ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

- 1. THE FRANKLIN COUNTY CONSOLIDATED HOUSING AUTHORITY HAS LOW-RENT PUBLIC HOUSING UNITS AND SECTION 8 PROJECT-BASED UNITS. THE HOUSING AUTHORITY DOES NOT ADMINISTER THE SECTION 8 TENANT-BASED PROGRAM; THEREFORE, THE SECTION 8 REFERENCES HAVE BEEN DELETED FROM THE PLANS.**
- 2. The ACOP and Lease have been revised to comply with the de-concentration and income mix; thereby, encouraging higher income families in the developments. Although the PHA has provided incentives for higher income families, based on the projections of extremely low-income and very low-income families in Franklin County, the emphasis will continue to house families in these income levels.**
- 3. The evaluation of the income mix revealed that the PHA is exceeding the requirement that at least 40 percent of the residents have incomes less than 30 percent of the Area Median Income. In addition, none of the developments exceed the de-concentration criteria threshold established by HUD for a high-income development or a low-income development at this time.**

4. The PHA has established a Ceiling Rent at \$300 per month per unit based on 75 percent of the operating cost of the Housing Authority. An analysis of comparable market rents has been completed to determine Flat Rents. The Flat Rents will not benefit many of the residents as much as the existing Ceiling Rent.
5. The PHA is involved in activities to provide greater economic self-sufficiency through the State's "Families First" welfare to work reform.
6. The PHA does not have a Resident on the Board of Commissioners. The Mayors of the three Cities appoint the Resident. The Resident Board member will be appointed by the Mayors in November 2000.
7. In addition, the PHA has a Resident Advisory Board that has been involved in the development of the Agency Plans.
8. The PHA is providing decent, safe, and sanitary housing through the effective and efficient utilization of the CIAP and Operating funds. The PHA will continue utilization of a pest control contractor to reduce and eliminate pest, including cockroaches.
9. The PHA does have a HUD funded Drug Elimination Technical Assistance Grant to evaluate and develop a plan for crime prevention through a partnership with the local law enforcement agencies.
10. The PHA has developed a PHA-wide Pet Policy that had input from the Resident Advisory Board. The Resident Advisory Board agreed with the Ceiling/Flat Rent.
11. The Public Hearing Notice was issued September 23, 1999 and the Public Hearing was held November 9, 1999. No comments were presented.
12. The Resident Advisory Board consists of eight members that includes minorities, elderly, women, men, and young heads of households. They represent the eight developments, including the Section 515/8 developments.

DEFINITION OF SUBSTANTIAL DEVIATION and SIGNIFICANT AMENDMENT or MODIFICATION:

In accordance with the Final Public Housing Agency Plans Regulations, 24 CFR Part 903, Section 903.7 (r) (2), the PHA establishes the following basic criteria for a “substantial deviation” and “significant” amendment or modification:

1. The FCCHA will consider a “substantial deviation” to be a change in the Mission, Goals, and Objectives of the PHA Plans that is duly determined by the Board of Commissioners and the Resident Advisory Board to be a deviation from the latest approved PHA Plans. If the Board of Commissioners and the Resident Advisory Board considers the change(s) in the Mission, Goals, and Objectives to be substantial, in their determination, the Plans will be submitted to HUD for review and approval.
2. In addition, if there is a change in funding of greater than 20 percent of the Operating Budget and/or Capital Fund amount, this will be considered an amendment/modification to the Plans, except for emergencies that are beyond the control of the PHA. If the item/activity is included in the 5-year Capital Improvements Program, it will not be considered a significant change although the cost may exceed the 20 percent threshold; therefore, not requiring HUD review and approval.

DE-CONCENTRATION POLICY:

The objective of the De-concentration Policy for the PHA is to achieve the goal that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development or census tract. The PHA will take action as necessary to achieve the goal that no individual development has a concentration of higher income or lower income families. To ensure that the PHA does not concentrate families with higher or lower income levels in any one development the PHA will track the status of family income, by development, on a monthly basis utilizing income reports generated by the PHA computer system.

To accomplish the de-concentration goals, the PHA will take the following actions:

1. At the beginning of each fiscal year the PHA will establish a numerical goal for admission of families whose income are at or below 30% of the area median income. The target annual goal will be calculated by taking 40% of the total number of move-ins from the previous PHA fiscal year.
2. The PHA will limit the number of admissions to ensure that not less than 40% of admissions are families with incomes at or below 30% of the area median income.
3. The PHA will skip families on the waiting list or skip developments to accomplish these goals.
4. Sunnyview, Gallman Estates and Mountain View Apartments which are Section 8 Project Based developments not less than 40% of new admissions to the program must have incomes at or below 30% of the area median income. Other admissions to these projects must be at or below 80% of the area median income. The income targeting requirements do not apply where project-based assistance is used to ameliorate the effects of displacement.

The PHA will not hold units vacant to accomplish these goals.
