ATTACHMENT A

ADMISSIONS POLICY FOR DECONCENTRATION

INTRODUCTION: In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act and subsequent HUD regulations, at least 40 percent of families admitted in any fiscal year to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES: The Housing Authority will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority will review the income and occupancy characteristics of the housing projects and the buildings of each project annually to ensure that a low-income concentration does not occur or, that steps are taken to reduce any concentration of poverty already in existence.

DECONCENTRATION: The Housing Authority will make every effort to deconcentrate families of certain income characteristics within the Authority developments. To achieve this, the Housing Authority will offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in project predominantly occupied by eligible families having higher incomes. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the Housing Authority will not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list.

NM020-001	0	0	23	92.0	25	100	30	5
NM020-002	0	0	61	88.4	69	100	70	1

On 1/7/2000, the Authority had 13 families on its waiting list. Of the total, none had incomes under 30% of the median, 11 (or 85%) had incomes above 30% but below 50% of the median, and 2 (15%) had incomes above 50% but less than 80% of the median income. At **\$29,400**, the Area Median Income is very high when compared to the average income for each development.

	Vista del Cerro NM020-001 (Families-30 Units)	Vista del Sol NM020-002 (Seniors-70 Units)
Average Income	\$8,038	\$7,466

Neither development nor the waiting list have any resident families that earn less than 30% of the Area Median Income (AMI). There are, according to the Housing Needs Assessment, 127 families in Sierra County with housing problems that earn less than 30% of the AMI. Marketing efforts targeted at these families will be necessary to ensure that at least forty (40) percent of all new leases will be to families that earn an amount equal to or less than thirty (30) percent of median income.

A concentration of poverty does exist in each of our developments, but it is a concentration of incomes between 30% and 50% of the AMI, not that of extremely low incomes. Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than the average income in each development in order to avoid concentrations of very low-income families as per the requirements of the QHWRA of 1998. Census data shows that Sierra County has a total of 410 renter households (renters with housing problems) that earn incomes that qualify them for Public Housing assistance. Of those earning below 30% of the AMI (127), 92 are families suffering a 50% cost burden for housing. Obviously, we must target these **families**. Deconcentration will be difficult, if not impossible, to achieve and, at the same time, accomplish our goal (40% below 30% of the AMI) of providing housing for those that need it most. Since our resident base is mostly elderly, deconcentration is not a major problem.

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The PHDEP activities for the FFY 2000 funds will include a cooperative effort to initiate a mapping system to track drug activity and related crime distribution in and around public housing properties. We have received increased support for this mapping/tracking from the Truth or Consequences Police Department and the Juvenile Probation Office. The Youth Corps and Youth Mentoring activities of the PHDEP will serve the youth of public housing and their families by providing a positive alternatives and drug prevention/awareness. During this grant term, we will establish a Juvenile Advisory Group to meet monthly and discuss relevant issues within the community. In addition, at least 50% of the youth participating in the Youth Corps will participate in the Youth mentoring and/or college preparatory activities. TCHA will conduct a semi-annual and annual evaluation of the program. Evaluation consists of baseline data collection, resident survey and collection of monthly progress reports.
