The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

This Authority defines a “Substantial Deviation” to the 5 year and Annual Plan as any addition or deletion of any new or old program or activity, changes to rent or admission policies. A substantial decrease of funds in the Capital Fund Program that would eliminate or modify modernization work items that have already been approved and that would require the Board of Commissioners to establish priorities for the required modernization work based on the availability of funds.

B. Significant Amendment or Modification to the Annual Plan:

A “Significant Amendment” would be the addition of emergency and non-emergency work items that were not included in the 5 year or Annual plan, but require immediate attention to correct potential problem areas.

ATTACHMENT F----PROGRESS STATEMENT OF PHA MISSION AND GOALS

The Authority has a goal to renovate and modernize public housing units and the Authority is on schedule with accomplishing this goal.

The Authority is on schedule with admitting higher income families into public housing, the average rent has increased over the past year, and this is due in part by admitting working families into the program.

In an effort to increase customer service, work orders are being processed in a 2 day period.

The Tenant Account Receivable balance has decreased during the past year, due to aggressive rent collection policy being enforced by the Authority.
