5-YEAR PLAN
PHA FISCAL YEARS 2000 - 2004

[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

X The PHA's mission is:

The Sandusky Metropolitan Housing Authority will provide safe, decent, and affordable housing to eligible residents of Sandusky County. We will also serve as stewards of public funds and public trust, and we will serve all clientele with respect in an efficient manner and without discrimination.

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

X PHA Goal: Expand the supply of assisted housing

Objectives:

- Apply for additional rental vouchers:
- Reduce public housing vacancies:
- Leverage private or other public funds to create additional housing opportunities:

X Acquire or build units or developments: Build 4-8 units of affordable housing (also designed to be accessible) on a small piece of property recently purchased by Sandusky MHA. Investigate funding sources to build approximately 40-50 units of affordable housing.

- X Other: Increase the number of families in the Voucher rental assistance program to 100% of funding (312 vouchers) by June 30, 2001. Add approximately 130 vouchers to program with the addition of assistance from two area developments with project-based assistance whose contracts will terminate with HUD in 2000.

- X PHA Goal: Improve the quality of assisted housing
 Objectives:
 - X Improve public housing management: (PHAS score) Increase PHAS score by 10 points by June 30, 2001; and by 10 more points by June 30, 2002; work towards high performer status by June 30, 2003.
 - X Improve voucher management: (SEMAP score) Based on the results of the “dry run” for FYE June 30, 1999, will work to increase score by 10 points each fiscal year till high performer status is reached.
 - X Increase customer satisfaction: Staff will attend periodic training related to customer service and will work to make contacts with applicants and tenants more efficient.

 Improve specific management functions: (1) make financial operations more efficient by hiring full time Assistant Account Clerk and computerizing operations that are still done manually; (2) improving the quality control for unit inspections and tenant files; (3) make contacts from the waiting list more frequently; and (4) pursue unpaid debts more vigorously.

 - Other: (list below)

- PHA Goal: Increase assisted housing choices
 Objectives:
 - X Provide voucher mobility counseling: This procedure is already done by staff.
 - X Conduct outreach efforts to potential voucher landlords: Research names of property owners who do not participate in the Voucher program or who have not participated in recent years, and attempt to add at least six (6) new landlords each year through this method.

- X Increase voucher payment standards: Payment standards were increased in 1999 after not changing for several years. The new amounts will be reviewed annually and will be increased if they are determined to be an obstacle to finding housing.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Sandusky Metropolitan Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and related HUD requirements. The Agency Plan consists of a Five-Year Plan and an Annual plan. The Agency Plan will be effective July 1, 2000.

A Mission Statement, as stated in the Five-Year Plan, has been adopted to help guide the Authority's activities in the coming years.

Goals and objectives for the next five years have also been adopted. To summarize, the agency's goals are to expand the supply of assisted housing; improve the quality of assisted housing; increase assisted housing choices; provide an improved living environment for public housing residents; and ensure equal opportunity in housing for all residents.

Information included in the Plan will assist in accomplishing the goals and objectives. They are consistent with the Consolidated Plan, or CHIS for Sandusky County and the City of Fremont. Some of the following is included in the Plan:

Census data and CHIS information indicate the greatest housing problem in the Sandusky County area is affordability, with approximately 29% of county residents who rent paying more than 30% of their income towards rent and utilities.

The Section Administrative Plan and the Public Housing Admissions and Occupancy Policy are undergoing extensive revisions. Portions that are required to be included in the Agency Plan are completed, and the remaining sections will be completed soon.

The minimum rent of \$25 has been revised to \$0.

For Section 8, preferences apply to homeless families (ranked No. 1); to families who pay more than 30% of income towards rent and utilities; and to families living in public housing who are over- or underhoused and can not transfer to another public housing unit due to the development's bedroom size restrictions.

Public Housing has no preferences.

Flat rents have been established for Public Housing.

Payment standards have been established at 97% of the FFY 2000 Fair Market Rent.

For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Census and CHIS data indicate affordability is the greatest obstacle to renters in Sandusky County, regardless of age, race, or ethnicity. 32% of renters in the county pay greater than 30% of their income towards rent.

Following that, and closely tied to it, is the supply of housing. There is not enough affordable rental housing for lower income families in the county to meet the needs of households with incomes below 80% AMI. 8,603 households earn 80% or less of the area median income. There are 6,197 rental units. Granted, some of these households own their homes, but a majority of these units (60% or 3,700 units) rent for more than the fair market rents, so that many of these units are unaffordable to households at 80% AMI. More affordable units are needed.

