HOUSING AUTHORITY OF THE CITY OF RATON

RESOLUTION NO. 340

RESOLUTION ADOPTING A DECONCENTRATION POLICY

JUNE 17, 1999

WHEREAS, The Quality Housing and Work Responsibility Act of 1998 (QHWRA) amended Section 16 of the USHA to establish public housing deconcentration and income mixing; and,

WHEREAS, each Public Housing Authority (PHA) must adopt an admissions plan to place relatively higher income families in lower income developments and lower income families in higher income developments; and

WHEREAS, the PHA may use local data information in the creation of a deconcentration plan, and market their housing to various groups within the community to prevent the concentration of low-income families in public housing; and,

WHEREAS, the PHA must implement this deconcentration policy within 120 days from the February 18, 1999 Notice, by a Board Resolution indicating that any necessary changes have been made in the PHA's admission policy.

NOW, THEREFORE BE IT RESOLVED by the board of Commissioners of the Housing Authority of the City of Raton that the Deconcentration Policy, which is, included in the attached hereto Exhibit "A" (Public Housing Income Targeting) of this Resolution is hereby adopted.

PASSED, APPROVED, AND ADOPTED THIS 17TH DAY OF JUNE, 1999.

CHAIRMAN

ATTEST:

SECRETARY

ADMISSIONS
AND
CONTINUED OCCUPANCY POLICY
(AMENDMENTS)

Deconcentration Policy

Section 513 of the Quality Housing and Work Responsibility Act of 1998 amends Section 16 of the USHA to establish public housing deconcentration requirements.

The QHWRA requires PHA's to submit with their annual public housing agency plan an admissions policy designed to provide for deconcentration of poverty and income mixing, by bringing higher income tenants into lower income public housing projects and bringing lower income tenants into higher income public housing projects.

A PHA may offer incentives for eligible families having higher income to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

Incentives may be made in a manner that allows the eligible family to have sole discretion in determining whether to accept the incentive and ~~PHA may not take any adverse action~~ toward the family for not accepting the incentive and occupancy of a project having lower incomes, provided that the skipping of a family to reach another family to implement the policy shall not be considered an adverse action. The PHA must implement this Admission Policy in a manner that does not interfere with the use of site based waiting list authorized under QHWRA.*

*Though incentives may be offered as part of QHWRA, the PHA does not intend to offer incentives until such time as HUD offers clear guidance on the provision of incentives by the PHA.

Through the February 18, 1999 initial guidance Notice, HUD is requiring PHA's to begin implementing this public housing deconcentration policy. Within 120 days of the Notice (June 18, 1999), the PHA's Board of Commissioners must pass a resolution indicating that any necessary changes have been made in the PHA's admission policy. PHA's must keep this Board Resolution on file for possible HUD review. While PHA's must take any necessary actions now to have an appropriate policy in place, the admissions policy to promote deconcentration of poverty also will be part of the PHA Plan process from its inception.

Site-Based Waiting List

PHA's may institute site-based waiting list. All civil rights and fair housing laws must be complied with.*

*Though PHA's may institute site-based waiting list as part of QHWRA, the PHA does not intend to institute a site-based application system until such time as HUD offers clear guidance on the implementation of site-based waiting lists by the PHA.

Income Targeting

PHA's with public housing must reserve at least 40% of its public housing new admissions each fiscal year for families whose incomes do not exceed 30% of the area medium income.

PHA's with Section 8 must reserve at least 75% of its new Section 8 admissions each fiscal year for families whose incomes do not exceed 30% of the area medium income. PHA's that exceed the Section 8 minimum rule of 75% may apply a portion of the excess to the public housing goal. This provision is called fungibility because to a limited extent, it makes the targeting requirements in public housing and tenant-based assistance interchangeable of fungible. There are three further limitations on a PHA's use of fungibility. Fungibility credits only can be used to drop the annual

requirement for housing very poor families below 40 percent of newly available units in public housing, by the lowest of the following amounts:

- A.) The number of units equivalent to ten (10) percent of the number of newly available vouchers and certificates in that fiscal year.
- B.) The number of units that (i) are in projects located in census tracts having a poverty rate of 30% or more, and (ii) are made available for occupancy by and actually occupied in that year by families other than very poor families.
- C.) The number of units that cause PHA's overall requirement for housing very poor families to drop to 30% of its newly available units.

The income targeting requirements will be applied on a prorata basis to the remainder of the PHA's current fiscal year starting with April 1, 1999 to the end of the current fiscal year, and thereafter by applicable fiscal year.

Federal Preferences

The QHWRA permanently repeals federal preference requirements for Public Housing and Section 8 programs. PHA's need to make adjustments in their admissions policies to assure the preferences used comply with public housing deconcentration and public housing and Section 8 income targeting. Local preferences may be established based on local housing needs and priorities as determined by the PHA, including comments received during the public hearing for the PHA plan, and information from the local consolidated plan. Existing local preferences may remain without further PHA action or may be altered as authorized before QHWRA. A PHA may establish, after Public Notice and an opportunity for Public comment, a written system of preferences for selection that is not inconsistent with the Local or State Consolidated Plan. The preference for admitting elderly, disabled, and displaced persons before other single persons has been eliminated. PHA's must revise their Admissions and Continued Occupancy Policy when writing their five-year plan.

ACCESSIBLE PARKING:

Need more signs or more accessible parking availability.

CAR PORTS:

To protect residents cars from sun and weather.

COMMUNITY CENTER:

To have a place where residents could gather for events, support groups, etc.

COVERS ON WALL HEATERS:

Covers should be taken off and washed at least once a year.

DOORS:

Doors need to have peep-hole, so that we can see who is at the door.

FENCING:

More fencing is needed to keep stray dogs/animals out of our yards and our personal pets put in an environment that protects not only our pet, but our neighbors from a pet that could be a danger. Fencing is a deterrent, as well as makes our homes feel more secure to us.

LAWN CARE:

Spray lawns for weeds and dandelions and some areas have been taken over by weeds. Some lawns are very un-even and have holes that residents could step in.

LOCATION MARKERS:

Numbers on Units should be highly visible at night, as well as during the day. Lighted numbers will assist the Fire Department, Ambulance and Police Calls.

PETS:

Rules for pets, according to the Raton Housing Authority, I feel should apply - not only to the residents, but to the guests of the residents, size and weight being the qualifying factor.

WATERING:

Timers on sprinkling system need to be set up to complete before sunup. Sometimes, clothes hanging on clothes-lines get wet again.

WINDOWS:

Windows need weather stripping. Outside windows and storm windows should be taken out and washed, at least once a year.

COMMENTS FROM CITIZENS IN COMMUNITY

A Day Care Center is needed for pre-school children and for “latch key children”.

Transportation needs to be available to all housing residents.

Tutoring for children.

Planned After school activities.
