ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The Gothenburg Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. Our annual plan is based on the premise that if we accomplish our goals and objectives set forth in the plan, we will be working toward the achievement of our mission.

Our objectives include maintaining a high-performed status in PHAS and SEMAP, expanding our waiting list, improved maintenance systems, and employee training to improve service. The plans, statements, budget summary, policies, etc., set forth in the Annual Plan all lead towards the accomplishment of our goals and objectives while remaining consistent with the local Consolidated Plan.

Here are a few highlights of our annual plan:

- We have improved our screening process for public housing to ensure to the best of our ability that new admissions will be good neighbors. Our screening practices will meet all fair housing requirements.
- We have established a minimum rent of \$0.
- We have established flat rents for our developments.
- In attempt to encourage work and advancement in the workplace, interim recertifications will not be required unless income increases more than 20%. The increase will be reported at the next regular certification.
- We are going to utilize the published FMR's as our payment standard for the Section 8 program.
- We have updated many of our policies and procedures.

In summary, we are on course to improve the condition of affordable housing at the Gothenburg Housing Authority.

2. If yes, the comments are: (if comments were received, the PHA **MUST** select one)
 - Attached at Attachment (File name)
 - Provided below:

Comment: Hillcrest Residents felt that some money should be allocated for improvements to their units, specifically kitchen cabinets.

Response: The Housing Authority will include remodeling of Hillcrest kitchens in its modernization plan.

Comment: Scattered site residents would like to see the Housing Authority continue to offer Homeownership opportunities.

Response: The Housing Authority will continue to consider avenues to fund replacement housing so that it may reinstate it's homeownership program. The GHA does participate and encourage residents to apply for First-time Homeownership Grants through the Gothenburg Housing Development Corporation. This program makes grants up to \$15,000 available for downpayment and closing cost assistance to income qualified (LMI) families. It also allows for homeownership opportunities through new construction, thus not depleting the GHA's stock of affordable rentals.

Comment: The pet policy is not stringent enough. There are very large pets tied up and destroying lawns. Cats should be declawed. Animals should be kept in pens.

Response: The GHA continuously finds residents in violation of the pet policy. We are going to update that policy to be more specific, and will continue to enforce pet ownership rules.

Comment: Scattered site residents would like some landscaping completed on the lawns. There are holes and the ground is unlevel. They would like chain link fences around the back yards to provide children play areas not requiring constant parental supervision.

Response: The GHA will include chain link fences and landscaping in its modernization plans.

Comment: Some residents need to supervise their children more and don't take care of their units. Are there services to help residents with these types of needs, also, housekeeping and transportation?

Response: Currently the GHA does not have funding for a Service Coordinator to locate and provide these services. We will consider possible funding sources and will continue to refer residents to other local agencies that may be able to provide specific assistance.

Comment: (Summarized from letters received from local community leaders.) We feel there is a need in Gothenburg for housing (homeownership opportunities) for families with income over the low-income guidelines. These families cannot qualify for the grant programs, but typically are unable to come up with a sizable down payment. Gothenburg has added over 60 rental units in the last few years for LMI families, and we believe for the time being, the need for affordable housing is being met.

Response: The GHA will look for opportunities to assist the community with this need. We may not be able to directly assist in meeting this need, but we can support efforts through the Gothenburg Housing Development Corporation and other agencies.

Comment: Explain how modernization projects are prioritized.

Response: When determining what needs will be addressed first, the Housing Authority considers those items most critically deficient under housing quality standards (HQS), including items noted in HUD contracted inspections, Housing Authority inspections, energy audits, etc. If all units pass HQS, then consideration is given to items nearing the end of their useful life (i.e. kitchen cabinets that are cracking and becoming irreparable.)

Comment: Does the pet policy allow for bird and squirrel feeders?

Response: After review of the proposed pet policy, it would not allow for such feeders. The Housing Authority will amend the proposed policy to allow such feeders with written permission and a provision that would allow the HA to rescind permission if the feeders become a nuisance.

Comment: Does the Housing Authority have a generator in case of power outage?

Response: The Housing Authority does not have a generator and does not intend to purchase one at this time.

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments

10.4 DECONCENTRATION POLICY

It is GOTHENBURG Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income in order to deconcentrate our elderly or scattered site developments when necessary. We will accomplish this in a uniform and non-discriminating manner.

The GOTHENBURG Housing Authority will affirmatively market our housing to all eligible income groups.

Prior to the beginning of each fiscal year, we will review the income levels of families residing in each of our developments and the income levels of the families on the waiting list. Based on this review, we will determine the level of marketing strategies and deconcentration incentives to implement.

10.5 Deconcentration Incentives

The GOTHENBURG Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.
