This Resident Advisory Board met on several occasions to review what was in our Five Year Plan; relative to our mission, goals and objectives and to determine if any changes needed to be made in this Annual Plan. Also discussed was our plans to use our Capital Funding. It was the consensus of the Board that the most needed items were the Air Conditioning, Kitchen and Bathroom renovations. The Board seemed well pleased with the work that had been done; new hot water heaters, carbon monoxide detectors, pressure washing of the buildings & roofs and painting of existing shutters and replacement of those which could not be repaired and repainted. They also once again stressed the need for a playground for the children and some additional landscaping to improve the overall appearance of our complex. They agreed that all their concerns were covered in our Plan and fully understood that with the available and projected funding, they could not be accomplished immediately. Based on this, we saw no need to change our Plan, but to continue to work toward all our goals, objectives and needs.

Required Attachment F: Brief Statement of Progress in Meeting the Five Year Plan Missions and Goals:

We continue to fully perform our mission of providing safe, decent and affordable housing available to low and moderate income families with an almost constant 100% occupancy rate. We believe we are operating as efficient and cost effective as we can and when a vacancy does occur, the unit is usually turned around within 7-10 days.

In establishing our goals, we were aware that some of them would be difficult to fully meet with the most difficult being to “expand the supply of assisted housing”. While we have not been able to obtain any additional “assisted housing” ourselves, ;, we have worked with a tax credit complex just constructed in Perry with 109 units and provided information from our waiting list, and also consulted with the Georgia Department of Community Affairs relative to a planned 88 unit Senior Citizens development planned for Perry with construction to begin in the fall of this year. Our second goal was to “Improve the quality of assisted housing”. We have made considerable progress on this goal; we have installed new kitchen cabinets in a number of the units, painted the interior, pressure washed and cleaned the buildings, painted and installed new shutters, painted exterior doors, installed mini-blinds , done considerable landscaping and yard maintenance improvements. Our capital funding for years 2000 and 2001 is going to permit us to further improve our units and bring them up to a level which will permit us to fully compete with private and other housing complexes. We have given priority to working families in admitting several new tenants which, while we only have one site, has helped to deconcentrate to some extent, poverty and improved the range of annual incomes of our residents. But we fully understand that Public Housing is primarily for low and moderate income families and that’s what we must continue to be. We fully expect to receive a PHAS (advisory) score in the range that will continue to designate us as a “high performer”. In summary, as stated in our Executive Summary, we are utilizing all of our available resources and moving forward in the accomplishment of our mission , goals, and objectives.
