on the list have been offered an apartment at least x2 times since their names were added to the waiting list.
- Rejection of offers to move into the PHA units seems to be related to three considerations:
  1. Preference of the regular 1 BR rather than the modified 1 BR apartments, which was vacant for some time.
  2. Generally good health and ability to stay in one's home. By implication, waiting list serves as an 'insurance' in a small town.
- Persons who refuse to accept a unit are being moved to the end of the waiting list.

**C. Strategy for Addressing Needs**

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

**(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**(2) Reasons for Selecting Strategies**

Of the factors listed below, select all that influenced the PHA’s selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints
- Limited availability of sites for assisted housing
- Extent to which particular housing needs are met by other organizations in the community
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups

Other: (list below)

After a thorough examination of our existing and potential market, as well as the characteristics of our residents and the Agency's track record, Coleridge Housing Authority determined that the above strategies are most appropriate for meeting our mission and goals. These strategies reflect the results of working through our long term plan in consultation with our residents, Board, community representatives, and other housing authorities serving small communities in Rural Nebraska.

1999 CIAP	\$32,501	Public Housing Capital Improvement & Operation
<b>3. Public Housing Dwelling Rental Income</b>		
Rental Income	\$52,210	Public Housing Operation
Excess Utilities	\$790	
<b>4. Other income (list below)</b>		
Interest	\$2,750	Public Housing

<b>4. Non-federal sources (list below)</b>	N/A	
<b>Total resources</b>	<b>\$127,721</b>	

Sources of income consist of items:

1. Rental income from tenants. Budget assumes collection of 100% rent based on past experience. This is a similar percentage compared to previous year. We projected no increase/decrease in this line item as it varies because of medical expenses deductions (which are gradually increasing). As our tenants age, we may see differences in the future.
2. A number of HUD grants –
  - Operating Fund is based on the figure of 1999 subsidy that we received.
  - Public Housing Capital Improvement Funds (CIAP) are based on the 1999 funds which we expect to receive. Unfortunately, we have not yet received a notice of the exact amount. We will update our budget once the notice of exact funds has been received.
  - Currently, we do not anticipate receiving other grant dollars.
3. Investment Income – generated as interest received on our reserves (which we are required to have and are necessary to secure business viability).
4. Other – Receipts from coin operated washers and dryers, pop machine and miscellaneous tenant repairs and supplies, as well as rental receipts from community room from persons other than the residents.

Uses of funds consist of the following items:

1. Administrative expenses. Including -- executive director salary, contract work of professionals such as auditors, office, and professional education and training.
2. Tenant services -- miscellaneous expenses involved for entertaining residents.
3. Utilities – All utilities expenses related to our property.
4. Maintenance – maintenance staff salary, supplies, and contract work.
5. General administration includes insurance, and employee benefit contribution.
6. PILOT Taxes – Payment In Lieu Of Taxes based on total rental income less utilities costs.
