## C. Criteria for Substantial Deviation and Significant Amendments

### 1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

**A. Substantial Deviation from the 5-year Plan: The PHA 2000 Plan defined its substantial deviation as the addition of a new year or the inclusion of additional new goals, strategy or work items, except those classified as emergency. The moving of goals, strategy or work items from one plan year to another, necessitated by funding or budgeting constraints or emergencies does not constitute a substantial deviation.**

**B. Significant Amendment or Modification to the Annual Plan:** The PHA Plan defined the significant amendment or modification to the annual plan as the addition or inclusion of new work items, goals, or strategies not included in the five year plan unless they are classified as emergencies.
