C. Strategy for Addressing Needs: *Our strategy for addressing housing need is twofold: One, the agency has established preferences in tenant based assistance programs that give priority to extremely low-income families, those who are disabled, rent burdened, living in substandard housing or who are homeless. This strategy was chosen to continue to meet the housing needs of the most needy families and to promote the deconcentration of these families throughout the community. Two, In the public housing programs, priority is given to those who are working, in school or training programs, and who have incomes up to 80% of median. The purpose of this component of the strategy is to continue to facilitate deconcentration and to build viable public housing communities. It also addresses the housing needs of the working poor for whom affordability is an issue also.*

The Advisory Committee reviewed a narrative Comprehensive Strategic Plan, prepared prior to issuance of the HUD Template. Information from the Narrative Plan was transferred to the official document*

There were numerous subsequent meetings to entertain comments and questions regarding all portions of the Plan and related policies. In developing the mission it was stated that the Housing Authority needed to include ways to help families transition into single-family homes when they moved from public housing to section 8. This suggestion was accepted and included in the goals. As families are selected for Section 8 they will attend the FSS home maintenance, budgeting and other pertinent workshops to ease the transition.

Public Housing representatives were unanimously against pets in public housing and made the following suggestions:

- Pet deposits should be high and not paid in installments*
- Vicious dogs need to be prohibited*
- Place stickers on the outside of the door so maintenance staff will know an animal is present since all dogs could be dangerous.*

In response, GHA will survey other apartment complexes to see what their policies are and when the pet rule is final, a policy will be presented to the Committee.

It was suggested that elderly household be separated from the rest of the community in designated area, apart from the family units. This suggestion was not implemented based on potential fair housing issues.

In reviewing the Capital Fund component, it was suggested that storage units at Brook Haven be deleted and the funds reallocated. The suggestion was accepted. It was recommended that furniture be placed in the budget for the senior high-rise. The recommendation was accepted, with limited funds being made available based on more serious competing needs.

Changes in the ACO were reviewed and the issue of pets revisited. Consistent with comments, weight limits on pets were established and language changed to reflect that 'at no time' could the weight exceed the established limit.

The Public Housing and Section Grievance procedures were reviewed. It was recommended and the policy changed to reflect "10 business days" versus calendar days.
