ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Ogdensburg Housing Authority has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents, participants in the tenant-based assistance program and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy and Section 8 Administrative Plan are the two primary policies on display. These important documents cover the public housing tenant selection and assignment plan, outreach services, PHA's responsibility to Section 8 owners/landlords, grievance procedures, etc.

The most important challenges to be met by the Ogdensburg Housing Authority during FY 2001 include:

- *Preserve and improve the public housing stock through the Capital Funds activities.*
- *Involve the public housing residents and the Section 8 participants through the Annual Plan Resident Advisory Board.*
- *Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community; and*

In closing, this Annual PHA Plan exemplifies the commitment of the Ogdensburg Housing Authority to meet the housing needs of the full range of low-income residents. The Ogdensburg Housing Authority, in partnership with agencies from all levels of government, the business community, non-profit community groups, and residents will use this plan as a road map to reach the “higher quality of life” destination for the City of Ogdensburg and the North County Home Consortium Area.

**DECONCENTRATION AND INCOME TARGETING POLICY
FOR THE
HOUSING AUTHORITY OF THE
CITY OF OGDENSBURG, NEW YORK**

DECONCENTRATION AND INCOME TARGETING POLICY
(of the Public Housing Admissions and Occupancy Policy)

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHAs are to implement a program which provides that families with lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Ogdensburg Housing Authority (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require the PHA to: (1) determine and compare the relative tenant incomes of each development and the incomes of families in the census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments (or into developments in low-income census tracts) and low-income families into high-income developments (or into developments in high-income census tracts).

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions and given opportunities to discuss the options available to them. The families will also be informed that should they choose not to accept the first unit offered under this system, their refusal will not be cause to drop their name to the bottom of the list.

© 1999 The Nelrod Company, Ft. Worth, TX

Implementation may include one or more of the following options:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared toward targeting income groups for specific developments;
- Additional supportive services;
- Additional amenities for all units;
- Ceiling rents;
- Flat rents for developments and unit sizes;
- Different tenant rent percentages per development;
- Different tenant rent percentages per bedroom size;
- Saturday and evening office hours;
- Security Deposit waivers;
- Revised transfer policies;
- Site-based waiting lists;
- Mass Media advertising/Public service announcements; and
- Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. At a minimum, 40% of all new admissions to public housing **on an annual basis** will be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

The PHA may employ a system of income ranges in order to maintain a public housing resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and will take into account the average rent that should be received to maintain financial solvency. The selection procedures are designed so that selection of new public housing residents will bring the actual distribution of rents closer to the projected distribution of rents.

In order to implement the income targeting program, the following policy is adopted:

- ▶ The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower/very low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- ▶ After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- ▶ To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic deconcentration.
- ▶ For the initial year of implementation, a pro-rated percentage of the new admissions will be calculated from April 1, 1999 through the end of the fiscal year. Following the initial implementation period, the forty percent (40%) requirement will be calculated based on new admissions for the fiscal year.
- ▶ The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions.

COMMUNICATION

6a. Maintenance and Repair Information: The Ogdensburg Housing Authority will make an increased effort to notify residents about any inconvenience that they may experience due to maintenance activities via posters, newsletters etc.

6c. Meetings and events information: Monthly newsletters that have a calendar of events detailing activities concerning the residents are provided to all residents. Posters are also used for any special events or meetings.

7a. Management Responsive to Questions and Concerns: The OHA has had two elected tenants on the Board of Commissioners for over 15 years to address the tenant concerns. The OHA has also tried, for several years, to get tenant associations established in the four developments. In the past year we have been successful in establishing tenant organizations in the three-elderly/disabled buildings, but the leadership of these organizations suggest that many tenants are just not interested in participating.

7c. Management Supportive of Resident/Tenant Organizations: The OHA has tried for several years to get tenant associations established in the four developments. In the past year, OHA has been successful in establishing tenant organizations in the three-elderly/disabled buildings, but the leadership of these organizations suggests that many tenants are just not interested in participating. The OHA provides posters, meeting space and funding for tenant organization endeavors.

8. Involvement in Resident/Tenant Organization: In the past year, OHA has been successful in establishing tenant organizations in the three-elderly/disabled buildings, but the leadership of these organizations suggests that many tenants are just not interested in participating.

SAFETY

9c. Parking Lot Safety: The crime rate is very low in our area. However, OHA has included new parking lot lighting in our Capital Fund Program.

10d. Unresponsive Police contributing to Crime: The crime rate is very low in our area. The Police respond to complaints in all of our developments. Nuisance calls are given the appropriate response based on the situation.

11. Management Action on Lease Violations: Any substantiated lease violation is dealt with according to our Occupancy Policy. The OHA does not discuss the actions taken with anyone that is not a party to the violation, so some tenants may believe that we have done nothing.

12. Crime Prevention Programs: The crime rate is very low in our area. The local Police Department will provide information regarding the Neighborhood Watch Program, which has been advertised in the local newspaper. Also, the OHA has provided information in the newsletter regarding this program, with no response from the residents.
