Other PHA Goals and Objectives: (list below)

The goals and objectives adopted by the Rochester Housing Authority for the period from October 1, 2000 through September 30, 2005 are:

GOAL ONE: Manage the Rochester Housing Authority's existing public housing program in an efficient and effective manner thereby qualifying as at least a 'successful performer'.

OBJECTIVES:

1. HUD shall recognize the Rochester Housing Authority as a high performer by September 30, 2003.
2. The Rochester Housing Authority shall make our public housing units more marketable to the community as evidenced by an increase in our waiting list for senior units that requires a six-month wait for housing by September 30, 2002.
3. The Rochester Housing Authority shall promote a motivating work environment with a capable and efficient team of employees to operate as a customer-friendly and fiscally prudent leader in the affordable housing industry.
4. It shall be the intent of the Rochester Housing Authority to reduce its unit turnaround time from its current 102 days to 30 days by September 30, 2004.

5. It shall be the intent of the Rochester Housing Authority to reduce its current vacancy rate of approximately 6% to 4% by September 30, 2004.
6. For those cases where public housing residents do not choose an applicable flat rent as the method of determining their monthly/annual rent payment to the Authority for their particular unit, certain income disregards, where and when deemed appropriate, shall be offered as part of the tenant's income and rental calculations.

GOAL TWO: Provide a safe and secure environment in the Rochester Housing Authority's public housing developments.

OBJECTIVES:

1. The Rochester Housing Authority shall reduce crime in its developments so that the crime rate is less than their surrounding neighborhood by September 30, 2004.
2. The Rochester Housing Authority shall continue to work closely with our contractual safety and security company, and their close working relationship with the Rochester Police Department, in order to better define the "edge problem" of crime that occurs near our developments and develop strategies for identifying and reducing this problem.
3. The Rochester Housing Authority shall reduce its evictions due to violations of criminal laws by 20% by September 30, 2004 through aggressive screening procedures.

GOAL THREE: Expand the range and quality of housing choices available to participants in the Rochester Housing Authority's tenant-based assistance program.

OBJECTIVES:

1. The Rochester Housing Authority shall establish a program to help people use its tenant-based program to become homeowners by September 30, 2001.
2. The Rochester Housing Authority shall achieve and sustain a utilization rate of 98% by September 30, 2001 in its tenant-based program.
3. The Rochester Housing Authority shall attract 20 new landlords who want to participate in the program by September 30, 2002.
4. The Rochester Housing Authority shall continue to address the various Rochester Housing Authority related strategies identified in the Community Choice Action Plan dated August 1999. It is important to clarify that the vast majority of the enumerated strategies contained in the Action Plan are 'on-going' activities and not necessarily ones that have a definitive start and end timeframe. In addition,

many of the strategies are related to the Regional Opportunity Counseling Initiative (a.k.a. the ROC Program) and are being addressed over the life of that five-year HUD funded program, now in its third year. The Housing Council of Monroe County, under contract with the Authority, serves as the agency to implement the ROC Program. A further explanation of these referenced RHA strategies that are part of the 'Community Choice Action Plan' can be found at the end of the 'Housing Needs' section of the Agency Plan.

5. Once the existing HUD and/or Congressional impediments have been resolved allowing PHAs to statutorily project-base a certain number of its Section 8 vouchers, the Rochester Housing Authority shall annually determine the number of units to project base and develop and issue an appropriate Request For Proposals (RFP) for proposals accordingly.

GOAL FOUR: The Rochester Housing Authority will utilize the deconcentration policy guidelines and the flat rent option in order to achieve a better income mix for public housing residents.

OBJECTIVES:

1. Income levels at Capsule Dwellings and Federal Street Townhouses have been identified through income analysis as being more than 10% lower than the average Rochester Housing Authority individual family income. The Rochester Housing Authority will utilize new regulations concerning selection from the waiting list to make reasonable efforts to attract higher income families to those sites.
2. The Rochester Housing Authority will utilize the flat rent option as a marketing tool in order to attract and retain higher income residents.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Rochester Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

We have adopted the following mission statement to guide the activities of the Rochester Housing Authority:

Rochester Housing Authority is an essential housing resource for the Greater Rochester Area providing quality housing opportunities and related services for those in need.

In the Five-Year Plan section of the Agency Plan, RHA has listed the goals and objectives we have developed.

The Rochester Housing Authority's Agency Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission. Additionally, in setting our goals and objectives we have considered the housing needs identified in the Consolidated Plans of the City of Rochester and Monroe County.

