## ***Deconcentration of Poverty and Income Mixing In Public Housing***

### ***A Statement of Analysis of Housing Stock and Current Resident Population***

The Millville Housing Authority currently manages 509 Public Housing units under seven (7) individual Annual Contribution Contracts. One of these ACCs (NJ061001) is a “split” development consisting of 50 elderly/disabled units and 49 family units on two (2) separate properties. The Millville Housing Authority also manages a thirty (30) unit Scattered Site program (NJ061009).

### ***An analysis of the current units under management establishes the following:***

*NJ061001-	50	Elderly/Disabled units	49	Family Units
		*(located on two separate properties)		
NJ061002	100	Elderly/Near Elderly units		
NJ061004	110	Elderly/Near Elderly units		
NJ061007	50	Elderly/ Disabled units		
NJ061008	90	Elderly/Near Elderly units		
NJ061009	30	Scattered Site Family units		
NJ061010	30	Disabled units		

Based on interpretation of 24 CFR Part 903, Rule to Deconcentrate Poverty and Promote Integration in Public Housing, Final Rule published December 22, 2000, the Millville Housing Authority is exempt from this regulation based on the fact that it operates a majority of Elderly/ Near Elderly and Disabled units (430 total). Family units total seventy nine (79) on two separate “properties” on of which is a Scattered Site development with the population being spread throughout the “target areas” within the City of Millville. This falls below the “100 unit per development” guidelines established by the Department of Housing and Urban Development.

However, since this Authority strives to implement all regulations established by HUD, an analysis of our Family population reveals the following mix of median income:

<b>Scattered Site Housing</b>	<b>Family Housing at Holly Berry Court</b>
<b>(NJ061009)</b>	<b>(NJ061001)</b>
Median Income	Median Income
At or Below 30% - 9	At or Below 30% - 32
Between 30% & 85% -15	Between 30% & 85% - 11
Between 85% & 110% - 6	Between 85% & 110% - 7

***Based on the above analysis, there is no concentration of poverty in either of our “Family” developments.***

Finally, although we are not currently required by regulation to do so, the Millville Housing Authority will continue to provide housing for a “mix” of income in its family developments by establishing and maintaining waiting list preferences which promote a variety of income levels.

On March 3, 1999, the Millville Housing Authority conducted a planning meeting with the Resident Advisory Committee to solicit input to the five-year planning process.

Members of the resident council attended the meeting and were briefed on the draft MHA mission statement and goals developed in previous planning sessions.

The resident provided some input, nonetheless, many of the comments related to agency updates on current issues. The meeting notes are attached to this report. Briefly, the key comments relative to the five-year plan are summarized as follows:

- The majority of residents agreed that bringing assisted living to the MHA would help avoid premature placement of the elderly into nursing homes. They supported the approach.
- There was an extensive discussion on the delivery mechanism for providing assisted living. Residents discussed potential sites, services, and revisiting the elderly-only designation.
- The resident agreed that there was too much “low income” housing in Millville. They supported the approach of providing mixed-income housing.
- There were discussions on security and maintenance in the residential communities.
- The residents participated in a discussion on finding additional income for MHA. Ideas included: fines for improper trash disposal; fees for additional cars; stores at each site; and vending machines with shampoo, etc.

The meeting ended with residents expressing satisfaction with the performance of the MHA.
