#### **UNION CITY HOUSING AUTHORITY AGENCY PLAN --EXECUTIVE SUMMARY--**

The Union City Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

As indicated, the Authority has adopted the following mission of HUD: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

The plans, statements, and policies set forth and/or referenced in this Agency Plan all lead toward the accomplishment of the Authority's goals and objectives as outlined under Section B of the 5 Year Plan. The highlights of the major initiatives of the Authority's Agency Plan are as follows:

1. The Authority seeks to implement an outreach program to attract new landlords to participate in the Section 8 program;
2. The Authority seeks to apply for additional rental vouchers in order to provide assistance to more participants.
3. The Authority seeks to employ effective maintenance and management policies to minimize the number of public housing units off-line.
4. The Authority seeks to renovate/modernize public housing sites.
5. As a designated Campus of Learners (a unique distinction afforded to only 23 PHA's nationally), the Authority seeks to continue and improve upon its program providing residents with education, job training, and employment opportunities relating to computer technology in a college campus-like setting.

### **DECONCENTRATION POLICY**

It is the Union City Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the applicable waiting list(s). Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to be implemented.

### **DECONCENTRATION INCENTIVES**

The Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and non-discriminatory manner.
