[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Darke County Metropolitan Housing Authority serves as the Public Housing Authority for the rural Ohio county located in west central Ohio on the Indiana border. There are currently two-hundred ninety-nine rental subsidy units. The Housing Authority has entered into a contract with the Supporting Council of Preventive Effort to manage the program. SCOPE staff consisting of a deputy director, an occupancy specialist, a housing control inspector, and the director, fulfill the responsibilities of day-to-day operations. The authority is broken into several operational components. Units are solicited within the community through the local media and social services organization network. Applications are accepted and screened on a daily basis at our Greenville, Ohio offices, conveniently located in the center of the county. Applicants are immediately placed on a waiting list and are scheduled for interviews based upon date and time of receipt of application. Interviews are also scheduled on a daily basis for those applicants demonstrating initial eligibility. Verifications are requested of potentially eligible applicants with a briefing session scheduled within an appropriate time frame (currently within one month from the date of receipt of eligibility verification). Following the applicant's participation in a two-and-one half hour briefing session, vouchers are issued. Program participants are required to have eligibility reestablished with a face-to-face interview annually.

The director oversees daily program operations, conducts briefing sessions and reports fiscal and program management to the Darke County Metropolitan Housing Authority Board. This body holds ultimate responsibility for compliance with all programmatic policies and procedures. The deputy director supervises operational staff and administers lease housing.

The occupancy specialist conducts daily interviews, obtains verifications and determines eligibility. The HQS inspector performs inspections of all housing units, new leases and annuals.

Applicants are provided housing in conjunction with information and referral to other resources available within the Darke County community. Program participants are both existing Darke County residents or have demonstrated a desire to move to this area. Participants are comprised of elderly and/or disabled, single individuals and families. This agency ensures all housing has met Housing Quality Standards and is safe and affordable.

The Darke County Metropolitan Housing Authority Board meets quarterly and functions to ensure that operations are in compliance with the by-laws and the policies and procedures of the administrative plan. Any concerns expressed by residents are provided directly to Darke County Metropolitan Housing Authority either through telephone contact or correspondence. The agency immediately addresses those concerns and informs the resident of hearing rights with any unsettled dispute.

Darke County Metropolitan Housing Authority intends to continue to ensure the existence and availability of subsidized housing units at the minimum current level. Future planning for programming will be based upon recognized formal as well as empirical assessment of needs. Staff will continue professional development to comply with both funding and community requirements. We will pursue continued programming in accordance with the mission and goals of the Darke County Metropolitan Housing Authority.

Describe the voucher payment standards and policies. The Payment Standard is used to calculate the housing assistance payment for a family. In accordance with HUD regulations, and at the PHA's discretion, the Voucher Payment Standard amount is set by the PHA between 90 and 110 percent of the HUD published FMR. This is considered the basic range. The PHA reviews the appropriateness of the Payment Standard annually when the FMR is published. In determining whether a change is needed, the PHA will ensure that the Payment Standard is always within the range of 90 percent to 110 percent of the new FMR, unless an exception payment standard has been approved by HUD.

The PHA will establish a single voucher payment standard amount for each FMR area in the PHA jurisdiction. For each FMR area, the PHA will establish payment standard amounts for each "unit size". The PHA may have a higher payment standard within the PHA's jurisdiction if needed to expand housing opportunities outside areas of minority or poverty concentration, as long as the payment standard is within the 90-110% of FMR range.