Here are just a few highlights of our Agency Plan:

- ◆ RHA has adopted flat rents that will not penalize residents who go to work by increasing their rent to levels that might force them otherwise to move out.
- ◆ RHA has adopted an aggressive screening policy for public housing to ensure to the best of our ability that new admissions will be good neighbors. In the Section 8 rental assistance program, we are screening applicants to the fullest extent allowable while not taking away the ultimate responsibility from the landlord. RHA's screening practices will continue to meet all fair housing requirements.
- ◆ RHA has implemented a deconcentration policy.
- ◆ In an attempt to encourage work and advancement in the workplace, RHA is not requiring interim recertifications of Public Housing residents who have an increase in their income due to obtaining employment or an increase in salary. The increase is reported but will not increase rent until the next annual recertification.
- ◆ RHA has proposed a Section 8 homeownership program. HUD must approve RHA's proposal unless subsequent regulations allow such a program to be approved by an amendment to the Agency's Administrative Plan.

In summary, the Rochester Housing Authority is on course in improving the conditions of affordable housing in both the City of Rochester and Monroe County.

RESIDENT COMMENTS ON AGENCY PLAN

EMPLOYMENT FOR RESIDENTS

Comment: The Agency Plan should do much more to meet Section 3 requirements and to promote job possibilities for RHA residents.

Response: The Housing Authority has initiated a plan to identify existing and recruit additional Section 3 contractors and vendors and promote employment possibilities for residents.

Comment: RHA is requested to give a training course to residents to prepare them for taking Civil Service exams required for hiring at RHA.

Response: RHA currently has training at the Family Investment Center (FIC) to help residents not only with Civil Service exam opportunities with RHA but also with the City of Rochester and Monroe County exam postings.

Comment: RHA is requested to waive or pay the fee for residents who cannot afford to take the civil service exams.

Response: Though our tenant education programs at FIC, the exam fee can be paid by RHA if the resident demonstrates a true inability to pay the fee.

Comment: RHA is requested to inform all residents of job openings at RHA, or at companies that RHA contracts with, and provide notice to residents that the civil service exam fee may be waived for residents under certain conditions.

Response: RHA is under the hiring constraints of Civil Service. Eligible personnel for job openings must come from the appropriate exam list kept by Civil Service for that particular position. It would be impractical to send all residents a notice of job openings that they have no possibility of qualifying for unless they are on the approved Civil Service list. It is important to note, however, that the posting of all Civil Service positions and examinations are continuously posted at both the Monroe County office building on Main Street West and at City Hall on Church Street. As far as companies that RHA contracts with, RHA is developing a Section 3 initiative that should allow RHA greater knowledge about contractor employment opportunities.

Comment: RHA is requested to mail notices of these job openings to all resident households that indicate interest.

Response: Please refer to the response presented in the previous comment.

Comment: RHA is requested to set up definite numerical program goals to increase residents' employment at RHA or through RHA contracts.

Response: The Section 3 initiative described in previous responses, while at this time not setting numerical goals, is designed to increase resident's employment through RHA contracts.

COMMUNITY SERVICE

Comment: It is proposed that community service requirements may be satisfied by presenting documentation that a resident has performed the requisite community service hours at a community agency, or volunteer or religious organization of the resident's own choosing.

Response: RHA intends to accept a broad base of community service for the documentation that a resident has performed the necessary amount of service hours.

HOMEOWNERSHIP

Comment: RHA is urged to formulate and adopt a program to assist RHA public housing residents to qualify for homeownership (for example, instituting a savings program).

Response: RHA currently has a public housing self-sufficiency program that can assist RHA residents in becoming homeowners. Residents are encouraged to contact our FIC for additional information.

FLAT RENTS

Comment: Flat rents are a good idea but the proposed plan needs to explain RHA's flat rent policy more precisely and clearly.

Response: A paragraph has been added to the Rent Determination section of the Agency Plan to further clarify RHA's flat rent policy.

Comment: Generally, the flat rents listed in the present schedule appear to be too high. Several factors, including the geographic location of the unit, should be used to calculate the flat rent.

Response: In developing the flat rents the Housing Authority did take market value, demand, prior rental history, unit condition and location under consideration. During this initial year of flat rents RHA will monitor closely whether or not the rent levels are appropriate. If units at a certain location demonstrate difficulty renting at the level of the flat rents, or the rent is shown to be too low, RHA will adjust the flat rent level appropriately.

GRIEVANCE PROCEDURE

Informal Hearing

Comment: It is requested that the Plan state the resident's right to bring up to two representatives with him or her to the informal discussion.

Response: The Grievance Procedure was updated to include a resident's right to bring up to two representatives to the informal discussion.

Comment: It is requested that the Plan state that the representatives may be from the tenant association or anyone else of the resident's choosing.

Response: The Grievance Procedure was updated to include a statement that the representative(s) may be from the tenant association or anyone else of the resident's choosing.

