DECONCENTRATION POLICY FOR THE PULASKI HOUSING AUTHORITY

I. DECONCENTRATION POLICY

- A. The objective of the Deconcentration Policy for the Pulaski Housing Authority (PHA) is to achieve the goal that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development or census tract. The PHA will take actions as necessary to achieve the goal that no individual development has a concentration of higher income or lower income families. To ensure that the PHA does not concentrate families with higher or lower income levels in any one development, the PHA will track the status of family income, by development, on a monthly basis utilizing income reports generated by the PHA's computer system.
1. The PHA will periodically compare the relative incomes of its developments to the relative incomes of the census tracts in which they are located. Where significant differences are identified, income targeting will be applied.

I. INCOME TARGETING

- A. To accomplish the deconcentration goals, the Pulaski Housing Authority will take the following actions:
1. At the beginning of each fiscal year the Pulaski Housing Authority will establish a numerical goal for admission of families whose incomes are at or below 30 percent of the area median income. The target annual goal will be calculated by taking 40 percent of the total number of move-ins from the previous PHA fiscal year.
 2. The PHA will limit the number of admissions to ensure that not less than 40 percent of admissions are families with incomes at or below 30 percent of the area median income.
 3. The PHA will skip families on the waiting list or skip developments to accomplish these goals.

The Pulaski Housing Authority will not hold units vacant to accomplish these goals.

ATTACHMENT B: Definition of Substantial Deviation

PHA's definition of "Significant Amendment or Substantial Deviation" from its 5-Year and Annual Plans:

1. Changes to rent or admissions policies or organization of the waiting list.
2. Addition of non-emergency work, items (items not included in the Annual Statement or 5-Year Action Plan) or a change in the use of replacement reserve funds under the Capital Fund.
3. Any change with regard to demolition or disposition, designation, or homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements.
