A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

Mission Statement

The Orange County Division of Housing and Community Development is committed to the provision of housing that is safe, sanitary, and habitable for very low and low-income families. B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

Selected staff has received customer service training and we give all walk-ins a customer service survey to complete. The surveys we have received to date indicate 84% rated services as being excellent, 8% rated them as above average, and 8% rated them as average. The FSS Program Co-ordinating Committee has members from a number of educational and social

service agencies. This committee has been an active advocate on behalf of our FSS participants and has been instrumental in obtaining supportive services to improve participants employability.

Under the TBRA program we provide vouchers for the elderly and disabled. We entered into an interagency agreement with Quest, Inc. to provide services to help selected disabled TBRA participants to increase their independence.

 - Other: (list below)

Progress Statement: The Orange County Division of Housing and Community Development will continue to foster partnerships with non-profit developers to increase the supply of affordable housing stock within Orange County. Such partnerships currently have and will continue to have fair housing parameters structured within the Developer's Agreements. In addition, Orange County funded multi-family projects are monitored on an annual basis for compliance with Developer Agreement conditions including equal opportunity and fair housing regulations. At such time, the tenant selection policies are reviewed as well as housing quality inspections of a sampling of units ensuring suitability.

Section 8 funding provides housing rental assistance to low income Orange County residents regardless of race, color, religion, national origin, sex, familial status or disability. The program participants may access rental units of their choosing and annual inspections of the units are conducted to ensure the units are suitable living environments.

Both the Housing Choice Voucher Program and the Tenant Based Rental Assistance Program have a preference for assisting elderly persons and persons with disabilities.

**ORANGE COUNTY
DIVISION OF
HOUSING AND COMMUNITY DEVELOPMENT**

EXECUTIVE SUMMARY

PURPOSE

There is an increasing desire and interest at improving the services provided at Public Housing Authorities (PHA's) throughout the United States. On February 19, 1999, the United States Department of Housing and Urban Development issued regulations implementing provisions of the Quality Housing and Work Responsibility Act of 1998 (QHWRA). The act required that each PHA develop a five (5) year plan with a statement of its mission, goals and objectives. QHWRA also required PHA's to develop an annual plan with a statement of housing needs of the lower income population in its community, along with the strategies, policies and resources to be used in addressing those needs. The goals and objectives of the five (5) year and annual plans are to be consistent with the housing related objectives identified in the Consolidated Plan for Orange County. An integral and essential component of this strategic planning process is input from families currently

participating in the Section 8 Program and our local community. Although Orange County, Florida is local municipality, the County's Administration of a Certificate, Voucher and Housing Choice Voucher Programs requires compliance with the requirements of the QHWRA.

PROCESS

The Strategic Planning requirements of the QHWRA provided an opportunity for Orange County to review the current Affordable Housing needs of our community and examine the effectiveness of our existing Affordable Housing Initiatives. Several external and internal stakeholders participated in our efforts to develop goals and objectives that will facilitate the provision of housing for lower income families in Orange County. The goals and objectives identified in Orange County's five (5) year and annual plan are comprehensive in that, it also identifies other social issues that adversely impact the housing needs of lower income families. The attached document represents the five (5) year and annual plans of the Orange County Division of Housing and Community Development.

OBSTACLES

Orange County will continue to grow rapidly in the upcoming years. It is projected that Orange County will need 48,000 new Affordable Housing units by the year 2010. Orange County's Consolidated Plan which is a requirement of the U.S. Department of HUD provides a unified vision for community improvement activities. A review of the data and conclusions of Orange County's Consolidated Plans has identified the following Affordable Housing related obstacles:

1. Low wages
2. Unemployment, due to lack of job skills and job preparedness
3. Increasing regulatory fees
4. Increasing cost of construction materials
5. Increasing land prices
6. Credit rating

CONCLUSION

Planning and Evaluation is an important part of any housing effort. Orange County's five- (5) year plan and the annual plan will guide Orange County's housing initiatives under the Section 8 Program. The mission, goals and objectives identified in the plan are consistent with the needs and priorities expressed in Orange County's consolidated plan. The five (5) year and annual plan was prepared with a high level of community involvement and the resulting

strategies will improve on the quality of services provided and opportunities available to families participating in the Section 8 Program.

1. Statement of Housing Needs

[24 CFR Part 903.79 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Housing Needs

Like many other communities in Florida, Orange County has experienced an enormous population growth in the past ten (10) years. It is estimated that approximately 1,700 people move to Orange County every month. Orange County's overwhelming population increase creates a high demand

for housing, in particular affordable housing. Additional challenges in providing affordable housing, stem from Orange County's tourist based economy and the lower wages paid by this industry. The economic realities of a tourism based economy are increasing job growth with moderate wage growth and a growing increase in demand for housing with limited income to meet housing expenses. The University of Florida's Shimberg Center for Affordable Housing conducted a needs assessment for affordable housing which concluded that by the year 2010 Orange County will have a housing deficit of over 48,000 units affordable to households earning less than \$25,000 per year.

- The Resident Advisory Board would like us to develop a computerized program on landlords listing the number of complaints against them, the number and types of HQS

violations, and if their unit(s) have ever been abated. They would like this list made available to tenants. They also suggested we develop a questionnaire for tenants to fill out rating their landlords.
