The Housing Authority of the City of La Joya, TX has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents, participants in the tenant-based assistance program and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy and Section 8 Administrative Plan are the two primary policies on display. These important documents cover the public housing tenant selection and assignment plan, outreach services, PHA's responsibility to Section 8 owners/landlords, grievance procedures, etc.

The most important challenges to be met by the Housing Authority of the City of La Joya during FY 2000 include:

- Reduce drug and alcohol abuse through the Public Housing Drug Elimination Program;
- Preserve and improve the public housing stock through the Capital Funds activities, including modernization of several units;
- Involve the public housing residents and the Section 8 participants through the Annual Plan Resident Advisory Board.
- Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community;
- Identify, develop and leverage services to enable low-income families to become self-sufficient; and
- Obtain passing PHAS score.

In closing, this Annual PHA Plan exemplifies the commitment of the Housing Authority of the City of La Joya, TX to meet the housing needs of the full range of low-income residents. **DECONCENTRATION AND INCOME TARGETING POLICY  
FOR THE  
HOUSING AUTHORITY OF THE  
CITY OF LA JOYA, TEXAS**

**DECONCENTRATION AND INCOME TARGETING POLICY**  
*(of the Public Housing Admissions and Occupancy Policy)*

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHAs are to implement a program which provides that families with lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Housing Authority of the City of La Joya (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require the PHA to: (1) determine and compare the relative tenant incomes of each development and the incomes of families in the census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments (or into developments in low-income census tracts) and low-income families into high-income developments (or into developments in high-income census tracts).

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions and given opportunities to discuss the options available to them. The families will also be informed that should they choose not to accept the first unit offered under this system, their refusal will not be cause to drop their name to the bottom of the list.

Implementation may include one or more of the following options:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared toward targeting income groups for specific developments;
- Additional supportive services;
- Additional amenities for all units;
- Ceiling rents;
- Flat rents for developments and unit sizes;
- Different tenant rent percentages per development;
- Different tenant rent percentages per bedroom size;
- Saturday and evening office hours;
- Security Deposit waivers;
- Revised transfer policies;
- Site-based waiting lists;
- Mass Media advertising/Public service announcements; and
- Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. At a minimum, 40% of all new admissions to public housing **on an annual basis** will be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

The PHA may employ a system of income ranges in order to maintain a public housing resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and will take into account the average rent that should be received to maintain financial solvency. The selection procedures are designed so that selection of new public housing residents will bring the actual distribution of rents closer to the projected distribution of rents.

In order to implement the income targeting program, the following policy is adopted:

- ▶ The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower/very low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- ▶ After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- ▶ To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic deconcentration.
- ▶ For the initial year of implementation, a pro-rated percentage of the new admissions will be calculated from April 1, 1999 through the end of the fiscal year. Following the initial implementation period, the forty percent (40%) requirement will be calculated based on new admissions for the fiscal year.
- ▶ The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions.

## **NOTICE**

**Although we have made our best effort to comply with regulations, laws, and Federal/local policies, the Nelrod Company does not offer advice on legal matters or render legal opinions. We recommend that the Admission and Occupancy Policy is reviewed by the Housing Authority's general council and/or attorney prior to approval by the Board of Commissioners.**

**The Nelrod Company is not responsible for any changes made to these policies by any party other than the Nelrod Company.**

### Substantial Deviation - Significant Amendment or Modification

Pursuant to Notice PIH 99-33 Attachment B, as Amended by PIH Notice 99-51 (HA) - Definition of “Substantial Deviation” and “Significant Amendment or Modification” [903.7(r)], the criteria for “a substantial deviation from the 5-Year Plan” and a significant amendment or modification to the 5-Year Plan and Annual Plan”.

Until the PHA has met the requirements to define “significant amendment or modifications”, HUD will consider the following actions to be significant amendments or modifications:

- Changes to rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items (items not included in the current Annual statement or 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- Additions of new activities not included in the current PHDEP Plan; and
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

This criteria does not supercede the requirements of OMB Circular No. A-87 (Cost Principal for State, Local, and Indian Tribal Governments) and 25 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements), as well as federal, state, or local regulations or statues.

Any future issuance of HUD guidelines or additional regulations shall take precedence over the above criteria.
