Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

With the assistance of the Board of Commissioners, our residents and the administrative staff of the Housing Authority, we have successfully completed our second Annual Plan. This Plan addresses all of the statutory components as required by HUD. The Housing Authority continues to work toward fully utilizing all funding available to the Authority so as to maximize the impact to the people we serve. This Plan was assembled using the most current information available at the time.

As the current plan year comes to a close, we are able to look back to determine if there are any issues that could be improved or changed. In our first plan, our housing needs analysis used data from the entire Region V area. This year, we were able to find information that is Cass County specific. Not surprising, the end conclusion drawn from this information, however, has not changed. There still remains a need for public housing and Section 8 Rental Assistance in Cass County. Analysis of our waiting lists indicates that the extremely low income category has the largest housing need. We feel that the Section 8 income targeting requirement is working to address the needs of this group.

Lastly, we will continue to monitor resources available to the Housing authority over the coming year to determine if we are meeting the needs of our clientele and where appropriate and feasible, we will apply for additional grants and loans from Federal, State, Local and private sources to help add to the affordable housing available in our County. The Mission of the Housing Authority of Cass County will be to continue to provide affordable housing to low-income residents through the provision of financial assistance programs, supportive services, and effective management.

COMMUNITY SERVICE REQUIREMENT

The Housing Authority of Cass County has adopted the Community Service Requirement (CSR). We have amended our Admissions and Occupancy Policy (AOP) to allow for this new requirement. In addition, it was necessary to produce a Lease Addendum to bring the least into agreement with our AOP. Because of the size of our Authority, it is possible for us to identify those who will be affected by the CSR. Once we have identified the affected residents, we will provide them with a summary of the requirement and what steps will be necessary for compliance. We have developed a tracking form which will be given to a resident each month that is to be completed by the agency or individual receiving the volunteer service. The Housing Authority of Cass County will accept virtually any type of volunteer service that can be verified.

PET POLICY

The Housing Authority of Cass County has implemented a Pet Policy for all family projects. An Addendum to the Lease has been developed to allow for this requirement. Summarized, we will allow for dogs or cats provided that they meet our reasonable size requirements. The pets must be spayed or neutered and have all shots and licenses required by City Ordinance. The resident will be responsible for the pet at all times and must provide us with an alternative contact should an emergency exist and we cannot find the owner of the pet. A pet will be allowed into the apartment only after the appropriate addendum has been signed and the full deposit of \$850 as been received. The deposit will be held in an interest bearing account and will be disbursed in accordance with North Dakota State Law.

ADMISSIONS POLICY FOR DECONCENTRATION

The Housing Authority of Cass County will affirmatively market housing to all eligible income groups. Lower income tenants will not be steered toward lower income developments and higher income people will not be steered toward higher income developments. Eligible families will be offered all available appropriate size unit (s) to assure family choice to the best level possible. Upon each update of the Census Tract income data, the Housing Authority of Cass County will compare the income levels of families residing in each of our developments and the income levels of the census tracts in which our developments are located and the income levels of families on the Public Housing waiting list. Based on this comparison, the Housing Authority will develop and implement a strategy to abate any identified concentration in an

expedited manner at the time the concentration is identified.
