Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

1. To increase police visibility as measured by an instrument developed by the Resident Council. The instrument will include resident surveys, monitoring logs and focus group reports. A reachable goal is to record a feeling of increased safety in their neighborhoods by residents.
2. To decrease the level of drug activity as measured by UCR, surveys of resident perception, and regular reporting instruments. After statistical analysis, a decrease of 10% or more of specially targeted crime will be expected per year.
3. To increase the physical security of residents; by installing security fencing, outdoor lighting; by ongoing improvements of the physical appearance of the neighborhoods.
4. To increase the effectiveness of drug elimination efforts of service providers for drug prevention, intervention and treatment, through performance reporting and Resident Council involvement and familiarization with service providers. Attendance and completion of programs should exceed 90% to insure value of the program.
5. To provide public housing residents with economic and educational opportunities as part of a comprehensive substance abuse prevention strategy.
6. To promote a sense of mutual responsibility and accountability in cooperation with law enforcement agencies, residents, service providers and the Greater community. This can be measured by the accomplishment of setting goals and objectives and seeing the measurable success from all the hard work of the community.

Chapter 10

PET POLICY

INTRODUCTION

PHAs have discretion to decide whether or not to develop policies pertaining to the keeping of pets in public housing units. This Chapter explains the PHA's policies on the keeping of pets and any criteria or standards pertaining to the policy. The rules adopted are reasonably related to the legitimate interest of this PHA to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the PHA.

The purpose of this policy is to establish the policy and procedures for ownership of pets in elderly and disabled unit and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. It also established reasonable rules governing the keeping of common household pets.

ANIMALS THAT ASSIST PERSONS WITH DISABILITIES

The limit as the number of animals permitted to assist the person with disabilities shall not exceed the maximum number as stated in the Standards For Pet Schedule. The exception to this rule may be extended when multiple disables persons reside in the same household, with multiple animal needs demonstrated for specified disabilities, or where marked long-term change(s)/disabilities in life functions can be documented to warrant an exception.

Pet rules will not be applied to animals who assist persons with disabilities.

To be excluded from the pet policy, the resident/pet owner must certify:

That there is a person with disabilities in the household:

That the animal has been trained to assist with the specified disability

AUTHORITY:

Section 227 of the Housing and Urban-Rural Recovery Act of 1983, effective 30 November 1983, and 24 CFR Sub Part G, Part 960, Section 31, and Section 526 of the Quality Housing & Work Responsibility Act of 1998 provided for the ownership of pets in federally assisted rental housing designated for occupancy by the elderly and handicapped. Under this law, tenants of such housing are permitted to own common household pets. The law forbids discrimination by owners, managers and housing authorities against persons in connection with admission to or continued occupancy of such housing because of pet ownership.

The law applies only to rental housing designated for occupancy by the elderly and handicapped. Managers and owners may prescribe reasonable rules governing the keeping of common household pets after consulting with tenants when prescribing the rules.

These rules specifically exclude animals that are used to assist the handicapped.

The pet owner must submit and enter into a Pet Agreement with the PHA.

Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises. Registration includes:

Current license for the pet in compliance with local ordinances and requirements.

Execution of a Pet Agreement with the PHA stating that the tenant acknowledges complete responsibility for the care and cleaning of the pet.

Approval for the keeping of a pet shall not be extended pending the completion of these requirements.

Refusal To Register Pets

The PHA may not refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet. If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements.

The PHA will refuse to register a pet if:

- a. The pet is not a *common household pet* as defined in this policy;
- b. Keeping the pet would violate any House Pet Rules;
- c. The pet owner fails to provide complete pet registration information, or fails to update the registration annually;
