C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Each year the Authority experiences a higher turnover rate. Last year 121 apartments were vacated. This year, at the rate we are going, we could possibly turnover 150 apartments, which equates to almost 50% of our units. The Authority has 306 units in its inventory

To deal with the turnover problem we must find out why we have the high turnover. Once this is determined we have to come up with a strategy to reduce the turnover.

As you can see from the lack of information available there is a need for new Information, which will help determine local need. To deal with this we are active Members of the Cattaraugus County Housing Consortium, which has as its mission the Creation of a County Consolidated Plan.