The Section 8 waiting list has approximately a one year supply of names on it, and this is after being closed to all applicants but homeless families for the past ten (10) months. While the public housing waiting list has 89 names on it, typically at least 75% of the names on that list are also on the Section 8 list. Staff also finds that families whose names are on both lists are typically more inclined to want Section 8 assistance over public housing. Because of this the public housing waiting list does not accurately reflect the number of families who are truly waiting for public housing to become available. They place their name on that list “just in case” something happens that would prevent them from getting Section 8 assistance in a timely manner.

Neither location nor accessibility appear to be areas of large concern. Hard data for accessibility issues was lacking. The Housing Authority’s experience with the local Board of Mental Retardation would indicate there are not enough homes designed for accessibility; however, specific numbers are not known.

Concerns about unit size and quality fall in the middle. The number of units lacking kitchens and/or plumbing facilities is small (.5% or 119 units), as is the number of families experiencing overcrowding (1.5% or 339 units) The CHIS indicates that rental units were more likely to be overcrowded than owner units, 2.8% to 1.5%.

Sandusky MHA can help resolve the problem of a lack of affordable housing by increasing the number of families participating in the Section 8 Voucher program. Funding is available to help 312 families in Sandusky County, and currently approximately 75% of that funding is being used. The program can afford to add approximately 75 families needing rental assistance.

The Day Woods Apartments (Sandusky MHA’s only Public Housing) is almost always 100% occupied or, if not, it is within one or two units of full occupancy.

The Authority will investigate building 40-50 units of affordable housing in the county within the next five (5) years. The authority will also consider developing a small piece of recently purchased land that could hold 4-8 units.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- X Employ effective maintenance and management policies to minimize the number of public housing units off-line
- X Reduce turnover time for vacated public housing units

- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- X Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- X Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- X Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- X Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- X Other: Current waiting lists appear to have enough applicants to meet targeting requirements

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- X Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- X Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- X Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- X Other: Market the Section 8 program to owners regardless of location (in or out of poverty/minority concentrations)

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA’s selection of the strategies it will pursue:

2. If yes, the comments are: (if comments were received, the PHA **MUST** select one)

- Attached at Attachment (File name)
- X Provided below:

Comment 1: Re: Administrative Plan; Period of time that must elapse (3 yrs.) before family who has been evicted from assisted housing for drug activity can be granted a preference, and period of time that must elapse (5 yrs.) before family who has violated family obligations (and lost assistance) can be determined eligible for assistance again. Commenter felt the time period for the former should be “for life”, but at the least, the time periods should be the same, preferable five years.

Comment 2: Re: Method of submitting application for waiting list. Commenter inquired as to whether an applicant could submit an application by mail rather than bring it to the office in person.

Comment No. 3: Re: Applicant reporting changes to application. The question was, “Must changes (income, family composition, address, etc.) be submitted in writing within ten (10) days?” Commenter was concerned that written verification of changes in income might not be available within ten (10) days of the change.

Comment No. 4: Re: Homeless preference. The requirements state that in order to receive the homeless preference, an applicant must be working with the Liberty Center or other recognized shelter and the Homenet Program. Commenter asked how the authority would work with a homeless person who cannot be housed at a shelter due to lack of space.

Comment No. 5: Re: Exceptions to reasons for removal of name from waiting list. Commenter questioned how strict the authority would be – would they be unreasonably strict in accepting reasons why a family should not be removed from the waiting list?

Comment No. 6: Re: definitions of temporarily absent and permanently absent. Commenter felt that wording in a section of the Administrative Plan pertaining to absences was contradictory.

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments

List changes below:

No. 1: The period of time that must elapse before a family who has been evicted from assisted housing for drug activity can be granted a preference was changed to five (5) years. The other period of time that was questioned (3 yrs.) is a regulation and could not be changed.

No. 2: Staff explained the difficulty that would be encountered if an application was lost in the mail. Staff also review the application for completeness when it is submitted, and they copy two documents that the applicant must supply that show the applicant's current address. By doing these steps in person, it simplifies the process, and any questions or concerns about whether or not the preapplication process has been completed can be answered then and there.

No. 3: The procedure was changed so that the applicant reports changes (verbally) within ten (10) days of the change, but the change did not have to be submitted in writing. At some time when follow-up would take place (semi-annual purge or when contacted for assistance), the information would be confirmed in writing.

No. 4: Staff explained there are other options for homeless persons when the shelter is full. Those options are acceptable to Sandusky MHA for the purpose of verifying a family's homelessness and are also recognized by the Liberty Center and Homenet.

No. 5: Staff pointed out that while only a few exceptions were specifically named in the Administrative Plan, the statement is also made that the Executive Director or Occupancy Specialist could rule on any individual reason on a case-by-case basis.

No. 6: The wording was confusing but not contradictory. It could be reworded as follows:

The PHA must compute all applicable income for the following:

All family members on the lease, including those who are temporarily absent;
and

A spouse or head of household who is not on the lease, if he/she is temporarily absent.
