Our mission: “dedicated to the improvement of the quality of life to all those it serves through the provision of decent and affordable housing, rental assistance and homeownership opportunities, while promoting dignity and family-self sufficiency in the process” guides the activity of the HAMC and is constant with that of HUD.

Our five year and annual plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission as set forth.

The plans, statements, budget summary, policies and supporting documents provided herein all lead to our accomplishment of our goals and objectives. As a whole, they outline a comprehensive approach towards our accomplishments of these objectives and are consistent with the consolidated plan.

Some major highlights of our plan include the following:

Development of our Resident Advisory Board for better management of our Public Housing program.

Increase participation and success in our Section 8 program from 95% to a 98% utilization (housed) rate.

Implementation of substantial improvements in our (40) Public Housing program through our Year 2000 Capital Fund award of \$107,658.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line. **Effective management and maintenance system will help identify levels of responsibility E.G. Management deals with marketing while maintenance deals with repairs and coordination is necessary with each to reduce overall downtime. Also having an effective**

“work order” system in place helps track time, efficiency and costs to both the agency and tenants associated with each unit being addressed).

- Reduce turnover time for vacated public housing units **(In addition to employing the same strategy as above also excellent tenant screening will greatly enhance tenancy).**
- Reduce time to renovate public housing units **(Ensuring both an effective work order system is in place and assessing and addressing staff training needs to more effectively carry out repairs is critical to promptness in dwelling turnover during repairs).**
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction **(Prevailing rents help dictate the payment standard established in each area per bedroom size which enhances lease up due to greater affordability).**
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration **(The agency conducts landlord workshops and actively invites owners/managers from all sectors and we enjoy a good reputation)**
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of **program (excellent internal screening criteria has increased owner acceptance in the program. I.E. background checks etc.).**
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies **(This helps ensure we are not duplicating but augmenting and coordinating resources where they are needed).**
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available **Accompanying needs data reflects rent affordability issues in our jurisdiction).**
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance. **(The HAMC is diverse and owns as well as manages a variety of**

projects designed to address all housing segments and intends to increase it's service capacity by managing, building or acquisitioning additional units according to need).

Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below) **We presently have a good mix of families by using date and time. This is monitored closely to ensure that it meets the needs.**

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below) **We are presently meeting this requirement by utilizing the date and time waiting list.**

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available **If needs data indicates this as an imminent need we will pursue special purpose vouchers.**
- Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below) **Presently 5% of our PH units have been converted to section 504 and further conversion will be based upon pressing need.**

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs (**Based upon tangible identified data, ensure effective outreach and targeting takes place to increase services to underserved groups.**)
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units (**Ensure prospective participants are aware of all available housing in all sectors of the community. Provide appropriate property listings etc.**).
- Market the section 8 program to owners outside of areas of poverty /minority concentrations (**Promote awareness of fair housing issues as well as educate and dispel misinformed landlords and public during landlord workshops.**).
- Other: (list below)
(Will arrange and help facilitate fair housing workshops where all Sectors of public are encouraged to attend. I. E. Landlords, Realtors etc. We anticipate coordinating with the State Fair Housing Council with the first training scheduled for September 2000).

Other Housing Needs & Strategies: (list needs and strategies below)

- Funding constraints
- Staffing constraints
- Limited availability of sites for assisted housing
