Definition of Substantial Deviations or Significant Amendments or Modifications

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the Housing Authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.

The Housing Authority of the City of Marion, Illinois, reserves the right to full fungibility in the accomplishment of its goals and objectives in the capital improvement plan. Funds from one year=s plan may be utilized to accomplish any work item scheduled during the five-year plan and shall not be considered a substantial deviation. Emergency work items shall take precedence over any scheduled work item and shall not be considered a substantial deviation. Any excess funds remaining after completion of the scheduled work items for the annual plan year may be utilized for a future year=s planned work items or transferred into the operations account. This shall not be considered a substantial deviation. Capital Funds may be transferred into Operations at any time to prevent the Housing Authority from being designated as financially troubled.

A change to rent or admission policies, additions of non-emergency items, other than transfers to operations, not included in the current Annual Statement or 5-Year Action Plan, or a change with regard to demolition, disposition, designation, homeownership programs or conversion activities shall be considered a significant amendment or modification.