Comment: The RAB asks that standardized forms for making a hearing request be made available at all RHA offices, so the residents can easily request an informal discussion or, if appropriate, a grievance hearing.

Response: In the past all that has been required is that the resident provide a written request for a hearing. No special form was used or developed. Language was removed from the Grievance Procedure that was confusing and led the reader to believe such a form existed.

Comment: The content of the hearing request forms should be discussed with city-wide residents' representatives before final adoption.

Response: Please refer to the response to the previous comment.

Formal Grievance Hearing

Comment: The selection process for the hearing panel should be set out in detail and describe a democratic process that ensures that it is the residents themselves, without outside influence, who select their representatives to the hearing panel.

Response: RHA is open to discussions with the RAB about the Formal Grievance Hearing process and any proposed changes.

Comment: It is requested that RHA set up a special meeting between RHA and RAB (Resident Advisory Board) and other tenant participants to work out the details of the grievance procedure.

Response: RHA is open to discussions with the RAB about the Formal Grievance Hearing process and any proposed changes.

Comment: The "disinterested member" of the panel should be truly independent. There is concern that RHA would pay that panel member a fee for participation, and that member may consequently be somewhat predisposed to favor RHA's positions.

Response: RHA is open to discussions with the RAB about the Formal Grievance Hearing process and any proposed changes.

Comment: It is specifically requested that an independent resident committee participate in the selection of the disinterested member on the panel.

Response: RHA is open to discussions with the RAB about the Formal Grievance Hearing process and any proposed changes.

RESIDENTS ELECTED TO RHA BOARD

Comment: The RAB wants RHA to commit to resident members of the Board of Commissioners being elected by residents and not appointed by the Housing Authority.

Response: The resident members of the Board of Commissioners have always been elected by the residents and not appointed by RHA. The election of two (2) tenant commissioners has been part of the New York State Public Housing Law since 1976.

ONGOING SUPPORT FOR RAB

Comment: RAB requests ongoing support to promote tenant involvement in the further development of the Agency Plan.

Response: RHA will continue to meet reasonable support needs of the RAB.

Comment: It is requested that RHA set aside separate office space for RAB and provide RAB with reasonable financial resources so that it can perform outreach to tenants.

Response: RHA does have community room space available for the RAB and RHA will continue to meet the reasonable support needs of the RAB.

PUBLIC COMMENTS ON AGENCY PLAN

Comment: Louis Prieto, from Monroe County Legal Assistance Corporation, commented on the process of developing the Agency Plan and stated RHA had done a very good job listening to comments from the public, including the various interest groups. He acknowledged the fairness and openness of the process and complimented RHA for its efforts to facilitate the Resident Advisory Committee meeting by providing transportation to the residents. He stated that RHA deserves much credit for gathering and listening to community comments.

Response: RHA appreciates Mr. Prieto's comments and the assistance and participation of Monroe County Legal Assistance Corporation in the development of the Agency Plan.

Comment: Ruhi Maker, from Public Interest Law Office of Rochester. Ms. Maker also commented that she appreciated the way the RHA had solicited public comment and for meeting with members of the Fair Housing Coalition in the process of developing the Plan. She stated she wanted to insure that RHA is the best housing authority in the country and have the best Agency Plan. She stated that RHA could play a key role in the area of fair housing. As one of the contributors to the Community Choice Action Plan (CCAP), RHA can use its resources to address some of the 83 strategies identified in the CCAP, to insure that families truly have housing choice. She mentioned that lists of available apartments should include those available outside the City. She also cited RHA's bonding authority to create more mixed income housing, similar to Anthony Square, but outside the City. She also mentioned that RHA should establish partnerships with some of the non-profit groups, such as the Greater Rochester Housing Partnership, to promote, in as creative a way as possible, the new Section 8 Homeownership option.

Response: RHA appreciates Ms. Maker's comments and the assistance and participation of Public Interest Law Office of Rochester in the development of the Agency Plan. RHA is committed its role in the strategies identified in the CCAP to insure housing choice. RHA is also developing an updated Section 8 landlord list that will include more properties outside of the City of Rochester. RHA is willing to work with other groups to create housing partnerships to build new housing or rehabilitate existing housing. RHA is also willing to work with other non-profit groups to ensure that the Section 8 Homeownership Program is a success.

Attachment A DECONCENTRATION POLICY

It is RHA's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The RHA will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement. The worksheet for the analysis can be found in **Appendix 1**.

Deconcentration Incentives

The RHA may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

Offer of a Unit

When the RHA discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The RHA will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first

class mail. The family will be given five (5) business days from the date the letter was mailed to contact the RHA regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the RHA will send the family a letter documenting the offer and the rejection.

