To stimulate and ensure safe, decent and affordable housing in Montgomery County, PA;
To recognize residents, community and government leadership as our partners;
To expand opportunities for assisted families to locate housing throughout Montgomery County;
To support participants and residents in MCHA programs to become self-sufficient and economically independent including expanded opportunities and support for assisted families to realize the benefits of homeownership or progressively independent housing choices;
To maintain mutual respect and dignity with all residents of Montgomery County;
To assure financial responsibility and integrity by all participants and residents; and
To achieve excellence through innovative program development and effective program management to the benefit of all residents of Montgomery County.

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
 Apply for additional rental vouchers: depending on program, ie. Welfare to-work, assistance to persons with disabilities, etc., approximately 50-100 vouchers

- Reduce public housing vacancies: adequate tracking, coordination between managers and maintenance and good waiting list

- management helps MCHA obtain 20 day turnaround average
- Leverage private or other public funds to create additional housing opportunities: MCHA plans to investigate alternate funding through collaboration with other agencies and as a non-profit entity
- Acquire or build units or developments
- Other (list below)
- Apply for incremental vouchers, which become available through NOFA

PHA Goal: Improve the quality of assisted housing

Objectives:

- Improve public housing management: (PHAS score) MCHA has been a high performer for past several years, hope to be able to obtain same designation with PHAS, staff reorganization will improve accountability
- Improve voucher management: (SEMAP score) MCHA has not received score yet, however, if improvement is needed it will be addressed
- Increase customer satisfaction: one of MCHA's top priorities, promote good resident involvement with planning, policies and procedures, MCHA hopes to receive 10 points through RASS
- Concentrate on efforts to improve specific management functions: (list; e.g., public housing finance; voucher unit inspections) if PHAS or SEMAP scores show a need for improvement, MCHA will concentrate.
- Renovate or modernize public housing units: excellent scores (A) through PHMAP for past several years, preserve renovated units and systems
- Demolish or dispose of obsolete public housing: MCHA has experienced great success with Public Housing 5(h) Homeownership Program, currently have sold 17 obsolete public housing units through Homeownership and three units through disposition
- Provide replacement public housing:
- Provide replacement vouchers: equal to public housing units converted per QHWRA
- Other: (list below)

PHA Goal: Increase assisted housing choices

Objectives:

- Provide voucher mobility counseling: MCHA participates in HUD's Regional Opportunity Program and per Administrative Plan undertakes a myriad of activities for unlimited amount of families to increase housing choices
- Conduct outreach efforts to potential voucher landlords: proactively advertise, hold at least annually informative meetings
- Increase voucher payment standards: for exception rent areas which have been approved by HUD

- Implement voucher homeownership program: requests for Authority to administer demonstration program approved by HUD
- Implement public housing or other homeownership programs: currently experiencing great success with 5(h) Homeownership Program, sold 17 obsolete public housing units (scattered sites, PA-12-8) and 16 through county wide program
- Implement public housing site-based waiting lists: actively researching this option in the future, not this current program year
- Convert public housing to vouchers: actively researching this option in the future, not this current program year
- Other: (list below)

HUD Strategic Goal: Improve community quality of life and economic vitality

- PHA Goal: Provide an improved living environment
 - Objectives:
 - Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: use of admission preferences as well as self-sufficiency programs to raise the income limits of current residents will enhance this goal
 - Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments: analysis will disclose whether this is required to affect deconcentration
 - Implement public housing security improvements: actively pursuing PHDEP grants for all developments including our primarily elderly/disabled developments, strong screening and tougher eviction policies will ensure housing opportunities are offered to deserving families, MCHA estimates that for every five applicants eligible for the waiting list one applicant will be denied for past negative behavior
 - Designate developments or buildings for particular resident groups (elderly, persons with disabilities) MCHA analysis indicates a great need for housing for the elderly and plans to pursue designation of some of it's developments
 - Other: (list below)

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

- PHA Goal: Promote self-sufficiency and asset development of assisted households

Objectives:

- Increase the number and percentage of employed persons in assisted families: one of MCHA's top priorities, also good way to address deconcentration efforts, three resident councils have been awarded TOP Grants and MCHA administers successful Family Self Sufficiency Programs, estimate 50% of households will be employed within five years
- Provide or attract supportive services to improve assistance recipients' employability: through Family Self Sufficiency Programs, Section 8 and Public Housing, implement new partnerships through Public Housing Community Service, 90% of families will be in compliance
- Provide or attract supportive services to increase independence for the elderly or families with disabilities: MCHA has recently been presented with a local and State award for actively promoting elderly workers through the National Caucus for the Black Aged (NCBA). MCHA currently has 32 elderly workers on the program and will continue to support these efforts.
- Other: (list below)
MCHA actively promotes Section 3 requirements through contracting preferences and advertisement

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing
Objectives:
 - Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability: MCHA has always and continues to monitor that access to housing is fair to all applicants, MCHA advertises at various service providers, in public newspapers, churches, at each development and main administrative office
 - Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability: analysis will disclose whether measures are required
 - Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required: MCHA has always and continues to offer accessible units to families who will benefit the most. Procedures are included in lease, ACO Policy and Management Plan
 - Other: (list below)

Other PHA Goals and Objectives: (list below)

Actively submit applications for supportive grants to improve current services offered to our Public Housing residents and Section 8 tenants and to implement new and additional services.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Montgomery County Housing Authority (MCHA) has developed its Agency Plan in cooperation with residents, management, maintenance, local government and other interested parties. Prioritization of Capital Fund items was based on need, while attempting to distribute funds as evenly as possible. This was a predominate concern with many residents and maintenance personnel. The MCHA's statutory requirements concerning lead based testing and 504 compliance have been completed and the MCHA is in compliance.

