**Attachment F: Statement of Progress in Meeting the 5-Year Plan Mission and Goals**

Our first objective is to reach a vacancy rate of 8%. It appears that the rate for this year will be 16%, which is up a little from 17.29% last year.

Our second objective was stated as reaching a PHAS score of 26. That must have been intended to be an increase of 26 points. Our PHAS score for 1999 was 63.8.

Another objective was to increase the number and percentage of employed persons in assisted families. Specific numbers were not given for this goal, but the number of employed persons has increased from 6 to 8 this year. That amounts to an increase from 15% to 20% of the adult members of assisted families. This is not an average of all families served throughout the year, but is taken from a snapshot of our records in December of each year.
