ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Rome Housing Authority has proposed its Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. In addition we have reviewed completely all Authority policies and have revised and/or implemented new policies as needed. The policies, plans, statements and budget summaries that are set forth in the Annual Plan should lead to the accomplishment of our goals and objectives. Here are just a few highlights of our Annual Plan:

- 1. We have adopted a screening and ranking process in assisted housing programs to ensure compliance with meeting targeted admission goals of 75% (Section 8) and 40% (public housing) of extremely low income families not exceeding 30% of median family income.*
- 2. We have implemented changes to our public housing leases and have notified residents of the community service requirements effective with our fiscal year beginning 4/1/2001.*
- 3. To expand the applicability of the Section 8 housing choice program to households with working members we have changed the Administrative Plan deleting our local preference for families meeting a rent to income burden of 40%.*
- 4. In order to sustain a Section 8 Program utilization ratio of 90%, particularly in view of the expected receipt of an additional 26 vouchers, it may be necessary to request a waiver reducing the distribution of vouchers from 75% to 50% to families <= 30% AMI.*
- 5. We are committing our capital funds over the next 5 years to improving the marketability of our public housing units by converting 32 efficiency to 16 one*

bedroom apartments. An architect has been retained and the planning and design stages are well under way. We expect to implement the first apartment conversions in the coming year.

6. *We are committed to maintaining the highest standards of professional managerial conduct by achieving high performance status in both the PHAS and SEMAP evaluations over the 5-year period. We have implemented physical changes to improve this PHAS indicator.*
7. *We will continue to maintain an extremely strong financial condition that will permit us to continue to offer residents a consistently high level of uninterrupted services regardless of uncertain operating and capital subsidies.*

In summary, the Rome Housing Authority is poised to maintain and continue to improve upon its mission to provide safe, decent and affordable housing to eligible people in a professional, efficient and ethical manner.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Currently the availability of public or project-based assisted housing in the City of Rome, relative to the demand, is greater than at any time in memory. The average waiting list time is 0 to 3 months. Many projects, including ours, have resorted to continuous advertising as outreach to potential applicants. We will continue aggressive marketing efforts in Rome and surrounding rural areas that have no assisted housing programs. In the Section 8 waiting list, the average waiting list duration for targeted priority applicants (<=30% AMI) is presently less than 12 months. This is a relatively low duration since the program's inception.

The Resident Advisory Board of the Authority met on three occasions to consider the first draft of the 5-Year Comprehensive Agency Plan. During these meetings, the following comments were received, considered and responses were made.

1. ***Comment:*** *The plan appears to be fair, well presented, and informative.*
Response: *We have tried to make the plan such.*
2. ***Comment:*** *As the Authority has established maximum or ceiling rents which benefit higher income residents, would you consider reducing the rent/income formula from 30% to 25%?*
Response: *The Authority can reduce the formula from 30% to 25%; however, in doing so we would increase our annual deficit which would not be met through the operating subsidy. We believe the current 30% formula is fair and reasonable.*
3. ***Comment:*** *How long can a resident continue on the minimum rent status of \$0?*
Response: *Indefinitely, as long as their income yields this figure.*
4. ***Comment:*** *Would you consider changing your maintenance policy to include carpet shampooing in resident apartments on some periodic basis?*
Response: *Yes, we think the suggestion is a good one. We will amend our policy to include periodic shampooing on some basis.*

5. ***Comment:*** *Would the Authority consider adding a staff position that would be responsible for the coordination of social services and advocacy issues available to the residents?*

Response: *We believe the extension and availability of social services to residents are important functions of the Authority in improving the quality of life. The publication and coordination of such services rests with the existing position of Tenant Relations Assistant. We will monitor the delivery of such services to determine if adequate staffing exists. If we conclude more should be done, additional staffing will be considered.*

6. ***Comment:*** *The rear entrance at Colonial II is not handicapped accessible for wheelchair-bound residents. Would the Authority consider capital improvements to meet this objective?*

Response: *Yes, we intend to make this entrance easily accessible for handicapped residents. We are in the planning stage for the necessary modifications to be accomplished during this fiscal year.*

3. In what manner did the PHA address those comments? (select all that apply)

Implementation of Public Housing Residency Community Service Requirements

The Rome Housing Authority's public housing consists of 297 units which are almost exclusively occupied by single person households who is either elderly, disabled or handicapped. As such the units are occupied by an exempt individual who is 62 years or older and/or disabled who certifies that because of this disability she or he is unable to comply with the community service activity requirement. However, it is possible that from time to time a few near elderly or non-disabled family members may be in residence who will have to comply with the community service requirement. We have taken the following administrative steps to comply with the community service requirements effective with our fiscal year beginning April 1, 2001.

1. The RHA has adopted a local policy as contained in Section 14.0 of its ACOP and all existing and new residents are given an excerpt of this policy.
2. All leases have been modified requiring community service from non-exempt individuals.
3. Review of the policy is performed at move-in and re-certification and certification of exempt status is obtained.
4. The RHA will directly administer the community service and will offer qualifying activities at its sites or will offer alternative activities at partnering agencies.

Statement of Progress in Meeting 5-Year Plan Mission and Goals

The Rome Housing Authority's described mission is to provide safe, decent and affordable housing to eligible people in a professional, efficient and ethical manner. We believe that we are successfully carrying out this mission. In our 5-Year Plan (2000-2004), we listed several goals, many of which were accomplished in our first year.

We expanded the supply of assisted housing by receiving 26 additional housing choice vouchers representing 50% of our 5-year goal of 50. Our plan to modernize our public housing units at Colonial I is progressing. We have retained an architect, and are well into the planning and design stages to convert 32 efficiency units to 16 one-bedroom apartments.

We have increased assisted housing choices by increasing voucher housing payment standards to 110% of applicable fair market rents. In the current year we have attracted 31 new first-time landlords to the Section 8 Program representing 62% of our 5-year goal of 50.

We have improved the living environment by new state of the art security camera systems at Colonial I and II and have substantially enhanced exterior lighting at Valentine Apartments. New entry locksets were installed at Valentine Apartments.

Fiscal stability was enhanced by significantly increasing operating reserves in both public housing and voucher programs for fiscal year ended 3/31/00.

Rome Housing Authority
Attn: Mr. Peter Patala
205 St. Peter's Avenue
Rome, New York 13440

Dear Mr. Patala:

In conjunction with the City of Rome Department of Planning & Community Development staff, I have reviewed the Rome Housing Authority goals, as set forth in the Authority's 2001 Annual Plan, as well as its 2000 – 2004 Five Year Plans. Clearly, the goals are consistent with the mission of the Rome Housing Authority to provide decent housing to the low- and moderate-income families within the City of Rome. Furthermore, these goals are consistent with the City of Rome's own goals and objectives, as stated in our 2000 Consolidated Plan.

Ongoing efforts by the Rome Housing Authority to stabilize rent rates by establishing flat and ceiling rents for its housing projects and re-certifying income annually, thereby encouraging residents to seek better wages, are just two examples of how your agency has continued to further the City's goal of providing available and affordable housing. Such efforts are important to individuals, families and the community as a whole.

The City of Rome is fortunate to have an organization, such as the Rome Housing Authority, operating for the good of the community within the City. The City again applauds your efforts and pledges to work together to accomplish our common goals.

Sincerely,

Joseph A. Griffo
Mayor
