Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Potter County Housing Authority's plan for year 2000 will focus on two primary objectives. The first is the proposed disposition of the Mountain View Apartments public housing complex. The disposition application has been submitted to the SAC under separate cover and provides all the necessary justifications. The second objective is the completion of a successful transition of our Section 8 program to the merged Housing Choice Vouchers Program. This plan provides the road map for the achievement of those two objectives during 2000.

Deconcentration Plan. Based on the PCHA's analysis of the demographic data for the Mountain View public housing project obtained from the MTCS and when compared to the income data for the population in the surrounding census tract it was determined that the public housing population was not disproportionately very low income when compared to the surrounding population. That is to say that the proportion of very low income families in Mountain View is not higher than the proportion of very low income families in the overall population for the census tract.

The fact remains that the majority of the Mountain View population is very low income and that the PCHA will be considering policy options during 2000 for achieving a better income mix in the future. With the proposed disposition of the project the income mix problem is not an immediate priority.
