Implementation of Public Housing Resident Community Service Requirements

The Housing Authority will send letters to all family units outlining the requirements for each adult member to provide eight (8) hours of community service or economic self-sufficiency activities a month. The letter will list the exemptions for individuals who need not fulfill the requirement, but will also provide the notice that, unless advised otherwise, the Authority will presume all adult family members will be required to complete and provide verification of the obligation.

In the meantime, the Housing Authority will make the required changes to the Lease and issue same for the 30-day comment period.

Tenants will be advised that they will be required to submit evidence of community service 30 days prior to annual recertification (or for those on flat rents, when the recertification would have occurred). The Housing Authority will conduct third-party verification of the statements received regarding community service and proceed with any required action.

The community service requirements are detailed in full in the Housing Authority's Admissions and Continued Occupancy Policy.

Housing Authority of the Town of Manchester

Housing Authority of the Town of Manchester Goals and Accomplishments – FY 2001

The first year of our PHA Agency Plan will end September 30, 2001 with most goals being met and on-going and continuing activity in other areas.

Though one of our primary goals was to apply for additional Section 8 “Fair Share” units, the Housing Authority was not successfully funded. We did acquire additional Section 8 units, however, with the approval of our application for designated housing – another goal.

With funding, we were able to retrofit two houses to accommodate very physically handicapped family members. With our modernization funds, we updated the electrical systems throughout our developments and are upgrading the kitchens in three (3) of the developments.

In an effort to increase the number of employed persons residing in our developments, we offer a discretionary rent policy in that we will deduct 10% of gross income for working families.

Throughout the year, we had help one-on-one meetings with Section 8 landlords, both those in the program and those new to the program. This past year, we added four (4) new landlords to the program. At the suggestion of our Tenant Advisory Board, we have met with the landlords participating in the Section 8 program to offer some diversity training, as well as review new program requirements.

Within the past fiscal year, we increased our payment standards for all units to a level of 110% of FMR to enable our participants to locate decent, safe, and sanitary housing at an affordable level.

On-going goals throughout the five-years continue to ensure equal opportunity in our housing programs, as well as increase customer satisfaction.
