1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

NOTES FOR ABOVE TABLE:

- 1) Information taken from Census Bureau site on the Internet (www.census.gov/washington/okanogan) is based on the 1990 Census
- 2) Area Median Income = AMI
- 3) There is a demand in this County for about 22,000 workers during the months of August and September, and a demand for about 4,000 workers over six other months. It is estimated that about 14,400 of the 22,000 in August and September are migrant, Hispanic workers with no permanent residence. Also, the Housing Needs Assessment for Okanogan County states that the number of Hispanics living in Okanogan County increased by 75% from 1990 to 1994. Therefore, the overall number of families in need of housing among the Hispanic population is much greater than represented here.

What sources of information did the PHA use to conduct this analysis? (Check all that apply; all materials must be made available for public inspection.)

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Based on the Washington State Consolidated Plan in 1990 21.3% of all Washington households were in the extremely low to very low income category. This was slightly above the national average. Renter households made up the majority of the households in these categories. Households with cost burdens of 30% or more of income were also most likely to be renters. The incidence rate of

households with any housing problems was greater for minority-head households. Among the renter households, there was a disproportionate incident rate among Hispanic households.

Based on a 1995 Housing Needs Assessment & Strategies for Okanogan County the following was documented:

- The county continues to have a high percentage of lower-income households. In 1994, 47% of these households earned less than \$20,000.
- In the 1980's, the number of persons living below the poverty level increased from 15% to 22%. The percentage of Hispanics living below the poverty level increased from 32% to 45%.
- 29% of renter households are considered households in need of assistance. The largest households in need are families of 2 to 4 persons.
- The list for assisted housing grows annually.
- Home ownership is no longer affordable to a moderate-income family earning 80% of the county median.
- From 1990 to 1994, the number of Hispanics in Okanogan County increased by 75%. During September, an estimated 22,000 seasonal agricultural workers, primarily Hispanics, work in the County with limited housing opportunities. The growth rate of the Hispanic population is expected to outpace other population growth rate.

There is a great need for Seasonal and Migrant Housing, as well as, Family Self Sufficiency and Home Ownership Programs within our County. However, staffing and funding constraints prevent us from offering these programs. While we wish we could meet the needs that exist in our county, we are not optimistic about achieving this objective. Neither the Housing Authority nor the State or Federal Government have the resources necessary to accomplish our objectives. The only practical thing we can do is to apply for the grant opportunities made available over the next year. Whenever possible we will respond to HUD Notices of Funding Availability to increase the amount of affordable housing assistance in Okanogan County.

Meanwhile the PHA will continue to improve upon its existing affordable housing programs to the best of its ability by:

- The PHA shall apply for special-purpose vouchers targeted to the elderly and/or disabled as they become available
- The PHA shall apply for welfare-to-work vouchers as they become available to assist working families
- The PHA has established Section 8 payment standards at 110% of the published FMR's for 0-1 BR Vouchers and at 100% for 2+ Vouchers

- The PHA shall meet or exceed the 75% federal targeting requirements for families at or below 30% of AMI
- The PHA shall seek mixed-finance resources to purchase HUD and Rural Development rental assisted units as they become available through pre-payment and opt-out options
- The PHA shall increase owner acceptance to the Section 8 Program by:
 - marketing to new owners through aggressive advertisement and presentation program
 - screening all applicants through the State Patrol for drug and violent criminal activity
 - providing additional information on rental history and payment history on applicants and participants
- The PHA shall affirmatively market to the Hispanic community through a Spanish language newspaper and radio programs

The PHA sees a great need to preserve federally-assisted units in danger of conversion located within the County. Whenever possible the PHA shall seek mixed-financial resources in an attempt to purchase these units as they become available through owner pre-payment and opt-out options.

(1) Strategies

- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

Of the six general priority areas identified in the State Consolidated Plan the Okanogan County Housing Authority activities are consistent with five. Because of staffing and resource constraints we are unable to assist homeowners, but instead are concentrating on rental assistance programs. The activities we are undertaking to be consistent with the Consolidated Plan are:

1. **Applying for additional Federally-funded housing vouchers.**
2. **Seek mixed-financing to purchase upcoming pre-payments and opt-out HUD and Rural Development units as they become available.**
3. **Seek state supported technical assistance, pre-development grants and loans, and funding in our quest to purchase upcoming pre-payments and opt-out HUD and Rural Development units as they become available (i.e., WCDLF and Housing Trust Fund)**

With these actions we address the following priorities in the Consolidated Plan:

- **Increase the availability and affordability of housing for renter households earning 80% of median income or less, with an emphasis on the very low income.**
- **Provide a continuum of housing and services for the homeless people.**
- **Provide a continuum of housing and related services for people with special needs, i.e. elderly, disabled, agricultural workers**
- **Increase the capacity and skills of local organizations to identify and undertake housing development activities and assist local governments to identify and use flexible and on-going options to fund housing programs and implement local housing policies.**
- **Provide leadership in housing regulation and policy development to increase access to affordable housing throughout the state.**

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

1. **Provide tenant based rental assistance through HOME, targeting very low-income, homeless, and special needs populations.**
2. **Develop and/or preserve an additional 750 units, annually, of housing through acquisition, new construction, and rehabilitation programs funded by Housing Trust Fund, Community Development Block Grant and HOME programs. Sixty percent of the units will be targeted for households below 50% of the area median income and 40% will be targeted to households earning 50-80% of the median income.**
3. **To track the status of federally-assisted units in danger of conversion, identify qualified purchasers to preserve the units and provide financing when appropriate.**
4. **Tax Credit Options available through the Washington State Finance Housing Commission to preserve existing housing.**
5. **Funding for Washington Community Development Loan Fund and the Housing Trust Fund**
