PROGRESS STATEMENT ON PHA MISSION AND GOALS

The first quantifiable goal was the PHA desired to increase the average income of the residency by 2% a year. Over the past 12 months the average income increased by 1.85%. This goal has been modified to reflect a 1% annual increase in lieu of 2%.

The second quantifiable goal was to increase working residents by two (2) a year, over the past 12 months the actual increase was five (5) new workers. This goal was left in place.

The third quantifiable goal was to monitor occupancy of handicapped units to assure the need for handicapped units was satisfied. Currently the 33 handicapped units are occupied with 22 handicapped units therefore the goal remains unchanged.

The remaining goals and missions of the PHA are being actually pursued.
