3. PHA Requests for support from the Consolidated Plan Agency

Yes No: Does the PHA request financial or other support from the State or local government agency in order to meet the needs of its public housing residents or inventory? If yes, please list the 5 most important requests below:

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The New York State Consolidated Plan establishes three strategic objectives that are of equal importance and form the basis of New York State’s strategy:

1. Preserve and increase the supply of decent, safe and affordable housing available to all low and moderate income households, and help identify and develop available resources to assist in the development of housing.

The need analysis describes a shortage of affordable housing units in New York State. By increasing the number of decent and affordable housing units, New York State will be addressing each of the housing problems: overcrowding, substandard units, and cost burden. The State plan includes the increase of the supply of decent and affordable housing by assisting in the financing of new construction, substantial rehabilitation, and conversion of previously nonresidential properties. While not specifically targeting funds in the Consolidated Plan for such programs, New York State believes it has a vested interest in the federal government’s commitment to continue to provide resources for the operations, maintenance and preservation of Section 8 and public housing. The Consolidate Plan states: “The preservation of this irreplaceable low-income housing asset should remain a federal priority. Specifically, the federal government should maintain its commitment to rental assistance, preservation of housing eligible for mortgage prepayment and funding for operations, repairs, maintenance and modernization of public housing.”

2. Improve the ability of low and moderate income New Yorkers to access rental and home-ownership opportunities.

Cost burden is identified as the most widespread of all the various housing problems by New Yorkers. Cost burden disproportionately affects New Yorkers with low and moderate incomes. Renters make up the substantial majority of

households with cost burden.

The Consolidate Plan includes the provision of rental assistance where possible and also to providing home-ownership opportunities to low-income and minority households. State housing agencies are encouraged to apply for Section 8 program funding.

The Consolidated Plan notes that there are insufficient Federal and State capital subsidies to increase the supply of affordable housing to address the problems of all those with cost burdens.

Additional strategies include making mortgages available with below market interest rates to first-time home- buyers and providing rehabilitation assistance to low-income homeowners.

3. Address the shelter, housing, and service needs of the homeless poor and others with special needs.

The Consolidated Plan reflects that the demand for housing and supportive assistance for the homeless far exceeds the supply; particularly, the frail elderly, disabled, and other segments of the Population requiring supportive living arrangements or services.

Among the programs to be utilized, are the various Section 8 programs.

The Consolidated Plan addresses Public Housing Resident Initiatives. The Plan states that “the State of New York does not directly own or administer Federal public housing. Therefore the requirements of this section of the Consolidated Plan do not apply to the State of New York.”

“The State does have a State public housing program as noted in the Needs Assessment. Tenant participation in the management of housing authorities is not only encouraged in this State, but mandated in New York’s Public Housing Law, which provides that authorities having a population under one million be composed of up to seven members, including two tenants elected by public housing residents. The underlying philosophy has been to ensure that tenants’ needs and concerns are effectively communicated to the governing body of the authority and, when necessary, to DHCR, as the supervising State agency.”

The use of the term “low and moderate income households” includes all households at or below 80 percent of median income. Extremely low-income households are included in this category which has been identified in the needs analysis as having the highest magnitude of housing problems.

The New York State Objectives respond to the purposes of the National Affordable Housing Act that are:

1. to help families not owning a home to save for a down payment for the purchase of a home;
2. to retain wherever feasible as housing affordable to low-income families those dwelling units produced for such purposes with Federal assistance;
3. to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of housing affordable to low-income and moderate-income families;
4. to expand and improve Federal rental assistance for very low-income families; and
5. to increase the supply of supportive housing, which combines structural features and services needed to enable persons with special needs to live with dignity and independence.

In summary, the New York State Consolidated Plan strategies are consistent with and support the goals and objectives of the City of Hudson Housing Authority.

C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The City of Hudson Housing Authority is confident that the sense of Security that has been prevalent here over the past few years can be maintained through the continued coverage of our Security force. The funds of this grant will offset the drain on our operating budget to keep the coverage consistent. The continual upgrade of our CCTV system is due to the continual technology improvements in CCTV systems. Our system has aided the local Police Dept. in many investigations and arrests. It is also our intention along with our Community partners, (Catskill Housing Authority and Columbia Greene Community College) to offer workforce training programs with the anticipated result being gainful employment as opposed to lives of street crime.

Monitoring will be done
