Executive Summary of the Annual PHA Plan

EXECUTIVE SUMMARY

This is the Five-Year Plan and Annual Plan for the Housing Authority of the city of Pottsboro. The Housing Authority's fiscal year begins April 1, 2000. The Five Year Plan is for fiscal years 2000 through 2004 and the Annual Plan is for fiscal year 2000.

The Pottsboro Housing Authority has an administrative contract with Texoma Council of Governments, (TCOG) to provide the administration of the low rent program. The property is comprised of all family units with the following unit breakdown:

1 Bd
2

2Bd
6

3Bd
3

The mission and goal of the administration of the Pottsboro Housing Authority is not only to provide safe, secure housing but to provide guidance and direction through various educational programs, job training and readiness and social programs in an effort to enable residents to enter the workforce and become self sufficient.

The Housing Authority plans to maintain the supply of assisted housing by maintaining an active waiting list to cover any vacancies.

The Housing Authority further intends to increase the number of working families residing in Public Housing units. Currently, 57% of the families able to work are working. The Authority plans to increase that number by 25% over the next five years. We will accomplish this through a combination of flat rents, rent incentives, working preferences, and by working closely with social service agencies to provide job training and employment opportunities.

During the next year the Housing Authority plans to further the partnership with TCOG by participating in a joint venture with the other twelve cities currently under TCOG administration. Currently, all housing authorities are administered from the same main office where all the resident files and maintenance equipment is housed. The combined administration has generated significant benefits for each housing authority including greater operational flexibility, management control and fiscal accountability. This joint venture will bring full circle the current method of administration by combining all financial resources and eliminating the duplication of expenses and required reporting.

The Housing Authority has two sources of funding: operational and capital funds. At the end of fiscal year 1999 the operating reserves are estimated to be \$8297.00. Once the joint venture is complete, we estimate a combined reserve level of \$547,266.00. We will continue to be forward thinking in our endeavors to provide new and innovative ways of administering the low rent housing program.
