DECONCENTRATION POLICY

The PHA policies governing eligibility, selection, and admissions required a a part of the Annual Plan must provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

At this time GMHA has two projects for which very low income guidelines are used.. There is so significant different in the income of the tenants in either of these projects.

If the income of one project appears to be changing into one with either more lower or higher income tenants the following policy will be followed:

In order to encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments, GMHA will skip families on the waiting list to reach other families with a lower or higher income, as needed. We will accomplish this in a uniform and non-discriminating manner.

GMHA will affirmatively market our housing to all eligible income groups. Lower income applicants will not be steered toward lower income developments and higher income applicants will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located (if available) and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

GALLIA METROPOLITAN HOUSING AUTHORITY may consider offering one or more incentive to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development. Any incentive will be based on the financial situation of the Authority at that time. Various incentives may be used at different time or under different condition, but will always to provided in a consistent and nondiscriminatory manner.

ADOPTED BY BOARD OF COMMISSIONERS OF GMHA JULY 15, 1999 RES. # 99-05
