ii. Executive Summary

[24 CFR Part 903.7 9 (r)]

At PHA option, provide a brief overview of the information in the Annual Plan

Wadena Housing and Redevelopment Authority takes pride in the work we do in providing decent, safe and affordable housing options to our service area. WHRA plans to continue to maintain quality facilities in our Public Housing and Section 8 New Construction buildings. This will be accomplished by using the Capital Fund Program for Public Housing.

WHRA is in the initial stages of developing a Homeownership program using Section 8 funding. We plan to continue to develop options in housing for the residents of Wadena County.

Because of the nature of the community, crime prevention and drug elimination programs are not issues in any of our properties. Our residents enjoy a secure facility that is well maintained. Tenants can express their concerns to the Board of Commissioners via the Tenant Representatives that regularly attend monthly board meetings.

1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

The Wadena Housing and Redevelopment Authority (WHRA) is committed to improving the quality of the existing housing in the Wadena Minnesota area, as well as to providing a variety of housing options that make decent, safe and affordable housing available to area residents. The WHRA is taking proactive in seeking new and innovative ways to accomplish this goal.

The WHRA is in the process of allocating a portion of its Section 8 Vouchers towards homeownership. A portion of vouchers, which are currently used for rental assistance, will be used to facilitate homeownership among Section 8 participants. This program is in the process of being implemented.

The WHRA has helped to facilitate private sector development of additional housing units in the form of subsidies. Currently, the WHRA has four commitments to private developers, two existing, one for assistance in constructing a senior four-plex, and the other involves construction of four units of rental housing for families. The WHRA provides assistance so developers will proceed with their projects knowing that for the first several years of operation, the units will not be subject to a negative cash flow.

The City of Wadena was awarded a Small Cities Grant from the Minnesota Department of Trade and Economic Development. Approximately two-thirds of this grant is to be used for owner-occupied and rental property rehabilitation, with regard to health and safety issues. This project will involve a target area surrounding the downtown business district. The WHRA has committed an additional \$100,000 to this project, and will be

handling the administration of this work. The project goal is to rehabilitate 25 owner-occupied units and 30 rental units.

The WHRA is in the process of becoming a “non-traditional” lender for community-wide rehabilitation activities, plus, we anticipate policy approval to become a lender for Section 8 Homeownership Initiatives.

A partnership has been formed with the Otter Tail Wadena Community Action Council. This partnership involves building of “Stress Panel” homes. These highly energy efficient homes are built using Minnesota Department of Corrections Work Crews, local Technical College students and licensed contractors (where needed). After completion, the home is sold as affordable housing to qualifying individuals. Two homes were completed in 2000; construction began on two more homes in March 2001, with two more homes slated for September 2001.

PROGRESS REPORT

As set forth in our Five-Year Plan, Wadena Housing and Redevelopment Authority (WHRA) has defined six major goals and objectives that are consistent with our mission statement. These goals and objectives serve to guide the efforts of management and staff.

In particular, here are our five-year goals and objectives and the status of each goal:

The first goal is to: **Lead a housing assessment and development process that involves a close partnership with other public organizations and the private sector.**

With regard to this goal, WHRA has found it necessary to reassess a couple of the associated objectives. Whereas WHRA does continually work with all the local real estate agencies and many of the local developers and contractors, forming an advisory board (Objective A4), and the establishment of partnerships with private builders and other private organizations (Objective A2), have become impractical in light of the culture of the community, and human and financial resources. We will continue to build alliances among the key players in the development process, but in a more informal manner.

The second goal is to: **Provide a leadership role in organizing the players so as to provide resolution to the rental housing issues in Wadena.**

The WHRA keeps the lines of communication open with the various players and offers assistance whenever possible. Discussions regarding many of these issues are ongoing, and several new units of rental housing should be available sometime in 2001 that WHRA has aided in varying ways. The development of a senior housing with ownership transition program (Objective B4) has been deleted, however, the general goal remains a key priority.

The third goal is to: **Promote the housing rehabilitation efforts in the Wadena region.**

This is an area of WHRA focus at this time. Wadena was awarded a Small Cities Development Grant of which the WHRA will administer a significant part. The WHRA has also taken steps toward becoming a non-traditional lender, and has enlisted the local banks in an effort to ensure that financial resources are available to individuals interested in rehabilitation of owner-occupied and residential rental units. As stated in our original objectives, the development of a home handyman program (Objective C4) is better met by the private sector, therefore, this has been revised to maintaining a list of resources. Additionally, due to political constraints, limited staff and financial resources, the development of a housing standard enforcement program (Objective C3) has been deleted as an objective.

The fourth goal is to: **Develop marketing programs to inform all residents of the housing initiatives accessible to all.**

WHRA feels that Marketing is essential in making any of the proposed programs or projects successful. Brochures and other marketing materials are in process of being generated. Given the limited resources available at this time, WHRA has decided to put on hold Objective D2, which involves attending at least three events each year to promote the housing initiatives in Wadena.

The fifth goal is to: **Manage the WHRA's existing public housing program in an efficient and effective manner thereby qualifying as at least a standard performer.**

The WHRA has maintained a "high performer" status through the last completed PHAS score, and will continue to strive to attain this status.

The sixth goal is to: **Expand the range and quality of housing choices available to participants in the WHRA's tenant-based assistance program.**

The development of a Section 8 Homeownership Program is currently underway and will be implemented as soon as possible. The Section 8 Voucher program is currently providing assistance to many local households, and more applications are coming in every week. The WHRA will work to sustain at least the 75% utilization as stated in our objectives. Also, WHRA will continue to promote the program and work toward attracting new landlords to participate in the program.

In summary, we believe we are making excellent progress towards our goals given the resources we have available to us.
