ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Executive Summary

This is the Five-year Plan and Annual Plan for the Housing Authority of the City of Stamford. The Housing Authority's fiscal year begins April 1, 2000. The Five-Year Plan is for fiscal years 2000 through 2004 and the Annual Plan is for fiscal year 2000.

Stamford Housing Authority administers 60 units of Public Housing. The chart below gives the number of units by bedroom size.

1-Br	2-Br	3-Br
26	20	14

Additionally, the Housing Authority administers 47 units of Section 8. A Board of Commissioners, consisting of five members appointed by the Mayor, oversees the agency. The Agency was established in 1958.

The mission of the Housing Authority, stated above was adopted by the Board on December 14, 1999. When the Board adopted this statement, it knew that there were many ways that the Authority could provide adequate and affordable housing. The mission statement charges the Authority with the responsibility to affirmatively further fair housing and deliver the programs in a way that all those served are treated equally with dignity and respect.

The Housing Authority plans to expand the supply of assisted housing by

reducing the number of vacancies at its developments. The Housing Authority will continue providing housing assistance to a greater number of low income families.

The Housing Authority further intends to increase the number of working families residing in Public Housing units. The Authority plans to increase working number of families over the next five years. We will accomplish this through a combination of flat rents, rent incentives, and by working closer with social service agencies to provide job training and employment opportunities.

The Agency has four primary sources of funding: operating, Formula Funding and Section 8. With public housing funding being revised, the Agency's future funding amounts could be substantially altered. The figures in the Plan do not reflect any impact from the upcoming changes in funding formulas, since the impact is unknown at this time. At the end of fiscal year 1999, operating reserves for the public housing program are estimated to be \$118,000. The Agency is projecting administrative fee reserves for the Section 8 of \$20,000. The Agency expects to retain these reserve levels throughout this five year planning period.
