14. RESERVED FOR PET POLICY

[24 CFR Part 903.7 9 (n)]

MONROE HOUSING AUTHORITY PET POLICY

Families residing in a Public Housing unit are allowed to keep common household pets in their apartments as stated in their lease and in accordance with the Code of Federal Regulations. Families may request permission to keep a common household pet. Households may keep **only one** common household pet if it is registered with the Housing Authority before it is brought onto the premises, and if registration is updated each year at annual reexamination.

No vicious or intimidating animal or pet is to be kept on the premises.

The resident will be responsible for all reasonable expenses directly related to the presence of the animal or pet on the premises, including the cost of repairs and replacement in the apartment, and the cost of animal care facilities if needed. These charges are due and payable within 30 days of written notification

Payment

The PHA will charge a non-refundable fee of \$100 for each household with a pet (dog or cat). This fee is intended to cover the reasonable operating costs to the project.

The PHA will, in addition, charge a refundable pet deposit of \$200 each household with a pet (dog or cat). This fee is intended to cover additional costs otherwise covered.

The refundable pet deposit will be placed in an escrow account. The PHA will refund the unused portion of the deposit to the resident within a reasonable time after the resident moves from the project or no longer owns or has a pet present in the resident's dwelling unit.

Limitations

PHA authorization for a pet will be given on a year-by-year basis.

No pet will be allowed if weight exceeds 25 pounds, or 15 inches in height at full growth.

No dangerous animal or pet will be allowed. Dangerous pets or animals include, but are not limited to:

Birds of prey (birds such as canaries, parakeets, finch and other species that are normally kept in cages are permitted); poisonous or dangerous fish (permissible fish must be kept in tanks or aquariums not to exceed 20 gallons); dogs such as Pit Bulls or pit bull mix (suggested types of dogs include Chihuahuas, Pekinese, Toy Poodle, Schnauzer, Cocker Spaniel, Dachshund and Terriers; non-household cats (cats must be declawed or have scratching posts and should not exceed 15 pounds); rodents other than hamsters, gerbils, white rats or mice (these must be kept in appropriate cages); reptiles other than turtles or small lizards such as chameleons; exotic pets-at no time will the PHA approve exotic pets such as snakes, monkeys, game pets, etc.

Registration

Registration must include the following:

A certificate signed by a licensed veterinarian stating that the common household pet has received timely all inoculations currently required by state and local laws. Also required is whatever license is mandated by local law.

Name, address and phone number of person to be responsible for pet in resident's absence.

All animals are to be spayed or neutered. If animals are not spayed or neutered and have offspring, the resident household is in violation of this rule.

No animal or pet may be kept in violation of humane or health laws.

Information to identify the animal or pet and to demonstrate that it is an common household pet of reasonable size and demeanor.

The Housing Authority will notify the owner of the common household pet if registration of the pet is refused and will state the basis for the rejection, as size, disposition, etc.

Animal Restraint

A common household pet must be effectively restrained and under the control of a responsible person when passing through a common area, from the street to the apartment, etc. In high-rise elderly complexes household pets must be carried in common areas.

Sanitation Standards

Any animal or pet waste deposited in any animal or pet animal exercise area must be removed right away by the pet owner.

Residents will take adequate precautions to eliminate any animal or pet odors within or around the apartment and maintain the apartment in a sanitary condition at all times.

If a litter box is used in the apartment, it must be emptied at least every 2 days and contents placed in a heavy plastic bag into the garbage container immediately.

All common household pets are to be fed inside the apartment. Feeding is not allowed on porches, sidewalks, patios or other outside area.

Tenants are prohibited from feeding stray animals.

The feeding of stray animals will constitute having a pet without permission of the Housing Authority.

Residents will not alter their unit, patio or unit area to create an enclosure for a common household pet.

Potential Problems and Solutions

Residents will not permit any disturbances by their pets which would interfere with the quiet enjoyment of other tenants; whether by loud barking, howling, biting, scratching, chirping or other such activities.

The Housing Authority may enter the owner's apartment to inspect the premises when circumstances so warrant, to investigate a complaint that there is a violation, and/or to check on a nuisance or threat to health and safety of other residents.

The action may include also placing the pet in a facility to provide care and shelter for a period not to exceed 30 days.

If the pet is threatened by the incapacitation or death of the owner, (or by extreme negligence,) and the designated alternate is unwilling or unable to care for the pet, the Housing Authority may place the pet in proper facility for up to 30 days. If there is no other solution at the end of 30 days, the manager may donate the pet to a humane society. Cost of this professional care will be borne by the pet owner.

Excluded from the premises are all animals and/or pets not owned by residents, except for service animals.

The authorization for a common household pet may be revoked at any time subject to the Housing Authority's grievance procedure if the pet becomes destructive or a nuisance to others, or if the tenant fails to comply with this policy.

Residents who violate these rules are subject to:

Mandatory removal of the pet from the premises within 30 days of notice by the Housing Authority; or if for a threat to health and safety, removal within 24 hours of notice.

Lease termination proceedings.

This policy will be incorporated by reference into the Dwelling Lease signed by the resident, and therefore, violation of the above Policy will be grounds for termination of the lease.

Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. The Neighborhood (Community) Policing and Bicycle Patrols will continue to increase the interaction between police and residents and improve public safety and quality of life in the developments. In addition, the continuation and expansion of the Computer Learning Program, which is based on HUD’s “Campus of Learners”, offers youth and adults alternatives to drugs and drug-related crime.

ADMISSIONS POLICY FOR DECONCENTRATION

J. DECONCENTRATION OF POVERTY AND INCOME MIXING

The PHA's admission policy is designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant income information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

Deconcentration and Income-Mixing Goals

Admission policies related to the deconcentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas, but will strive to achieve deconcentration and income mixing in its developments.

Project Designation Methodology

The PHA will determine and compare tenant incomes at the developments listed in this Chapter.

The PHA will determine and compare the tenant incomes at the developments listed in this Chapter and the incomes of census tracts in which the developments are located.

Upon analyzing its findings the PHA will apply the policies, measures and incentives listed in this Chapter to bring higher income families into lower income developments and lower income families into higher income developments.

The PHA's goal is to have eligible families having higher incomes occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and eligible families having lower incomes occupy dwelling units in projects predominantly occupied by eligible families having higher incomes.

Aggregate Average Method

The PHA will review the annual resident income of all of its sites and using the incomes of all families in all developments as a baseline, determine the average income of all of its resident families.

The PHA will designate higher income developments those with average income above the aggregate average.

The PHA will designate lower income developments those with average income below the aggregate average.

PHA Incentives for Higher Income Families

The PHA will offer certain incentives to higher income families willing to move into lower income projects. The PHA will not take any adverse action against any higher income family declining an offer by the PHA to move into a lower income project.

In addition to maintaining its public housing stock in a manner that is safe, clean, well landscaped and attractive, the PHA will offer the following incentives for higher income families moving into lower income projects:

PHA will allow occupancy standards of one child per bedroom. PHA will target homeownership opportunities to higher income families moving into lower income projects through the Monroe Homeownership Inc. Education and Training Program which provides assistance through the City of Monroe HOME funds (2% of down payments and all closing costs.)

PHA provides after school programs

PHA provides a child care facility on one site

PHA provides programs for youth

PHA provides training opportunities for adults
