INCOME TARGETING POLICY  
FOR PUBLIC HOUSING AND  
SECTION 8 PROGRAMS

June 1999

Approved by the PHA Board of Commissioners: June 14, 1999

**Table Library**

Submitted to HUD:

## STATEMENT OF POLICY AND OBJECTIVES

### INTRODUCTION

The purpose of this policy is to establish among other things, annual requirements for admitting families with incomes below thirty percent (30%) of the area median income, related income targeting requirements, and public housing deconcentration requirements.

This policy amends Chapter 8 in the City of Roanoke Redevelopment and Housing Authority (RRHA) Admissions and Continued Occupancy Policy for Public Housing, “Tenant Selection and Assignment Plan,” and will be titled “Public Housing and Section 8 Income Targeting Policy” under Section C. It will also be an amendment to the Section 8 Administrative Plan.

### INCOME TARGETING REQUIREMENTS

#### A. PUBLIC HOUSING

With respect to income targeting, the general rule is that in each fiscal year, at least 40 percent of the families admitted to public housing by the RRHA must have incomes that do not exceed 30 percent of the area median income.

#### 1. FUNGIBILITY

HUD fungibility provisions allow the RRHA to admit less than 40 percent of the families with incomes below 30 percent of the median (“very poor families”) in a fiscal year, to the extent the RRHA has provided more than seventy-five (75) percent of newly available vouchers and certificates (including those resulting from turnover) to very poor families. Thus, the provision is called “fungibility” because to a limited extent, it makes the

targeting requirements in public housing and tenant-based assistance interchangeable or fungible. There are three further limitations on the RRHA's use of fungibility. Fungibility "credits" only can be used to drop the annual requirement for housing very poor families below 40 percent of newly available units in public housing, by the lowest of the following amounts:

- a. The number of units equivalent to ten (10) percent of the number of newly available vouchers and certificates in that fiscal year, or
- b. The number of units that (1) are in projects located in census tracts having a poverty rate of 30% or more, and (2) are made available for occupancy by and actually occupied in that year by very poor families; or
- c. The number of units that cause the RRHA's overall requirement for housing very poor families to drop to 30% of its newly available units.

**2. NEW RESIDENTS (PUBLIC HOUSING ADMISSIONS)**

- a. New applicants will be offered units in Public Housing in one of two different application settings.
  1. Centralized waiting list. (Current system)
    - a. Very low and low income families will be offered units in areas with higher income population, based on our current annual income statistics of residents residing in each development.
    - b. Higher income families will be offered units in areas with lower income population, based on our

current annual income statistics of residents residing in each development.

- c. Housing offers will be made by the Central Leasing Department.

2. Site-based waiting list. (Proposed system.)

- a. For purposes of income mixing, on-site applicants will be referred to other developments, when family incomes are contradictory to the income mix of the development.
- b. The on-site manager will make housing offers.
- c. The family will retain the choice of accepting the offer.

## **B. SECTION 8 TENANT-BASED ASSISTANCE**

With respect to Section 8 tenant-based assistance, for the RRHA in each fiscal year, not less than 75 percent of its new admissions to the program must have incomes at or below 30 percent of the area median income. The RRHA will utilize the income limits based on 30 percent of median income published each year by HUD. Other admissions must comply with eligibility limits under the current regulations (24 CFR 982.201 (b)) and law.

## **C. SECTION 8 PROJECT-BASED ASSISTANCE**

**C**

For Section 8 project-based assistance (including moderate rehabilitation and project-based certificates), not less than 40 percent of the new admissions to a specific project must have incomes at or below 30% of the area median income.

#### DECONCENTRATION OF POVERTY

The RRHA is committed to providing income mixing and deconcentration of poverty by encouraging transfers of higher income tenants into lower income public housing developments and lower income tenants into higher income public housing developments.

**1. The RRHA will deconcentrate high income and very low income families in the same area (Income Mixing) by:**

- a. **Offering incentives to higher income residents to relocate to lower income developments.**
- b. Offering incentives to lower income residents to relocate to higher income developments.

**2. The RRHA will offer incentives for families to relocate to other developments, such as:**

- a. Providing funds for moving expenses incurred by the resident.
- b. Rent credit for one month.
- c. Bedroom size change (diversion from Occupancy Standard.)
- d. Free gifts.

