# **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)].

## **BACKGROUND - GENERAL CONDITIONS**

**Population:** Basset is located in Rock County. Its 1990 and 1998 population consisted of about 40% of County population. Both the County and Basset are estimated (Census Bureau) to have lost population from 1990 to 1998 (14% and 17% respectively). Although accurate information is not available, the overall trend in Rural Nebraska suggests that the greatest loss of population is in the young and middle age population (20-40 years old).

The population is aging. About 27% of 1990 population was 65 years and older (compared to an average 14% in Nebraska). These elderly consisted slightly over 50% of the County elderly population. A large percentage of elderly in the town probably represents movement of farmers who can no longer work in the farm.

### **BASSET: 1990-1998 POPULATION TREND**

	1990	1998	1990-1998 Change	1990 % Town of County
<u>Antelope County</u>

Elderly	198			52.5%
<i>% Elderly of total Population</i>	26.8%			
Total Households	357			44.6%

Source: Census Bureau

**Housing Stock:** The housing stock is rather old. The structure of 33.3% of the 1990 housing units were 60 years and older; additional 33% are now 40-60 years old.

The majority (70%) of housing units is owner occupied with about 24% renters, which is a high relative size compared to many other rural areas. Consistent with the demographic structure (above), 30% of homeowners are elderly. However, the relative number of elderly renters is lower than their relative size of the total population. This is expected given that home buying in the past was more feasible compared to today. At the same time, it might indicate that Basset is not attracting a great deal of farmers from its rural hinterland (these farmers tend to rent a home).

**NEEDS ASSESSMENT**

→ Housing needs are presented on the following page:

**A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

- Other: (list below) Basset Housing Authority verified its needs assessment study with the state Consolidated Plan.

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The current Consolidated Plan is outdated and addresses large regions. Consequently, it is difficult to determine concrete action plans based on this plan. Basset is located in Region 2, which covers the entire northeast Nebraska. Total demand for affordable housing for the planning period 1995-2000 was estimated at 1,041. However, it is impossible to answer critical questions necessary to determine relevance of this plan to Basset's needs

assessment. For example, there is no data concerning the extent to which needs were met during the past 5 years, or the specific demand estimated for Basset.
