ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Rome Housing Authority has proposed its Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. In addition we have reviewed completely all Authority policies and have revised and/or implemented new policies as needed. The policies, plans, statements and budget summaries that are set forth in the Annual Plan should lead to the accomplishment of our goals and objectives. Here are just a few highlights of our Annual Plan:

- 1. We have adopted a screening and ranking process in assisted housing programs to ensure compliance with meeting targeted admission goals of 75% (Section 8) and 40% (public housing) of extremely low income families not exceeding 30% of median family income.*
- 2. We have established a deconcentration policy in our public housing developments to attempt to maintain a proportionate mix of economic levels among the three projects.*
- 3. We have established flat and ceiling rents for our public housing projects.*
- 4. We have established a minimum rent of \$0.*

5. *In an attempt to encourage resident employment, we are not requiring interim re-certifications if a resident or Section 8 participant has an increase in income. The increase will be reported at the next regular annual re-certification.*
6. *We are committing our capital funds over the next 5 years to improving the marketability of our public housing units by converting 32 efficiency to 16 one bedroom apartments and initiating interim rehab program.*
7. *We are committed to maintaining the highest standards of professional managerial conduct by achieving high performance status in both the PHAS and SEMAP evaluations over the 5-year period.*
8. *We will continue to maintain an extremely strong financial condition that will permit us to continue to offer residents a consistently high level of uninterrupted services regardless of uncertain operating and capital subsidies.*

In summary, the Rome Housing Authority is poised to maintain and continue to improve upon its mission to provide safe, decent and affordable housing to eligible people in a professional, efficient and ethical manner.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Currently the availability of public or project-based assisted housing in the City of Rome, relative to the demand, is greater than at any time in memory. The average waiting list time is 0 to 3 months. Many projects, including ours, have resorted to continuous advertising as outreach to potential applicants. We will continue aggressive marketing efforts in Rome and surrounding rural areas that have no assisted housing programs. In the Section 8 waiting list, the average waiting list duration for targeted priority applicants (<=30% AMI) is presently less than 6 months. This is the lowest duration since the program's inception.

Attached at Attachment (File name)

Provided below:

The Resident Advisory Board of the Authority met on three occasions to consider the first draft of the 5-Year Comprehensive Agency Plan. During these meetings, the following comments were received, considered and responses were made.

1. **Comment:** *One resident suggested that the Capital Improvement Plan be changed to provide for the conversion of efficiency units to some 2-bedroom units.*
Response: *Our waiting list has historically indicated the greatest demand by far exists for 1-bedroom units. However, if in future years a need for additional 2-bedroom units surfaces, we can revise our plan to accommodate it.*
2. **Comment:** *One resident inquired about a relocation policy for residents of efficiency apartments displaced by the conversion process.*
Response: *As the conversion will be undertaken over 4 years, an orderly relocation will be performed. Efficiency residents will be moved to one-bedroom units and the Authority will bear all costs of the move. Every effort will be made to minimize inconvenience to our residents.*
3. **Comment:** *One resident stated that the planned conversion and interior modernization would be greatly appreciated by the residents.*
Response: *We agree that the planned Capital Improvements should greatly enhance the level of comfort for existing residents and improve the marketability of our units.*
4. **Comment:** *One resident applauded the concept of ceiling and flat rents.*
Response: *We agree that the imposition of ceiling and flat rents makes for more equitable pricing, improved staff efficiency and provides another marketing tool.*
5. **Comment:** *A Section 8 participant commented that the new requirement targeting 75% of turnover vouchers to the “extremely poor” would limit assistance opportunities for the “working poor.”*
Response: *We agree that the 75% target appears stringent particularly in comparison to the 40% requirement in public housing. The income limits at 30% of area median income will effectively limit Section 8 assistance for wage earning households to the untargeted 25%.*
6. **Comment:** *One resident stated that the deconcentration policy could adversely affect some applicants with poor credit history with the*

utility company who want to reside in the one project where all utilities are included in the rent.

Response: *If an applicant in this situation makes us aware of the problem, we can accommodate a request for specific project assignment.*

7. **Comment:** *One resident inquired about the need to expand criminal records screening beyond Oneida County.*

Response: *At the present time we see no need to expand the screen by accessing New York State or FBI records. However, if our applicant pool changes. We will expand accordingly.*

8. **Comment:** *One resident inquired about the possibility of a more stringent pet policy affecting current residents with pets.*

Response: *As our federally subsidized public housing is for the elderly, disabled and handicapped, we have had a pet policy in place for several years, and it has worked fine. There is no intention of revision to make the policy more stringent.*

9. **Comment:** *One resident thought that dispensing with interim income re-examinations would lead to greater incidence of fraud and program abuse.*

Response: *We think this policy change will have positive effects such as less income evasion, encourage employment and improved utilization of staff time.*

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments
List changes below:

**A.
De-concentration Policy**

It is ROME HOUSING AUTHORITY's policy to provide for de-concentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and de-concentration incentives to implement. The worksheet for the analysis can be found in **Appendix 1** .

We will identify those families whose incomes are below 30% of the area median in each project. If any project is determined to have more than 15% of such families than the mean for all projects, we will attempt to redress this disparity by filling vacancies by skipping waiting list applicants to reach families with a lower or higher income, as determined appropriate.

B.

Joseph A. Griffo, Mayor

October 22, 1999

Mr. Peter Patala
Rome Housing Authority
205 St. Peter's Avenue
Rome, New York 13440

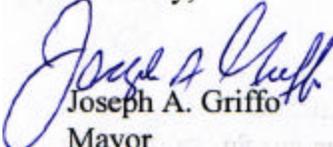

Dear Mr. Patala:

The City of Rome Planning Department and my office have reviewed the Rome Housing Authorities goals as set forth in its FY2000 Annual Plan as well as its 2000-2004 5-Year Plans. We feel that these goals are consistent with its mission to supply decent housing to the low and moderate income families in our community. Additionally, these goals are compatible with the City's goals and objectives indicated in our 1995 Consolidated Plan and in our soon to be submitted 2000 Consolidated Plan.

The Rome Housing Authority has continually echoed the City's goals in terms of low income housing. For example, the RHA has been consistent with the City's goal to stabilize rental rates by establishing flat and ceiling rents for its housing projects. Additionally, the RHA's plan to re-certify income annually encourages residents to seek higher earnings. This is not only important for economic stabilization for the family, but also for the entire community. Finally, the RHA has a commitment to maintaining the structural integrity and marketability of their housing units. The five-year capital program for the authority includes many improvements to make these units more desirable while continuing to maintain their value. The City applauds these efforts and includes them as a major step in its goals to foster the provision of affordable, safe housing in the City of Rome.

We as a City are fortunate to have an organization that performs as well as the Rome Housing Authority does each and every year. They are a very important part of our community.

Sincerely,

Joseph A. Griffo
Mayor
