## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Idabel Housing Authority believes comprehensive planning will allow the authority to examine the needs of the individuals they serve and plan strategies to address those needs. In efforts to do so the authority will consult with all interested and affected parties. Therefore, we propose our Annual and Five year Plan for 2000. The Authority plans on continuing to maintain its housing units in standard condition, provide for the continued identification and development of resident needs and continue with the provision of PHDEP Security and Prevention programming. The Following is a summary for each component:

### **Housing Needs**

This is a statement of the housing needs of the low-income and very-low income families (including elderly families and families with disabilities) living in Idabel, Oklahoma. We have 200 units of low income housing.

When examining the current occupancy and waiting list the majority of our residents are very-low and low income.

### **Financial Resources**

Due to the lack of modernization and operating funds the Idabel Housing Authority has experienced a high vacancy rate for the past several years. In return this has caused our rental income to be substantially low. Six years ago we had an administrative change and have applied for Modernization and PHDEP funds every year. We will continue applying for funds so that, we can continue to improve the Authority.

### **Policies Governing Eligibility, Selection, Admissions**

This section of the plan is a statement of: (a) the Authority's polices governing eligibility, selection, admission, assignment, and occupancy polices for 200 units of low rent public housing. (b) procedures for maintaining waiting

list, including the authority's admissions policy for deconcentration of lower-income families and the authority's waiting list procedures.

## **Rent Determination**

This selection of the Plan is a statement of our policies governing rents charged for public housing units, including flat rent and minimum rents.

## **Operations and Management**

This section of the Plan includes rules and policies governing maintenance and management the authorities units.

## **Grievance Procedures**

This section of the Plan includes a statement of grievance procedures we make available to the residents.

## Safety and Crime Prevention

In this section of our Plan we outline our strategy for safety and crime prevention to ensure the safety of our residents.

We contract with security officers and address physical improvements which deter criminal activity.

In addition, Congress requires submittal of the Public Housing Drug Elimination Program in this section. Included is the anticipated cost and a description of activities.

## Ownership of Pets in Public Housing

This section of our Plan contains a statement of our policy and requirements pertaining to the ownership of pets in public housing. While we do currently have a policy, HUD has notified PHA's that a new policy will soon be issued. We will modify our policy following that issuance.

## Civil Rights Certification

We will carry out plan in compliance with all applicable civil right requirements and we will affirmatively further fair housing. In particular, we will comply with title VI of the Civil Rights Act of 1964, the Fair Housing Act, Section 504 of this Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990. This is in continuation of our long-standing discrimination tradition.

## Most Recent Fiscal Year Audit

This section of our plan contains a copy of our most recent fiscal year audit. The Plan describes the need for the audit and method we used to select our auditor.

## Asset Management

The Idabel Housing Authority defines asset management as the ability to manage our properties in a way that maximizes the potential to fulfill the mission of the Authority. We feel the public is well informed about steps we take to ensure physical and financial goals and objectives.

### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Authorities strategy to address the housing needs is based on past experience in serving the needs of families in Idabel Oklahoma. The Authority will continue to maintain, and operate our housing units in an efficient manner. The Authority will continue its DEP program efforts to provide for security and prevention programs for residents. The Authority will continue to leverage resources and strive to increase cooperative efforts with other agencies/programs to address the needs of our tenants and housing communities. The Authority will try to expand its knowledge of available housing, self-sufficiency programs and youth programs.

The Authority has chosen this strategy in order to maintain consistency within its operations. With the new housing Act the Authority has spent a considerable amount of time and effort developing its housing plan, meeting with residents and revising its operational policies. It is the strategy of the Authority to utilize this upcoming year to gain a fuller understanding of the requirements of the new housing Act, maintain our efforts at providing modernization repairs, operating our housing units and continuing our PHDEP program activities with as little interruption as possible.

The following deconcentration policy of the Authority is incorporated into the Admissions & Occupancy Policy.

Deconcentration: It is the Authority's policy to provide for deconcentration of poverty and encourages income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. The Authority will provide for the identification of deconcentration needs and address these needs in a uniform and non-discriminating manner.

During the development of each annual housing plan the Authority will analyze the income levels of families by development and the income levels of the families on the waiting list as required.

Based upon this analysis, the Authority will determine a goal, if needed for inclusion in the plan for deconcentration efforts. From this identified need and goal the Authority will determine the level of marketing strategies and deconcentration efforts needed.

In an effort to achieve the annual percentage goal, if any for deconcentration the Authority may when a unit becomes available within a development contact the first family on the community wide waiting list who has the highest priority for the unit and whose income category will assist in attaining the deconcentration goals. The Authority may provide for the skipping of other families on the waiting list in order to achieve its goals.
