[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Norman Housing Authority is a very fortunate agency. Our community is not new to the networking concept and consequently several excellent avenues for progressive programs are available.

The Norman Housing Authority is very motivated in providing more homeownership opportunities. This will be done through the development of the Section 8 Program and the ability to use subsidy payments towards house payments. The City of Norman has a home program through which we hope to coordinate downpayments and rehab funds. We are also the recipient of 100 Welfare to Work Vouchers and are well underway in leasing those units with quality case management. In addition, this PHA, Republic Bank and the City of Norman are working on a development consisting of Offices and upper-level housing. At this stage, it is the intention that the proceeds from this development will go towards developing more affordable housing. (Note – this is in the preliminary stages.)

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

For 2000, we are going to a one-year plan due to difficulties in managing multiple PHDEP grants. Please note there will be no salary or administrative costs involved in the 2000 application.

Our goal is to educate to an employable level as many residents as possible. This is being completed by offering scholarships, which are monitored for completion of classes. In addition, we have found that the cure to many problems is to head them off in the beginning. Consequently, we also offer a computer lab of six systems including a tutor to assist with educational areas, as well as, provide a positive environment for youth to come and utilize the educational software and attend field trips. Our lab tutor provides transportation and monitors the children’s progress through report cards and attendance.

Our PHDEP approach is evaluated by a committee consisting of Police Officers, NHA Staff, the Lab Tutor and residents.
