[24 CFR Part 903.7 9 (r)]

EXECUTIVE SUMMARY

As required by Section 511 of the Quality Housing and Work Responsibility Act of 1998, the Maryville Housing Authority (MHA) has prepared this Agency Plan. The Plan was prepared in consultation with and the cooperation of the residents of MHA's Public Housing and Section 8 Programs, citizens of the City of Maryville and representatives of the City of Maryville. As such, this Plan represents the culmination of many hours of planning, negotiating, and structuring a plan to guide this Agency into the new millennium.

MHA has adopted a mission statement that states MHA is to provide a quality living environment for the qualified families of this community that is affordable and safe while promoting opportunities for economic development and family self-sufficiency, without discrimination.

To accomplish our mission, we have set a number of goals and objectives that represent the thrust of this Agency's efforts to assure our mission is achieved. These goals and objectives are set forth in this Plan beginning on Page.....

In developing this Plan, the staff of MHA have taken the opportunity to visit virtually every policy, plan of action, procedure or activity that we use on a day-to-day basis. The purpose of this review was two fold: First of all, to update, revise, change, etc., these policies and procedures to reflect a more entrepreneurial plan of operation; and, Secondly, to make the necessary changes to conform to the Quality Housing and Work Responsibility Act of 1998. The results of that effort together with any additional changes necessitated by our consultations with residents and the local community can be found in a number of policy and procedural changes, all of which are on file at the local MHA office or are attached and made a part of this Plan.

MHA has been an affordable housing provider in this community for over 30 years. Not only has MHA been an affordable housing provider; but, over the past several years, MHA has been recognized by the

Department of Housing and Urban Development as a high performing agency in the administration of our public housing program. One of the major goals of MHA in the future will be to maintain that high performing status in the public housing program and obtain the same status in the new Section 8 Management Assessment Program. Achievement of this goal and the other goals and objectives identified in our Annual Plan will allow MHA to accomplish its Mission Statement.

MHA's Annual Plan and the components thereof, outline a comprehensive approach toward achievement of our goals and objectives that are consistent with the State of Tennessee's Consolidated Plan as well as the City of Maryville's objectives for the City. Some of the highlights of MHA's Plan include:

- Establishment of 2 local preferences - - for working applicants who earn the equivalent of 20 hours at a minimum wage (seniors and people with disabilities automatically get this preference), and applicants displaced by state or local government
- Establishment of a minimum rent of \$25
- Establishment of flat rents for every development
- Establishment of an aggressive screening policy for public housing and Section 8 residents within the confines of existing laws and fair housing requirements to ensure that all admissions, to the extent possible, will be good neighbors
- Establishment of the published FMRs as our payment standard for the Section 8 Program
- Applicants for housing will be selected from the waiting list based on date and time of application
- MHA has no plan in the immediate future to convert any of its public housing property to Section 8
- MHA has no plans to demolish or dispose of any public housing property
- MHA is providing a long and varied list of program, opportunities, and activities for its residents
- MHA is committed to providing a safe living environment to all of its residents

In summary, MHA believes that this Plan will not only guide the Agency into the new millennium; but, will be our roadmap to continue to provide, and possibly in the future increase, the availability of a quality, affordable and safe living environment for the qualified families of Maryville.

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Deconcentration Plan

General:

The United States Congress enacted the Quality Housing And Work Responsibility Act (QHWRA) on October 21, 1998. In accordance with this act, the Maryville Housing Authority (MHA) purposes and admissions policy designed to provide for the deconcentration of poverty and income mixing. This will be accomplished by bringing higher income residents into lower income public housing developments. The admissions and continued occupancy policy (ACOP) of the MHA will be modified to achieve this goal and will incorporate this plan by reference.

As shown in Exhibit A, MHA's developments are primarily occupied by caucasians. Overall the developments are occupied as follows 91.25% Caucasian, 8.75% African American and less than 1% Hispanic. As shown by the 1990 census data Maryville Housing Authority's jurisdictional/market area and low income population is made up of mostly Caucasian families and individuals. Therefore, we would expect MHA's occupancy would reflect its market. We realize that all families self-select where they wish to live. While this is evident in both public housing and Section 8 programs, the MHA will conduct affirmative marketing campaigns to attract more African American, Hispanic, and other ethnic groups to MHA's housing. In addition, the MHA will maintain its centralized waiting lists to ensure compliance with all fair housing and civil right laws.

Selection of Extremely Low Income Families:

The new act also requires MHA to ensure that at least 40 percent of all families admitted into public housing have incomes that do not exceed 30 percent of the are median. At the present time 62% of the public housing applicants have incomes at 30% or less of the median. As long as we continue to have better than 50% of very low income applicants, the MHA does not feel it is necessary to have a current special plan. However, the 40 percent requirement for all new public housing admissions will be monitored on a regular basis to ensure compliance. If the situation arises where there is concern of meeting the 40% extremely low admissions, MHA has adopted a policy that will allow us to skip higher income applicants on the waiting list to reach those who are extremely low income.

Existing Conditions:

As per Exhibit B, MHA's family income do not vary greatly from site to site, therefore we are not experiencing any concentration of poverty or income.

Deconcentration Plan:

None.

Conclusion:

The existing conditions shown above do not show a need for any immediate measures of deconcentration. MHA will continue to monitor our concentration levels on a regular basis to assure that no special plan should be adopted. MHA through implementation of the new rent structures required by the QHWRA will continue to successful and affordably house low income families in a manner that will provide for the deconcentration of poverty and income mixing.

This plan incorporates a joint effort between Maryville Housing Authority, The Maryville Police Department, local schools and community resources to eliminate drugs and drug related criminal activity. The acquisition of a 15-passenger van has alleviated transportation challenges for program activities. MHA plans to acquire another van using PHDEP funds in order to meet additional participation needs. We will also incorporate two VISTA Volunteer positions to enhance programs and initiate stronger community links to organizations that can help support our efforts. Furthermore, our efforts will focus on providing quality programs and services that will promote responsibility and accountability among participants.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Our first priority is to provide a safe residential environment for MHA developments and this goal will be maintained through our partnership with local law enforcement that provides an on-site police officer. We will also promote educational and drug prevention programs which include Teens Need Training, Learning Center Programs, and Youth Sports/Adventure Programs. The Maryville City Schools Family Resource Center will provide resources to support our TNT Program and Blount County Schools will be providing staff support for our Learning Center. Other planned partners that will provide both on and off site programs and services include the Health Department, U.T.

Extension Services, Kiwanias and Lions Clubs, Blount County Boys & Girls Clubs, Maryville College, and Pellissippi State. MHA will utilize two VISTA Volunteers to help coordinate, monitor, and evaluate PHDEP-funded activities. Our plans are to establish a Maryville Housing WEB Site and develop a computer database to better plan, monitor and evaluate these programs.
