- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with specific initiatives contained in the Consolidated Plan. (list such initiatives below)

- The Herkimer Housing Authority will continue to maintain and renovate its public housing units.

- The Herkimer Housing Authority will continue to market its public housing and Section 8 program to make families and individuals aware of the availability of decent, safe, sanitary and affordable housing in the Herkimer.

Other: (list below)

- The Herkimer Housing Authority Admission and Continued Occupancy Policy (ACOP) requirements are established and designed to:

(1) Provide improved living conditions for very low and low-income families while maintaining their rent payments at an affordable level.

- (2) To operate a socially and financially sound public housing agency that is violence and drug-free, decent, safe and sanitary housing with a suitable living environment for residents and their families.
 - (3) To avoid concentrations of economically and socially deprived families in any of our public housing developments.
 - (4) Deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to our employees.
 - (5) To attempt to house a tenant body in each development that is composed of families with a broad range of incomes and rent-paying abilities that is representative of the range of incomes of low income families in our jurisdiction.
 - (6) To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal fair housing laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.
- We have similar principles for our Section 8 program:
 - (1) To provide decent, safe and sanitary housing for very low income families while maintaining their rent payments at an affordable level.
 - (2) To ensure that all units meet Housing Quality Standards and families pay fair and reasonable rents.
 - (3) To promote fair housing and the opportunity for very low-income families of all ethnic backgrounds to experience freedom of housing choice.
 - (4) To promote a housing program which maintains quality service and integrity while providing an incentive to private property owners to rent to very low-income families.
 - (5) To assist the local economy by maintaining a high occupancy rate and the amount of money flowing into the community.
 - (6) To create positive public awareness and expand the level of family, owner, and community support in accomplishing the Herkimer Housing Authority's mission.
 - (7) To attain and maintain a high level of standards and professionalism in our day to day management of all program components.

- (8) To administer an efficient, high-performing agency through continuous improvement of the Housing Authority support systems and commitment to our employees and their development.

Our agency is part of the entire effort undertaken by the Village of Herkimer, Herkimer County and the State of New York to address our jurisdiction's affordable housing needs. While we cannot ourselves meet the entire need identified in the Consolidated Plan, in accordance with our goals and objectives included in this Plan, we will try to address some of the identified need by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to enhance the affordable housing available in our community. We intend to continue working with our local partners to try and meet these identified needs.

This year we expect to utilize the funds we receive for our existing programs. We will continue to use those resources to house people. At this time we also intend to apply for Public Housing Drug Elimination Program funds. We do not intend to apply for additional units because we believe we have sufficient housing resources for the applicants on our waiting lists for the public housing and Section 8 programs. Instead we will be focusing on management improvements, modernization and increasing the number of owners willing to participate in our Section 8 program. Priorities and guidelines for programs often change from year to year and our decisions to pursue certain opportunities and resources may change over the coming year if there are program changes beyond our control.

3. PHA Requests for support from the Consolidated Plan Agency

- Yes No: Does the PHA request financial or other support from the State or local government agency in order to meet the needs of its public housing residents or inventory? If yes, please list the 5 most important requests below:

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The New York State Consolidated Plan establishes three strategic objectives that are of equal importance and form the basis of New York State's strategy:

- 1. Preserve and increase the supply of decent, safe and affordable housing available to all low and moderate income households, and help identify and develop available resources to assist in the development of housing.**

The need analysis describes a shortage of affordable housing units in New

York State. By increasing the number of decent and affordable housing units, New York State will be addressing each of the housing problems: overcrowding, substandard units, and cost burden. The State plan includes the increase of the supply of decent and affordable housing by assisting in the financing of new construction, substantial rehabilitation, and conversion of previously nonresidential properties. While not specifically targeting funds in the Consolidated Plan for such programs, New York State believes it has a vested interest in the federal government's commitment to continue to provide resources for the operations, maintenance and preservation of Section 8 and public housing. The Consolidate Plan states: "The preservation of this irreplaceable low-income housing asset should remain a federal priority. Specifically, the federal government should maintain its commitment to rental assistance, preservation of housing eligible for mortgage prepayment and funding for operations, repairs, maintenance and modernization of public housing."

2. Improve the ability of low and moderate income New Yorkers to access rental and home ownership opportunities.

Cost burden is identified as the most widespread of all the various housing problems by New Yorkers. Cost burden disproportionately affects New Yorkers with low and moderate incomes. Renters make up the substantial majority of households with cost burden.

The Consolidate Plan includes the provision of rental assistance where possible and also to providing home-ownership opportunities to low-income and minority households. State housing agencies are encouraged to apply for Section 8 program funding.

The Consolidated Plan notes that there are insufficient Federal and State capital subsidies to increase the supply of affordable housing to address the problems of all those with cost burdens.

Additional strategies include making mortgages available with below market interest rates to first-time home- buyers and providing rehabilitation assistance to low-income homeowners.

3. Address the shelter, housing, and service needs of the homeless poor and others with special needs.

The Consolidated Plan reflects that the demand for housing and supportive assistance for the homeless far exceeds the supply; particularly, the frail elderly, disabled, and other segments of the Population requiring supportive living arrangements or services.

Among the programs to be utilized, are the various Section 8 programs.

The Consolidated Plan addresses Public Housing Resident Initiatives. The Plan states that “the State of New York does not directly own or administer Federal public housing. Therefore the requirements of this section of the Consolidated Plan do not apply to the State of New York.”

“The State does have a State public housing program as noted in the Needs Assessment. Tenant participation in the management of housing authorities is not only encouraged in this State, but mandated in New York’s Public Housing Law, which provides that authorities having a population under one million be composed of up to seven members, including two tenants elected by public housing residents. The underlying philosophy has been to ensure that tenants’ needs and concerns are effectively communicated to the governing body of the authority and, when necessary, to DHCR, as the supervising State agency.”

The use of the term “low and moderate income households” includes all households at or below 80 percent of median income. Extremely low-income households are included in this category which has been identified in the needs analysis as having the highest magnitude of housing problems.

The New York State Objectives respond to the purposes of the National Affordable Housing Act that are:

1. to help families not owning a home to save for a down payment for the purchase of a home;
2. to retain wherever feasible as housing affordable to low-income families those dwelling units produced for such purposes with Federal assistance;
3. to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of housing affordable to low-income and moderate-income families;
4. to expand and improve Federal rental assistance for very low-income families; and
5. to increase the supply of supportive housing, which combines structural features and services needed to enable persons with special needs to live with dignity and independence.

In summary, the New York State Consolidated Plan strategies are consistent with and support the goals and objectives of the Herkimer Housing Authority.

C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Our first goal is to reduce/eliminate drug-related activity at our developments by the strategy of continuing to fund additional police patrols during times of increased criminal activity. This will be accomplished by working closely with the local police department. Our second goal is to provide youth and family counseling for at-risk residents as a drug prevention technique. Our strategy is to contract for these professional services by utilizing a counseling team provided by Catholic Charities of Herkimer County. Other plan partners include the Homeless Prevention Program of the local Community Action Agency and the Department of Social Services. A private consultant will be retained to evaluate each program at the end of each grant period.
