Implementation of Public Housing Resident Community Service Requirements

Administrative Steps

The community service requirement is written, and it describes the requirement, covered residents, exempt residents, violation of the service requirement, community service, qualified service organizations and activities, determining resident status, assuring resident compliance and signed certifications. Residents are notified and the Authority strives to work with welfare agencies. The Housing Authority administers the program.

Programmatic Aspects

The Housing Authority has developed, posted on the bulletin board and provided the residents a list of qualified organizations (and activities) that have agreed to work with residents in helping them satisfy their community service requirement. Residents are not limited to the published list and are encouraged to identify other organizations and activities. The full policy is a supporting document.

Specifics

The requirement is effective beginning with fiscal years that commence on or after October 1, 2000. Each adult resident of public housing who is not exempt must contribute eight hours of community service per month, participate in an economic self-sufficiency program for eight hours per month, or perform a combination of the two which totals eight hours per month. Exemptions are provided for adults who are: 1) age 62 or older; 2) blind or disabled and certifies that he/she is unable to comply because of the disability, or is a primary caretaker of such individual; 3) is engaged in work activities; 4) meets the requirements of being exempted from having to engage in a work activity under the State program funded under Part A of Title 1V of the Social

Security Act or under any other welfare program of the State, including a State-administered welfare-to-work program; or, 5) is a member of a family receiving assistance, benefits or services from programs noted in #4 and have not been found to be in non-compliance with such program.

The Springdale Housing Authority has arranged for eligible tenants to perform their community service requirements at the following non-profit organizations in Springdale: The Council on Aging and the Adult Day Care.

Pet Policy

PET POLICY

[24 CFR 5.309]

INTRODUCTION

The purpose of this policy is to establish the PHA's policy and procedures for ownership of pets in public housing units and any criteria or standards pertaining to the policy. The rules adopted are reasonably related to the legitimate interest of this PHA to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the PHA.

Nothing in this policy or the dwelling lease limits or impairs the right of persons with disabilities to own animals that are used to assist them.

ANIMALS THAT ASSIST PERSONS WITH DISABILITIES

Animals that assist persons with disabilities are excluded from pet size, type and weight limitations, pet fees and any limitations that could result in serious harm to the persons with disabilities ability to function independently and effectively. (Companion animals that assist persons with disabilities shall be included in pet size, number, type, and weight limitations).

Residents with animals that assist persons with disabilities will be required to certify:

That there is a person with disabilities in the household;

Statement from a medical doctor stating the animal is a necessary part of the treatment or rehabilitation of the person with the disability.

That the animal actually assists the person with the disability.

A. MANAGEMENT APPROVAL OF PETS

All pets must be approved in advance by the PHA management.

The pet owner must submit an "Application to Keep a Pet".

The pet owner must enter into a Pet Agreement with the PHA.

Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises and updated annually. The Resident must submit to the PHA documented proof of the proposed pet's health, suitability and acceptability in accordance with provisions outlined in "Standards" below.

Registration Includes:

Statement signed by a licensed veterinarian stating the pet has received all inoculations required by state or local law and the pet is in good health with no communicable diseases and is pest free.
Statement signed by a licensed veterinarian that the dog or cat has been spayed or neutered.

Name, address, and phone number of one or more responsible parties to care for the pet if the owner dies, is incapacitated or unable to care for the pet;

Execution of a "Pet Agreement" stating that the Resident accepts complete responsibility for the care and cleaning of the pet and acknowledges the applicable rules;

Pet must be licensed in accordance with applicable State and local laws and regulations.

Annual registration will be coordinated with the annual reexamination date. Approval for the keeping of pet shall not be extended until the requirements specified above have been met, and in no event will approval of other than the common household pets be extended.

Refusal To Register Pets

The PHA may not refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet. If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements.

The PHA will refuse to register a pet if:

The pet is not a *common household pet* as defined in this policy;

Keeping the pet would violate any House Pet Rules;

The pet owner fails to provide complete pet registration information, fails to pay pet deposit, or fails to update the registration annually;

The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

The notice of refusal may be combined with a notice of a pet violation.

Progress in Meeting the 5-Year Plan Mission and Goals

Our Mission is: **To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.** We have been and will continue to support our mission.

The following describe our goals and objectives and our progress:

Goal One: In HUD's Strategic Goal of increasing the availability of decent, safe and affordable housing, we have attempted to expand the supply of assisted housing. Our specific objectives for this goal were to apply for additional vouchers as they become available and to maintain a 97% to 100% occupancy rate. During the last fiscal year, we applied for 148 vouchers and have maintained our occupancy within the targeted percentages.

Goal Two: To improve the quality of assisted housing by improving our housing management and voucher management scores. Our specific objective was to continue to be recognized as a High Performer by HUD. We have done this with a housing score of 93.7 for PHAS and 95 for SEMAP. In this particular goal, we also had an objective of improving customer satisfaction by increasing communications with the residents, increasing the number of resident surveys, encouraging resident meetings, and increasing resident programs. The Authority has sent out notices, newsletters, resident surveys and had resident meetings. Also, in addition to a Kid's Club and a Women's Connection Group, we are trying to develop Girl Scouts and Home Extension Programs.

Goal Three: Our objectives to increase assisted living choices were to provide voucher mobility counseling and conduct outreach efforts to potential voucher landlords. We have been meeting these objectives.

Goal Four: Under HUD's Strategic Goal of improving community quality of life and economic vitality, we have a PHA Goal of providing an improved living environment. Our objective is to implement public housing security improvements. We have done this by providing weekend security patrols with off-duty police officers. We also provide two units of public housing for the police officers. We also have an objective of identifying and assisting families in obtaining needed services. We meet this by obtaining various brochures for the residents.

Goal Five: The Housing Authority of the City of Springdale has a goal of promoting self-sufficiency and asset development of assisted households. Our objective is to provide or attract supportive services to improve the employability of the tenants by partnering with technical schools and employment agencies. We have had the technical schools come to the Authority to conduct meetings and discuss available classes. We also have an objective to provide or attract supportive services to increase the independence for the elderly or families with disabilities. Our objective was to partner with agencies such as Area Connection and the Elderly Nutrition Program for supportive services. We are doing this.

Goal Six: Our final goal is to ensure equal opportunity in housing for all Americans. We take every effort to ensure that everyone in Public Housing and Section 8 is allowed access to assisted housing, a suitable living environment and accessibility for

the disabled regardless of race, color, religion, national origin, sex, familial status and disability.

DECONCENTRATION OF POVERTY AND INCOME MIXING

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least biannually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

If the PHA's annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of a particular project, the PHA will evaluate the changes to determine whether, based on the PHA methodology of choice, the project needs to be redesignated as a higher or lower income project or whether the PHA has met the deconcentration goals and the project needs no particular designation.

Aggregate Average

The PHA will review the annual resident income of all of its sites and using the incomes of all families in all developments as a baseline, determine the average income of all of its resident families.

The PHA will designate higher income developments those with average income above the aggregate average.

The PHA will designate lower income developments those with average income below the aggregate average.

Component 3, (6) Deconcentration and Income Mixing

- a. Yes No: Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.
- b. Yes No: Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

If yes, list these developments as follows:
