**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of the City of Aurora estimates that it would take approximately 3,000 new units to meet the existing need for affordable housing in the City of Aurora. The families with the greatest need are those earning less than 50% of the area median income; an additional 1,700 units would have to become available to meet their needs. It would take 340 new affordable housing units to meet the needs to the elderly community. To meet the needs of this community, the Aurora Housing Authority will apply for additional funding as it becomes available, pursue the development of mixed-income housing units and continue the efficient and effective management of existing programs.

The Authority has implemented a number of changes as required by the Quality Housing and Work Responsibility Act (QHWRA) passed by congress in 1998. Residents of Buckingham Gardens and Public Housing now have the choice in how their rent is calculated. Residents may elect to pay rent based on 30% of their income or a flat rent. The flat rent will enable higher income households to save money on rent.

Another change for public housing residents involves the Community Service/Self-sufficiency Work Activities requirement. This requires that all adult household members between the ages of 18 and 61 contribute 8 hours per month of community service if they are unemployed and not exempt from the requirement. The Housing Authority will not renew the lease for any family that includes a member who is not exempt and fails to meet the Service Requirement.

Through the Public Housing Capital fund, the Authority will receive \$380,000 that will be used to ensure the long-term physical viability of Buckingham Gardens and Dispersed Public Housing. Proposed activities for Buckingham Gardens include the remodel of 42 kitchens, repair of the existing decks, and a feasibility study to determine if construction of an additional building at Buckingham Gardens should be undertaken. Proposed activities for dispersed housing include remodeling nine kitchens and five bathrooms.

The Aurora Housing Authority will continue to look for opportunities to meet the affordable housing needs of the members of our community and to effectively and efficiently manager the programs currently provided.

For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

#### **(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

#### **Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

#### **Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

Select all that apply

- Adopt rent policies to support and encourage work
- Other: (list below)

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

### Statement of progress in meeting the 5-year Plan

The Aurora Housing Authority developed seven guiding strategies for the 5-year plan. The following is a review of the strategies and a brief update on the progress in meeting each strategy.

*Strategy #1: Commit Aurora Housing Authority resources to support housing authority families in their efforts to achieve self-sufficiency.*

Update: The Housing Authority has committed funds to the successful implementation of Family Self-Sufficiency. We are also in the progress of assessing interest among Mod Rehab and Public Housing families in obtaining case management services. For residents residing at Buckingham Gardens, we are in the process of hiring a resident service coordinator.

A resource station has been set up in the lobby that provides information about other services and activities available in the community.

*Strategy # 2: To promote the highest quality of life economically feasible, the Aurora Housing Authority will, on an annual basis, identify and assess the quality and level of services provided to residents\*.*

Update: For the third consecutive year, the Housing Authority has surveyed residents seeking their input on services provided and services they feel would be beneficial to them in obtaining self-sufficiency. Additionally, the Authority has developed and implemented transactional and exit surveys to identify areas where service needs improvement or where service is exceptional.

To accommodate members of our community whose first language is Spanish, the Authority has had some its documents translated into Spanish.

*Strategy # 3: Provide staff and commissioners with the tools necessary to effectively and efficiently execute their roles and responsibilities specific to the Aurora Housing Authority.*

The Authority continues to provide both staff and commissioners with financial support for educational and professional training. An expansion of the existing office building was completed in early 2000 and the expansion of the maintenance shop should be completed by the end of 2000.

*Strategy # 4: Aurora Housing Authority will develop and nurture a positive image in our community.*

Update: The Authority publishes a semi-annual newsletter that is distributed to all housing authority residents, landlords, city staff, Council members, and community leaders. A speakers group comprised of staff and Board members is available to speak at community functions.

Strategy # 5: Develop and create additional affordable housing units.

Update: The Authority is obtaining the necessary approvals from the City of Aurora to develop a 68-unit apartment complex on the northwest corner of 6<sup>th</sup> Avenue and Potomac Street. Eighty percent of the units will be affordable to families at 60% of AMI.

Strategy # 6: Create public and private partnerships to develop housing and provide services in the community.

Update: The Authority continues to look for opportunities to partner with other agencies for the provision of housing and associated services.

Strategy # 7: Increase the financial strength of the agency.

Update: The Authority has increased the financial strength of the agency through cost effective administration of programs and efficiently managing its investments.
