## Admissions Policy for Deconcentration

### *DECONCENTRATION POLICY*

It is Thomaston Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Towards this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Thomaston Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

The Thomaston Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and non-discriminatory manner.

When the Thomaston Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Thomaston Housing Authority will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given three (3) business days from the date the letter was mailed to contact the Thomaston Housing Authority regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have 24 hours to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Thomaston Housing Authority will send the family a letter documenting the offer and the rejection.

This is a comprehensive program designed to eradicate drug-related problems and criminal activity in Thomaston's public housing communities. It provides additional law enforcement and community policing services, in conjunction with resident participation and strong management practices to stop criminal activity associated with supplying illegal drugs, while at the same time offering drug prevention and intervention services to eliminate the demand for illegal drugs and the problems they create. The comprehensive program strategy includes strong collaborative relationships for increased law enforcement and substance abuse prevention and intervention efforts, a detailed program evaluation plan, coordination with Welfare Reform efforts, use of housing authority facilities, and "One Strike and You're Out" policies. It targets both current and long-term solutions to the immediate, urgent and sustained problems in and around the premises of Thomaston's public housing. The goal of SHA's PHDEP is to reduce crime, particularly drug related crime in SHA's communities so that residents have a decent and safe place to live and raise their families.