Rejection of Unit

If in making the offer to the family the RHA skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the RHA did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will continue their current level on the waiting list until another suitable unit becomes available. If the family rejects the second offered unit, the family will continue their current level on the waiting list until another suitable unit becomes available. If the family rejects the third offered unit, their application will be made inactive and removed from the waiting list.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

The information above includes only families and two or more bedroom units. Elderly and disabled families are excepted from deconcentration policies

Appendix 1 is designed to identify Rochester Housing Authority sites that have more than a 10 percent deviation from the overall average family income from all sites. When a project has been identified to be 90% or less of the average income, the Housing Authority can utilize special waiting list procedures designed

to raise the average family income level at the identified project site.

Attachment B COMMUNITY SERVICE REQUIREMENTS

The RHA shall identify all adult family members who are apparently not exempt from the community service requirement.

The RHA shall notify all such family members of the community service requirement and of the categories of individuals who are exempt from the requirement. The notification will provide the opportunity for family members to claim and explain an exempt status. The RHA shall verify such claims.

The notification will advise families that their community service obligation will begin upon the effective date of their first annual reexamination on or after 10/1/99. For family's paying a flat rent, the obligation begins on the date their annual reexamination would have been effective had an annual reexamination taken place. It will also advise them that failure to comply with the community service requirement will result in ineligibility for continued occupancy at the time of any subsequent annual reexamination.

Volunteer Opportunities

Community service includes performing work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, and/or increase the self-responsibility of the resident within the community.

An economic self sufficiency program is one that is designed to encourage, assist, train or facilitate the economic independence of participants and their families or to provide work for participants. These programs may include programs for job training, work placement, basic skills training, education, English proficiency, work fare, financial or household management, apprenticeship, and any program necessary to ready a participant to work (such as substance abuse or mental health treatment).

The RHA will coordinate with social service agencies, local schools, and the Human Resources Office in identifying a list of volunteer community service positions.

Together with the resident advisory councils, the RHA may create volunteer positions such as hall monitoring, litter patrols, and supervising and record keeping for volunteers.

The Process

At the first annual reexamination on or after October 1, 1999, and each annual reexamination thereafter, the RHA will do the following:

- A. Provide a list of volunteer opportunities to the family members.
- B. Provide information about obtaining suitable volunteer positions.
- C. Provide a volunteer time sheet to the family member. Instructions for the time sheet require the individual to complete the form and have a supervisor date and sign for each period of work.
- D. Assign family members to a volunteer coordinator who will assist the family members in identifying appropriate volunteer positions and in meeting their responsibilities. The volunteer coordinator will track the family member's progress monthly and will meet with the family member as needed to best encourage compliance.
- E. Thirty (30) days before the family's next lease anniversary date, the volunteer coordinator will advise the RHA whether each applicable adult family member is in compliance with the community service requirement.

Notification of Non-Compliance with Community Service Requirement

The RHA will notify any family found to be in noncompliance of the following:

- A. The family member(s) has been determined to be in noncompliance;
- B. That the determination is subject to the grievance procedure; and
- C. That, unless the family member(s) enter into an agreement to comply, the lease will not be renewed or will be terminated;

Opportunity for Cure

The RHA will offer the family member(s) the opportunity to enter into an agreement prior to the anniversary of the lease. The agreement shall state that the family member(s) agrees to enter into an economic self-sufficiency program or agrees to contribute to community service for as many hours as needed to comply with the requirement over the past 12-month period. The cure shall occur over the 12-month period beginning

with the date of the agreement and the resident shall at the same time stay current with that year's community service requirement. The first hours a resident earns goes toward the current commitment until the current year's commitment is made.

The volunteer coordinator will assist the family member in identifying volunteer opportunities and will track compliance on a monthly basis.

If any applicable family member does not accept the terms of the agreement, does not fulfill their obligation to participate in an economic self-sufficiency program, or falls behind in their obligation under the agreement to perform community service by more than three (3) hours after three (3) months, the RHA shall take action to terminate the lease.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

RHA’s PHDEP strategy will be the continuance of security services to improve the safety of RHA complexes and deter the sale and consumption of illegal drugs on RHA property. RHA will also continue to provide youth activities that educate inner city about the dangers of drugs and provide positive alternatives to becoming involved in drugs and crime. RHA will serve as the lead agency in the program.

The broad goals and objective for security programs are to improve the safety of RHA’s public housing complexes and maximize the usage of youth activities. RHA will monitor the progress of PHDEP activities through attendance records and permission slips of youth participating in PHDEP funded programs. RHA track security efforts through police statistics for RHA properties and intern security reports.