The RRHA will encourage families to move to other developments to prevent concentration of lower or higher income families in the same development. However, the family will retain the choice of accepting the offer to move.

#### RECORD KEEPING

The RRHA will maintain leasing statistics by property as well as for the Authority as a whole. These statistics will be for Public Housing and Section 8 programs. This will make it possible to demonstrate the effectiveness of our plan, as well as our success in achieving a range of incomes at all properties. The records include, but are not limited to, the following:

1. Annual income for all new admissions.
2. Average family rent payment.
3. Incentives provided.
4. Families relocated to promote deconcentration/income mixing.
5. Monthly statistical information to monitor percentage compliance with HUD income targeting regulations.

#### **REGULATORY COMPLIANCE**

For compliance with the regulations for this year, the statistical analysis will be pro-rated from April 1, 1999 until September 30, 1999.

This summary should not exceed 5-10 sentences.

**STRENGTHENING PARTNERSHIPS FOR DRUG FREE COMMUNITIES**

The RRHA, public housing residents and our community partners have developed an aggressive and proactive five year Public Housing Drug Elimination Plan consisting of four components designed to accomplish the following goals:

1. CREATING SAFE NEIGHBORHOODS - To reduce or eliminate drug-related crime and other Part I and Part II crimes associated with the drug trade by decreasing the number of guns in homes through the Gun Buy-Back Program and by increasing youth resistance to crime.
2. STRENGTHENING PARTNERSHIPS - To strengthen ongoing relationships with local law enforcement agencies and youth service organizations to develop risk management skills in youth, to employ and train residents to provide youth programming, and to develop career goals in youth.
3. RISK BEHAVIOR PREVENTION - To enhance the quality of life for residents and community vitality by providing tools for youth to avoid the pitfalls of drug/alcohol use, early sexual activity and violence.
4. RISK BEHAVIOR INTERVENTION - To provide alternatives to risk behaviors and promote leadership qualities through experiences and through youth empowerment.

RRHA is developing a system of evaluating process and outcome goals for our prevention and intervention programs and will continue its use through this grant cycle.

**STRENGTHENING PARTNERSHIPS FOR DRUG FREE COMMUNITIES** - Our Prevention Programs, Scouting, the Youth Resiliency Program and the Youth Entrepreneur program will play a major role in community development through youth activities that provide character development, citizenship training and positive role models as well as adult development and employment for residents. Our Safe Neighborhood Component will foster community safety by sponsoring a Gun Buy-Back Program and continue the McGruff House Program and Safety Patrols. Intervention remains a priority and we will continue to provide crisis and family counseling for residents. We expect that drug and assault related calls for service will decline by 15% and that residents' perceptions of safety and security will increase by 20% in two years. We expect to serve 2,522 residents, to employ more residents through PHDEP programs, and to significantly impact youth living in our communities.

**A. PHDEP Plan Summary**

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). This summary should not exceed 5-10 sentences.

**STRENGTHENING PARTNERSHIPS FOR DRUG FREE COMMUNITIES**

The RRHA, public housing residents and our community partners have developed an aggressive and proactive five year Public Housing Drug Elimination Plan consisting of four components designed to accomplish the following goals:

5. CREATING SAFE NEIGHBORHOODS - To reduce or eliminate drug-related crime and other Part I and Part II crimes associated with the drug trade by decreasing the number of guns in homes through the Gun Buy-Back Program and by increasing youth resistance to crime.
6. STRENGTHENING PARTNERSHIPS - To strengthen ongoing relationships with local law enforcement agencies and youth service organizations to develop risk management skills in youth, to employ and train residents to provide youth programming, and to develop career goals in youth.
7. RISK BEHAVIOR PREVENTION - To enhance the quality of life for residents and community vitality by providing tools for youth to avoid the pitfalls of drug/alcohol use, early sexual activity and violence.
8. RISK BEHAVIOR INTERVENTION - To provide alternatives to risk behaviors and promote leadership qualities through experiences and through youth empowerment.

RRHA is developing a system of evaluating process and outcome goals for our prevention and intervention programs and will continue its use through this grant cycle.
