A. Substantial Deviation from the 5-year Plan:

None

B. Significant Amendment or Modification to the Annual Plan:

In the Annual Plan for the year 2000, a 5 year action plan covering capital work items was included. For the year 2001, it was recorded that Oneonta Housing Authority would like to purchase new appliances for three projects, landscaping, playground equipment, and hot water heaters for various projects. After review of these items, it appears that at this time, all appliances, hot water heaters, and playground equipment are in good condition. All previous CIAP funds have been used to update the dwelling units. The management and maintenance building is the original and is approximately 50 years old. A budget has been approved by HUD to build a new office. The current office will then be converted to a community building for the project in which it is located.
