### **HUD Strategic Goal: Improve community quality of life and economic vitality**

PHA Goal: Provide an improved living environment

Objectives:

Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments:

*This initiative will be undertaken through our HOPE VI Programs. We have determined that in order for us to effectively deconcentrate pockets of poverty we must provide upgraded facilities and will do so through HOPE VI and LIHTC programs and expand the Section 8 Program throughout the county.*

- Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:

*This too will be accomplished by creating a mix of housing choices within neighborhoods, (i.e., affordable rental and homeownership options).*

- Implement public housing security improvements:

*We will continue to effectively utilize PHDEP funds to provide police patrols and community education.. Here again, the changes that occur in neighborhoods by changing the face of housing choices improves security by removing the criminal element from residency in and around public housing.*

- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
- Other: (list below)

*We continually strive to improve the quality of life for residents and their families by being vigilant and diligent in the manner in which we utilize the police services that we provide through PHDEP. Continued strict enforcement of lease provisions and screening of applicants for housing will assure us of achieving this goal.*

**HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals**

- PHA Goal: Promote self-sufficiency and asset development of assisted households  
Objectives:
  - Increase the number and percentage of employed persons in assisted families:

*Our FSS Program is continuously growing and enhancing the employability skills of participants. We anticipate an annual increase of 3-5 employed persons.*

- Provide or attract supportive services to improve assistance recipients' employability:

*The outreach to service providers who are willing to assist in training of recipients continues with varying success and we will continue to pursue this avenue.*

- Provide or attract supportive services to increase independence for the elderly or families with disabilities.

*Our Senior Services Coordinator Grant allows us to collaborate with supportive services agencies and has proven to be very successful. Transportation is provided to service providers and assessment of needs, on an individual basis is continuous.*

- Other: (list below)

*The proactive, community outreach initiatives of our FSS Coordinator has been, and continues to be, responsible for increased awareness and involvement by the community at large in utilizing public housing residents to meet some of the employment needs within the community.*

*By the time that this plan is submitted we fully expect that we will have been the recipient of a ROSS Grant that is designed to take full advantage of our well established partnerships with local educational institutions to provide job training and our collaboration with Community Development and the business community to focus training on areas of need.*

### **HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans**

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing Objectives:
  - Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:
  - Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:
  - Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
  - Other: (list below)

*We have continuously developed our programs around a philosophy of "inclusion" regardless of race, color, religion, national origin, sex, familial status and disability.*

*One example of this is our outreach to churches of differing denominations, and diverse neighborhoods that are occupied by families of international origins to create a new neighborhood that reflects the “melting pot” that is the reflective of the United States.*

Troubled Agency Plan

**ii. Executive Summary of the Annual PHA Plan**

*The Spartanburg Housing Authority has, without reluctance, undertaken the role of transforming Housing within the City of Spartanburg. It is of note that I have not said "Public Housing" because the Authority has not simply focused upon the effective and efficient utilization of Capital Funds to continuously upgrade the quality of our public housing stock but beyond that we have successfully sought public and private financial assistance to construct affordable, single family homes and rental units.*

*We have, and will continue to create new neighborhoods that are representative of the diverse population that is the makeup of the Spartanburg community.*

*The many successes that we have realized are in no small part due to the unique, positive relationship that we continue to have with the City of Spartanburg. The close working relationship and outstanding responsiveness on the City's part to provide infrastructure construction has allowed us to create new neighborhoods.*

*We work closely with the Community Development Department to insure compatibility between the City Annual Action Plan and the Housing Authority plans.*

***The quality of our historical role of providing safe, decent and affordable housing through our conventional public housing and Section 8 programs, we believe to be second to none.***

***Seriously scrutinizing all applications for housing, highly visible law enforcement and educational programs for youths funded by our PHDEP, and enforcement of lease provisions are imperative to providing an environment to enhance the quality of life for our residents, and we continue to do so. QUALITY OF RESIDENT LIFE CONTINUES TO BE OUR FOCUS.***

***It is the intent of the Spartanburg Housing Authority to remain as a “High Performing” Agency and our maintenance, financial, management and resident services are constantly reviewed and assessed to insure that there is no diminishing in the quality of operations.***

***In summary, the Spartanburg Housing Authority has no intention of resting on its laurels as being recognized as one of the finest Public Housing Agencies in the Country. As elusive as excellence may be we will continue our pursuit of it.***
