## EXHIBIT "A " TO RESOLUTION NO.055

### ADMISSIONS AND CONTINUED OCCUPANCY POLICY (Amendments)

#### Deconcentration Policy:

Section 513 of the Quality Housing and Work Responsibility Act of 1998 amends Section 16 of the USHA to establish public housing deconcentration requirements. The QHWRA requires PHAs to submit with their annual public housing agency plan an admissions policy designed to provide deconcentration of poverty and income mixing, by bringing higher income tenants into lower income public housing projects and bringing lower income tenants into higher income public housing projects.

A PHA may offer incentives for eligible families having higher income to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide the occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

Incentives may be made in a manner that allows the eligible family to have the sole discretion in determining where to accept the incentive and the PHA may not take any adverse action toward the family for not accepting the incentive and occupancy of a project having lower incomes, provided that skipping of a family to reach another family to implement the policy shall not be considered an adverse action. The PHA must implement this Admission Policy in a manner that does not interfere with the use of site based waiting list authorized under QHWRA.

Though incentives may be offered as part of QHWRA, the PHA does not intend to offer incentives until such time as HUD offers clear guidance on the provision of incentives by the PHA.

Through the February 18, 1999 initial guidance notice, HUD is requiring PHAs to begin implementing this Public Housing Deconcentration Policy. Within 120 days of the notice, (June 18, 1999), the PHA's Board of Commissioners must pass a resolution indicating that any necessary changes have been made in the PHA '5 admission policy. PHAs must keep this Board Resolution on file for possible HUD review. PHAs must take any necessary actions now to have an appropriate policy in place, the admissions policy to promote deconcentration of poverty also will be part of the PHA Plan process from its inception.

#### Site-Based Waiting List

PHAs may institute site-based waiting list. All civil rights and fair housing laws must be complied with.

\*Though PHAs may institute site-based waiting list as part of QHWRA~ the PHA does not intend to institute a site-based application system until such time as HUD offers clear guidance on the implementation of site-based waiting lists by the PHA.

## Income Targeting

PHA's with public housing must reserve at least 40% of its public housing new admissions each fiscal year for families whose incomes do not exceed 30% of the area medium income. PHA's that exceed the Section 8 minimum rule of 75% may apply a portion of the excess to the public housing goal. This provision is called fundability because to a limited extent, it makes the targeting requirements in public housing and tenant-based assistance interchangeable or fungible. There are three further limitations on a PHA's use of fundability. Fundability credits only can be used to drop the annual requirement for housing very poor families below 40% of newly available units in public housing, by the lowest of the following amounts.

(A) The number of units equivalent to ten percent (10%) of the number of newly available vouchers and certificates in the fiscal year.

(B) The number of units that (1) are in projects located in census tracts having a poverty rate of 30% or more, and (2) are made available for occupancy by and actually occupied in that year by families other than very poor families.

(C) The number of units that cause PHA's overall requirement for housing very poor families to drop to 30% of its newly available units.

The income targeting requirements will be applied on a prorate basis to the remainder of the PHA's current fiscal year starting with April 01, 1999, to the end of the current fiscal year, and thereafter by applicable fiscal year.

## Federal Preferences

The QHWRA permanently repeals federal preference requirements for public housing and Section 8 programs. PHAs need to make adjustments in their admissions policies to assure the preferences used comply with Public Housing Deconcentration, Public Housing, and Section 8 income targeting. Local preferences may be established based on local housing needs and priorities as determined by the PHA, including comments received during the public hearing for the PHA plan, and information from the local consolidated plan. Existing local preferences may remain without further PHA action or may be altered as authorized before QHWRA. A PHA may establish, after public notice, opportunity for public comment, a written system of preference for selection that is not inconsistent with the Local or State Consolidated Plan. The preference for admitting elderly, disabled, and displaced persons before other single persons has been eliminated. PHAs must revise their Admissions and Continued Occupancy Policy when writing their five-year plan.
