## Implementation of Public Housing Resident Community Service Requirements

The Housing Authority will review the files of all residents and, except for those exempt from the community service requirement because of age or disability, will send letters to remaining households outlining the requirement for each adult member to provide eight (8) hours of community service or economic self-sufficiency activities a month. The letter will list the exemptions for individuals who need not fulfill the requirement, but will also provide the notice that, unless advised otherwise, the Authority will presume all adult family members will be required to complete and provide verification of the obligation.

In the meantime, the Housing Authority will make the required changes to the Lease and issue same for the 30-day comment period.

Tenants will be advised that they will be required to submit evidence of community service 30 days prior to annual recertification (or for those on flat rents, when the recertification would have occurred). The Housing Authority will conduct third-party verification of the statements received regarding community service and proceed with any required action. Through the cooperative relationship the Authority enjoys with the local TANF, we will work with them to determine our residents' status relative to this requirement. Because we have a minimal number of family units (with the majority of adults employed) and presume members of our elderly units, through age or disability, will be exempt from the requirement, the Housing Authority will administer the community service requirement. The remaining residents that must comply will be offered tasks at the Authority or, if desired, the Authority will work with other agencies located throughout the Town to assist the resident in finding a community service opportunity.

The community service requirements are detailed in full in the Housing Authority's Admissions and Continued Occupancy Policy.

Housing Authority of the Town of Vernon  
Goals and Accomplishments – FY 2000

The first year of our PHA Agency ended December 1, 1999 with many of our goals met.

Under HUD's Strategic Goals, Goal No. 1, Expand the supply of assisted housing, we indicated that we would (1) reduce public housing vacancies – with a goal of 95% occupancy by 2004, (2) leverage private or other public funds to create additional housing opportunities – apply for HOME Funds as they became available, and, (3) acquire or build units or developments.

From the beginning of the fiscal year to the current date (November 2000), the Authority decreased its vacant units from 33 to 19, an increase in occupancy from 77.2% to 86.6%.

The Authority successfully applied for HOME Funds through the Small Cities Program and was awarded \$700,000+, which will be used to purchase and rehabilitate properties taken from delinquent tax rolls. Once rehabilitation is complete, the properties will be sold to lower income families as affordable housing ventures.

The Housing Authority and its non-profit organization has an active, on-going homeownership program. During this period we have acquired three (3) properties and sold two (2) to eligible first-time homeowners.

HUD's Goal No. 2, Improve the quality of assisted housing, identified three (3) objectives: (1) Improve public housing management (PHAS Score) – Recognized as a high performer by 2004, (2) Improve voucher management (SEMAP Score) – Recognized as a high performer by 2004, and, (3) Renovate or modernize public housing units – on an ongoing basis.

Although PHAS Scores for our Authority's fiscal year are still reflected as an Advisory Score, we achieved a "standard" performer overall rating of 73.3%.

SEMAP scoring is also still Advisory. HUD did not provide us with an advisory score.

Within the past fiscal year, we completed, or are in the process of completing, the following modernization activities: conversion of 9 efficiency units to 6 one-bedroom units, upgrade the generator at Court Towers, installed new sidewalks (per ADA requirements) at Court Towers, and relocated the Authority's administrative offices to the Court Towers complex to provide a better visibility and accessibility to lower income families and applicants.

For HUD Goal No. 3, Increase assisted housing choices, we selected two objectives: (1) implement voucher homeownership program by 2004, and (2) implement public housing or other homeownership programs – currently implementing.

HUD did not issue the Final Rule for the Section 8 homeownership program until September 2000. We still estimate this program to be implemented by FYE 2004.

The Authority has a HUD-approved 5(h) homeownership program that is progressing in our scattered sites, as well as the non-profit organization which is continuing to acquire, rehabilitate, and sell properties as affordable housing units.

HUD Goal No. 4, Provide an improved living environment, identified one objective: Designate developments or buildings for particular resident groups by 2004.

The Authority submitted a request to HUD for elderly-only designated housing for both Franklin Park West and Court Towers. Designation, as well as replacement vouchers, was approved.

HUD Strategic Goal No. 5, ensure equal opportunity and affirmatively further fair housing, our on-going objectives is to undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability.

To “market” our units, we solicit applicants by advertising in local newspaper and minority publications; send notices to councils on aging, churches, senior “fairs”, and state-wide housing authorities; participate in various community activities to publicize our housing programs.

Neither our Section 8 waiting list nor the public housing waiting list have a residency preference.

The Housing Authority also identified its own goals – the first two are tied in with HUD’s Strategic Goals and addressed above.

PHA Goal 3 proposed to improve access of our public housing residents to services that support their quality of life. This will be accomplished by applying for funds, as available through HUD, to establish a Service Coordinator position.

HUD has not yet made funding available for this purpose.

PHA Goal No. 4 states the Authority will be managed in such a manner that results in full compliance with applicable HUD and State statues and regulations and all Fair Housing regulations by providing for adequate training of designated administrative and maintenance supervisory staff in all areas of current HUD regulations and guidelines.

Staff members attended various training sessions held throughout the year.

In addition to the goals identified above, the Authority was successful in obtaining a building which will house a community police sub-station.