The following are points of concern with respect to our management of Public Housing developments: turnaround time, vacancy rate, income loss due to vacancies, extensive crime rate and vandalism, drug and alcohol abuse and resident initiatives. While these remain areas of concern, we have been able to continue to improve conditions to the point that we have received a high performer rating for the past six years. Our administration restructuring has provided a greater degree of accountability through a more direct chain of command. By bringing Maintenance, Management and Modernization under the supervision of one Deputy Executive Director has allowed for better coordination between the three departments.

The most important management improvements we have made in order to preserve the physical improvements are those related to procedures and staff development as well as resident initiatives. Through semi-annual inspections we have been able to identify and correct minor maintenance items which, if unreported, would have become major problems or even emergency situations.

minor maintenance problems, reduce emergency situations and also accelerate unit turnover.

Management staff has been working with resident representatives to develop a set of housekeeping standards. This will allow managers to take action against residents who do not care for their apartments or yards properly.

The newly enacted Quality Housing Work Responsibility Act (QHWRA) has brought many changes to the Public Housing Department. The MCHA has implemented family choice of rent, income exclusions for Welfare to Work incentives, community service requirements, income targeting requirements, and has developed a policy for deconcentration of families with certain income levels.

The quality of both maintenance and management are dependent not only on the employees having a clear set of guidelines describing their jobs, but also on their having the skills to perform the jobs; staff development and training are critical to preserving the work and implementing new policies and procedures. Maintenance, Management and Modernization staff will receive skills training and supervisors will be trained in planning and prioritizing jobs, deploying staff and monitoring production.

As the Section 8 staff moves forward over the next year we face many challenges. We have successfully implemented most of the QHWRA mandates including the merged Certificate/Voucher program, the income targeting requirements, minimum rents and minimum rent exceptions, Family Self-Sufficiency Program size, repeal of the Federal Preferences, application admission review process, repeal of the 90 day hold on leasing tenant based assistance, termination of assisted tenancy for illegal use of controlled substances and alcohol abuse when it is determined by the MCHA to interfere with the health, safety or right to peaceful enjoyment of the premises and other residents and the repeal of the “take-one-take all” pre-existing provisions.

Our plans for our Section 8 Program for the upcoming year include:

Relocation of our offices to effect a more comfortable and spacious work environment, SEMAP reporting which is our first official certificate, implementation of Section 8 Welfare-to-Work Voucher Program for the 50 vouchers we recently learned were awarded to us under this program, updating of our Renters and Owners Handbook to reflect implemented QHWRA mandates and the merger of the Certificate and Voucher Programs, ongoing training and quality control review relative to changes effected and implemented as noted above, implementation of our proposed Section 8 Demonstration Homeownership Program which we recently learned would be authorized by HUD, reorganization of the Section 8 Department to achieve generalist status of our re-exam and leasing case managers, submission of application(s) for additional Section 8 Vouchers, (dependent on FY 2,000 NOFAs for this funding) and advertisement and application processing for Project Based Assistance Program.

D. Executive Summary of Annual PHDEP Plan

In the space below, provide a brief overview of the PHDEP Plan, including highlights of major initiatives or activities undertaken. It may include a description of the expected outcomes. The summary must not be more than five (5) sentences long

Residents of the targeted areas have expressed concern of rising criminal activity since the police patrols that were funded with prior year grants have ended. In addition, recent RASS results have shown a concern with neighborhood safety. The MCHA has allocated Capital Fund Program dollars to address resident concerns such as stronger windows, doors, and locks, etc. The MCHA and residents believe additional police presence has been successful in the past and will continue in the future. This additional police coverage combined with our proposed physical improvements will become a part of a comprehensive plan to provide safe, decent and affordable public housing to low income residents of Montgomery County.

E. Target Areas

Complete the following table by indicating each PHDEP Target Area (development or site where activities will be conducted), the total number of units in each PHDEP Target Area, and the total number of individuals expected to participate in PHDEP sponsored activities in each Target Area.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

This PHDEP plan will provide for additional police services ranging from 15 to 37 hours per week above the current baseline services. These patrols are for the purpose of dealing with quality of life issues with a focus on zero tolerance and drug enforcement activities. Proposed physical improvements, such as better lighting, removing overgrown trees and shrubs and replacing fencing will eliminate hiding areas and divert traffic from areas of concern to improve the overall security of the communities. Investing in surveillance equipment to aid in areas of drug sales and vandalism, in cooperation with the local police, will also enhance security. The MCHA Compliance Officer assists in the closer scrutiny and screening of applicants for the Public Housing Program, conducting special investigations of allegations of lease violations and drug activity of residents and acts as liaison with the local police departments. The MCHA will monitor and evaluate the program by periodically reviewing police reports and UCR's. Conducting a resident survey and MCHA Advisory Board meetings will keep the MCHA updated with respect to resident concerns, level of safeness and ideas to keep their communities safe and drug free.
